**Love and Other Poems** Alex Dimitrov, 2021-02-18 Alex Dimitrov s third book Love and Other Poems is full of praise for the world we live in Taking time as an overarching structure specifically the twelve months of the year Dimitrov elevates the everyday and speaks directly to the reader as if the poem were a phone call or a text message From the personal to the cosmos the moon to New York City the speaker is convinced that love is our best invention Dimitrov doesn t resist joy even in despair These poems are curious about who we are as people and shamelessly interested in hope The Sun and Her

**Compilation of My LOVE POEMS** R. O. N. S. KING, 2010-04-16 This book is a Compilation of most of my poems and saved for posterity This is Volume One with Volume Two to follow **HIS LOVE. HER FANTASY** Adrian Gabriel Dumitru, Annie P David, His love Her fantasy understanding what love is about As friends as a man but also as a woman we try to define the undefined from a love story Dreaming about love and being in love the path from the fantasy to the love story itself is just a matter of luck or maybe where you find yourself on the timeline of your own life Maybe is the perfect time for you to explore what love is about or maybe other things are important at the moment and the love story can only be a future project Exploring what love is about in our minds as a fantasy or in the real life as a real love story is depending only and only if we are ready or not But what is the difference between fantasy and reality when even the Bible is saying that everything we see is just an illusion Well i believe that the fantasy is only the begining of defining what we want and the love story is the experiment itself Is it too much to name a love story an experiment Well exploring as a fantasy or as reality is letting your soul understand what love is about And sometimes is even a life lesson The moment when you jump into the fairy tale the real fantasy and you understand the meaning of love the fact that love is about giving and not about receiving that is the moment when you also understand what life is about Accepting your partner just as he she is just as accepting all the people from our lives is the moment of awakening Me Adrian and my dear Annie are only trying to define the unseen path from fantasy to the love story itself And also let you know that this path is leading you to point when your thinking will be totally redefined Life itself is about love Seeing what love is about is understanding the meaning of life If the love chapter started for you even if it s just a fantasy of reality you should be happy The awakening will come to you Love Poems Reginald Chauncey Robbins, 1905 **Fantasy**, 1935 Fragments of Desire Steve Travis, 2015-12 A compilation of poetry lyrics and short stories by Top Entertainer of the Essex Shores Steve Travis *The Art of Love* Peter L. Allen, 2015-09-30 Two major French medieval literary works that claim to teach their readers the art of love are virtually torn apart by the contradictions and conflicts they contain In Andreas Capellanus s late twelfth century Latin *De amore* the author instructs his friend Walter in the amatory art in the first two books but then harshly repudiates his own teachings and love itself in a third and final book In Jean de Meun s encyclopedic continuation of the Romance of the Rose written in French in the 1270s a succession of allegorical figures alternately promote and excoriate the lover s amatory pursuits Jean s romance moreover virtually rewrites the dream vision of Guillaume de Lorris which it claims simply to extend and ends with the depiction of a sexual act that seems to throw the book s whole structure into confusion The more closely one reads this works Peter L Allen contents the

harder it is to understand them Didactic heavy handed and problematic they teach would be lovers how to behave in order to have others accomplish their desires yet they also contain vociferous passages that dissuade their protagonists from the practice of this art which they claim leads not only to earthly destruction but also to eternal damnation Readers from the Middle Ages to the present have been troubled by the fact that these texts are both radically self contradictory and fundamentally at odds with the accepted morality of medieval Christian Europe And for decades scholars have tried to determine how these two works are related to what is often referred to as courtly love In The Art of Love Allen persuasive argues that the De amore and the Romance of the Rose are central to the courtly tradition Allen contends that their conflicts and contradictions are not signs of confusion or artistic failure but are instead essential clues which show that the medieval works follow the disruptive structural model of Ovid s first century elegiac Ars amatoria Art of Love and Remedia amoris Cures for Love Andreas s and Jean s works no less than Ovid s teach not the art of love for practicing lovers but the literary art of love poetry and fiction Based squarely on Ovid s poems which were among the most widely read classical texts in medieval Europe the De amore and the Romance of the Rose use the classical tradition in a particularly assertive fashion and suggest a way for fantasies of love to exist even against a background of ecclesiastical prohibition **Sonnets and Love**

**Poems** Anna Dunphy comtesse de Bremond,1892 **Anatomy of a Poet** C. J. Heck,2013-04 Poetry can be daunting and hard to understand but it doesn t have to be I feel a poet has an obligation to write in a way that everyone can understand Poems should flow softly through a poet s words their meanings gently caressing the heart and mind of its reader If a poem comes from the heart it will reach other hearts and this is what I ve tried to do with the poetry in Anatomy of a Poet CJ Heck Like a rose with many petals and sharing its sweet aroma this is how I see and feel about the love of my life CJ Heck She is my electric blue eyed girl She can be both a little girl or a strong woman whenever and wherever the situation calls for it She is both sensuous and exciting and soft and affectionate Tragedy struck her life early with the death of her husband in Vietnam This experience laid open the very core of her heart and soul and opened the channel to a well of compassion and sensitivity that waited deep within Her pain was the fertilizer that helped her bloom as a writer CJ s poetry is not a surface observation but a soulful interpretation of the events and people that inspired her She writes both eloquently and simply of things that touch her heart things she wants to share She is gifted at painting a picture with words on the heart and imagination of others thereby communicating not just an image but a life experience I feel very honored to have been asked to write this introduction and share my feelings about CJ Heck She is the water for my soil the sunlight for my petals and the nurturer of my growth Sit back open your heart and enjoy the journey as revealed through her words images and emotions You are blessed by this opportunity to know her in words as I know her in life Robert S Cosmar Author This is my kind of poetry Direct beautifully expressed and without a hint of pretension Allison Cassidy CJ is predominately viewed as a writer of works for children but CJ now carries over her approach to more adult themes In doing so she presents a profound world that
