The Passion Book Gendun Chopel, 2018-04-18 A joyful and explicit guide to sex views sexual pleasure as a human right and stresses the importance of female consent and equality Ian Kerner CNN The Passion Book is the most famous work of erotica in the vast literature of Tibetan Buddhism written by the legendary scholar and poet Gendun Chopel 1903 1951 Soon after arriving in India in 1934 he discovered the Kama Sutra Realizing that this genre of the erotic was unknown in Tibet he set out to correct the situation His sources were two classical Sanskrit works and his own experiences with his lovers Completed in 1939 his treatise on passion circulated in manuscript form in Tibet scandalizing and arousing its readers Gendun Chopel here condemns the hypocrisy of both society and church portraying sexual pleasure as a force of nature and a human right for all On page after page we find the exuberance of someone discovering the joys of sex made all the more intense because Chopel had taken the monastic vow of celibacy in his youth and had only recently renounced it He describes in ecstatic and graphic detail the wonders he discovered In these poems written in beautiful Tibetan verse we hear a voice with tints of irony self deprecating wit and a love of women not merely as sources of male pleasure but as full partners in the play of passion Explicit unabashed detailed and encyclopedic A joyful book Tricycle An enchanting new translation Chopel's writing couldn't be more timely He confronted the patriarchy challenging those who dehumanized women or thought the poor deserved less Los Angeles Review of Books *Passion Pursuit* Linda Dillow, Dr. Juli Slattery, 2013-07-22 A Bible study about sex for women Now that's different This new study *Passion Pursuit* What Kind of Love Are You Making lets God's Word speak about sex as being holy and erotic blessed by God and satisfying far beyond what the world can even imagine Picture that as a headline on the cover of Cosmopolitan By using scripture throughout the Bible *Passion Pursuit* not only urges women to pursue passion but details how God has given them permission to do so Though there is fun to be had along the way in this study it hits hard on the questions women have but are hesitant to ask like What does God say is okay and not okay in the bedroom I'm 54 years old how can my husband still be attracted to me Why did God make men and women so different This audaciously bold study combines the psychological expertise of Dr Juli Slattery formerly of Focus on the Family along with moving stories from trusted Bible teacher and best selling author Linda Dillow The groups who have already done this study have seen their marriages come alive whether they've been married four months or forty years be next PLUS Check out the *Passion Pursuit* DVD for even more great teaching from Lisa Dillow and Dr Slattery It's the perfect resource for individuals or small groups **Loving Sex** Laura Berman, 2011-07-18 Sex in a loving relationship can be the deepest and most meaningful experience a couple can share And yet many couples find themselves too time starved and intimacy shy to enjoy it to the full *Loving Sex* helps couples to overcome these barriers with advice from a renowned sexual health counselor *Loving Sex* offers a friendly frank exploration of what sex means as part of a loving relationship and how you and your partner can experience it to its full potential Free from unrealistic media representations of perfect bodies and porn star

**The Dangerous Passion** David M. Buss, 2000-02-14 Why do men and women cheat on each other How do men really feel when their partners have sex with other men What worries women more men who turn to other women for love or men who simply want sexual variety in their lives Can the jealousy husbands and wives experience over real or imagined infidelities be cured Should it be In this surprising and engaging exploration of men's and women's darker passions David Buss acclaimed author of *The Evolution of Desire* reveals that both men and women are actually designed for jealousy Drawing on experiments surveys and interviews conducted in thirty seven countries on six continents as well as insights from recent discoveries in biology anthropology and psychology Buss discovers that the evolutionary origins of our sexual desires still shape our passions today According to Buss more men than women want to have sex with multiple partners Furthermore women who cheat on their husbands do so when they are most likely to conceive but have sex with their spouses when they are least likely to conceive These findings show that evolutionary tendencies to acquire better genes through different partners still lurk beneath modern sexual behavior To counteract these desires to stray and to strengthen the bonds between partners jealousy evolved as an early detection system of infidelity in the ancient and mysterious ritual of mating Buss takes us on a fascinating journey through many cultures from pre historic to the present to show the profound evolutionary effect jealousy has had on all of us Only with a healthy balance of jealousy and trust can we be certain of a mate's commitment devotion and true love
