Love Makes Life:

Love Makes, Life Live M. Z. Munir, 2017-09-11 Life consists of two days one for you and one against you So when it s for you don t be proud or reckless and when it s against you be patient for both days are tests for you because the world cannot defeat you until you accept the defeat Life will hurt you repeatedly as many times as you can suffer However the thing that suffers is not your body it s your soul So don t prepare your body for challenges prepare your soul because your body can only give you strength but you soul gives you courage to face all worries and problems As I believe that all in my life is but a constant prompting to move Every day I recall this line in my mind because it helps me live life more easily *Love*

Mandy Len Catron, 2017-06-27 A beautifully written and well researched cultural criticism as well as an honest memoir Los Angeles Review of Books from the author of the popular New York Times essay To Fall in Love with Anyone Do This explores the romantic myths we create and explains how they limit our ability to achieve and sustain intimacy What really makes love last Does love ever work the way we say it does in movies and books and Facebook posts Or does obsessing over those love stories hurt our real life relationships When her parents divorced after a twenty eight year marriage and her own ten year relationship ended those were the questions that Mandy Len Catron wanted to answer In a series of candid vulnerable and wise essays that takes a closer look at what it means to love someone be loved and how we present our love to the world Catron melds science and emotion beautifully into a thoughtful and thought provoking meditation Bookpage She delves back to 1944 when her grandparents met in a coal mining town in Appalachia to her own dating life as a professor in Vancouver She uses biologists research into dopamine triggers to ask whether the need to love is an innate human drive She uses literary theory to show why we prefer certain kinds of love stories She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from And she tells the story of how she decided to test an experiment that she d read about where the goal was to create intimacy between strangers using a list of thirty six questions and ended up in the surreal situation of having millions of people following her brand new relationship Perfect fodder for the romantic and the cynic in all of us Booklist How to Fall in Love with Anyone flips the script on love Clear eyed and full of heart it is mandatory reading for anyone coping with or curious about the challenges of contemporary courtship The Toronto Star
