James Tooley argues that the implication of many women's testimony is that feminism so far has failed to deliver the promised benefits and has even in some ways proved harmful. Bringing together many women's voices from Bridget Jones to Simone de Beauvoir, he provides a radical rethinking for feminism and sexual politics in the 21st century. **A Hundred Thousand Worlds** Bob Proehl, 2016-06-28 A Cavalier Clay for the Comic Con Age, this is a bighearted, inventive, exuberant debut. Eleanor Henderson, author of *Ten Thousand Saints*, Proehl creates worlds within worlds within worlds, all of them full of surprise and wonder. Charles Yu, author of *How to Live Safely in a Science Fictional Universe*, Valerie Torrey took her son Alex and fled Los Angeles six years ago, leaving both her role on a cult sci-fi TV show and her costar husband after a tragedy blew their small family apart. Now Val must reunite nine-year-old Alex with his estranged father so they set out on a road trip from New York. Val makes appearances at comic book conventions along the way. As they travel west, encountering superheroes, monsters, time travelers, and robots, Val and Alex are drawn into the orbit of the comic con regulars, from a hapless twentysomething illustrator to a brilliant corporate comics writer struggling with her industry's old-school ways to a group of cosplay women who provide a chorus of knowing commentary. For Alex, this world is a magical place where fiction becomes reality, but as they get closer to their destination, he begins to realize that the story his mother is telling him about their journey might have a very different ending than he imagined. A knowing and affectionate portrait of the geeky pleasures of fandom, *A Hundred Thousand Worlds* is also a tribute to the fierce and complicated love between a mother and son and to the way the stories we create come to shape us. **A Cowboy's Pursuit** Anne McAllister, 2024-10-22 Jace Tucker Always Gets What He Wants Well, not this time. Celie O'Meara has had enough of the boy who was once her teenage crush and then the devil may care rodeo cowboy who inspired her fiancé to jilt her. Now working alongside him every day is driving her crazy. She needs a new job, a new life, a whole new world that Jace is not a part of. She left. One day Celie was blushing at Jace's teasing, the next she's halfway around the world. So much for going slow, giving her space, letting her realize she's the one woman who matters to him and always has. Jace has waited through the years, she blamed him for her being stood up at the altar through her misbegotten infatuation with that Hollywood actor, through that ridiculous singles cruise she took to broaden her horizons. He's had enough of waiting for Celie to come to her senses. But can he convince Celie that he's the man for her?
