Sayles has remained a maverick, writing, directing, editing, and even acting in his own films. This fully updated revision of the author's 1998 first edition chronicles Sayles' entire career, including the story of his inauspicious beginning as a second-string actor and his work in fiction, theatre, music videos, and television. A chapter is devoted to each of Sayles' feature films, offering background material on production, funding, a plot sketch, an analysis of important characters, and a look at the language, setting, and politics. Each chapter also traces Sayles' technical development: his camera work, editing, musical arrangement, and mise en scene. The book includes a complete filmography and a bibliography.
