Thomas F. Torrance Paul D. Molnar, 2016-02-17 This book provides an important study of the theology of Thomas F Torrance who is generally considered to have been one of the most significant theologians writing in English during the twentieth century with a view toward showing how his theological method and all his major doctrinal views were shaped by his understanding of the doctrine of the Trinity Torrance pursued a theology that was realist because he attempted to think in accordance with the unique nature of the object that is known In holding to such a methodology he drew an analogy between theology and natural science This book demonstrates how for Torrance God relates with humanity within time and space so that creation finds its meaning in relation to God and not in itself this enabled him to avoid many theological pitfalls such as agnosticism subjectivism and dualism while explaining the positive implications of various Christian doctrines in a penetrating and compelling manner This book offers an important resource for students of theology and for scholars who are interested in seeing how serious dogmatic theology shapes and should shape our understanding of the Christian life

Resurrection, Apocalypse, and the Kingdom of Christ Stanley S. MacLean, 2012-04-19

In recent decades few Christian themes have attracted as much attention as that of eschatology or Christian hope. Resurrection, Apocalypse and the Kingdom of Christ explores the meaning of this theme for Thomas F. Torrance, one of the twentieth century's leading theologians. This study, the first of its kind, brings Torrance's eschatology to light through an exploration of the whole range of his corpus including sermons, lectures, and correspondence. It also demonstrates that his eschatology is molded by momentous historical events such as World War II, the spread of communism, and the ecumenical movement. Out of all this we realize that eschatology is a central component of Torrance's theology so much so that it conditions his thinking on other Christian doctrines.

Natural Law & Human Dignity Eberhard Schockenhoff, 2003

Do human rights apply only to a certain culture group or can they be demanded of all cultures and religions? This discussion about a common world ethos demonstrates how relevant and explosive that question is. In his study of ethical relativism and historical thinking, Eberhard Schockenhoff shows how the universal recognition of fundamental norms that guarantee the minimum conditions for human existence can be substantiated. Dealing critically with the two most important branches of research in present-day moral theology—autonomous morality and teleological ethics—the author presents a new theological ethical theory of natural law. Integrating the theory of practical reason and Aquinas' understanding of natural inclinations, Schockenhoff compares this synthesis to the insights of present-day anthropology. This method allows him to re-establish a connection to classical natural law ethics. In so doing, he indicates how ethics can fulfill its most important duty: to arrive at the recognition of anthropologically grounded material norms without falling prey to a logical error. According to Schockenhoff, claims of natural law and of human rights formulate an indispensable minimum, while biblical ethics, the Decalogue, and the Sermon on the Mount and the high ethos of the world religions point the way to an encompassing realization of the concept of the good life.

Renowned moral theologian Eberhard Schockenhoff is professor at Albert-Ludwigs-Universität Freiburg. He is the author of numerous works and managing editor of *Zeitschrift für Medizinische Ethik*. Brian McNeil is a parish priest in Munich and a translator of theological literature.

PRAISE FOR THE BOOK The book is impressive in many respects. It is thorough and precise about the specific problems associated with natural law theory, and the chapters on relativism and historicism exhibit impressive erudition and insight. Few books on natural law grapple so extensively and fairly with objectors as does this one, and its responses are admirable in their breadth and depth. Mark Graham, *Theological Studies*. A masterly treatment of many

of the most important issues in moral theology Brian V Johnstone *Studia Moralia* This book demonstrates convincingly that natural law has not become obsolete in ethical discussions Peter Fonk *Theologische Revue* In regard to topics that are coined by the Roman Catholic tradition the author includes Protestant authors in his considerations with a naturalness that has to be seen as a fortunate sign of ecumenical openness Schockenhoff manages to revive answers of the tradition that have sometimes been put aside and to bring them up in the challenges of today Heinrich Bedford Strohm *Theologische Literaturzeitung* An exceptional discussion of the concept of natural law as it applies to a modern world of moral relativism This is a high quality work providing both a wide overview of the concerns of natural law and offering a respectable solution worth further consideration Schockenhoff's work is highly recommended Matthew Ryan McWhorter *Catholic Books Review OnLine* This book by one of the leading Catholic moral theologians in Germany teaching at Freiburg University presents a simple thesis in an elaborate and sophisticated fashion Schockenhoff's highly learned and impressive account deserves attention and critical engagement Bernd Wannewetsch *Studies in Christian Ethics* [Divine Sex](#) Jonathan Grant,2015-07-14 The digital revolution has ushered in a series of sexual revolutions all contributing to a perfect storm for modern relationships Online dating social media internet pornography and the phenomenon of the smartphone generation have created an avalanche of change with far reaching consequences for sexuality today The church has struggled to address this new moral ecology because it has focused on clarity of belief rather than quality of formation The real challenge for spiritual formation lies in addressing the underlying moral intuitions we carry subconsciously which are shaped by the convictions of our age In this book a fresh new voice offers a persuasive Christian vision of sex and relationships calling young adults to faithful discipleship in a hypersexualized world Drawing from his pastoral experience with young people and from cutting edge research across multiple disciplines Jonathan Grant helps Christian leaders understand the cultural forces that make the church's teaching on sex and relationships ineffective in the lives of today's young adults He also sets forth pastoral strategies for addressing the underlying fault lines in modern sexuality **Like His Brothers and Sisters** Fritz Lobinger,2002-04 This provocative book is about the proposed ordination of proven leaders of Catholic communities While most people begin any consideration of this topic by pointing out the current shortage of priest this concise investigation assumes a different starting point Roman Catholic Priests are human beings like everyone else but at the same time they are also quite dissimilar For example they do not make their living by the work of their hands Nor do they raise a family The crucial question that this book raises is must all ordained leaders be of the kind Can the Catholic Church introduce a second kind of priest who is living in a way that is similar to the rest of the community Such questions are at the heart of this important study [How the World Began](#) Helmut Thielicke,1964-01-07 From the pen of the leading German theologian this is a collection of wide ranging and powerful sermons that take their themes from the Biblical story of Creation *I Love Jesus, But I Want to Die* Sarah J. Robinson,2021-05-11 A compassionate shame free guide for your darkest days A one of a

kind book to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized, or over-spiritualized. Kay Warren, cofounder of Saddleback Church, asks: What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to choose joy and pray more. So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

[The Earliest History of the Christian Gathering](#) Valeriy A. Alikin, 2010-03-22. Recent research has made a strong case for the view that Early Christian communities sociologically considered functioned as voluntary religious associations. This is similar to the practice of many other cultic associations in the Greco-Roman world of the first century CE. Building upon this new approach along with a critical interpretation of all available sources, this book discusses the social and religious historical background of the weekly gatherings of Christians and presents a fresh reconstruction of how the weekly gathering originated and developed in both form and content. The topics studied here include the origins of the observance of Sunday as the weekly Christian feast day, the shape and meaning of the weekly gatherings of the Christian communities, and the rise of customs such as preaching, praying, singing, and the reading of texts in these meetings.
