Women's Work Megan K. Stack, 2020-03-03 A NEW YORK TIMES NOTABLE BOOK OF 2019. From National Book Award finalist Megan K. Stack, a stunning memoir of raising her children abroad with the help of Chinese and Indian women who are also working mothers. When Megan Stack was living in Beijing, she left her prestigious job as a foreign correspondent to have her first child and work from home writing a book. She quickly realized that caring for a baby and keeping up with the housework while her husband went to the office each day was consuming the time she needed to write. This dilemma was resolved in the manner of many upper class families and large corporations: she availed herself of cheap Chinese labor. The housekeeper Stack hired was a migrant from the countryside, a mother who had left her daughter in a precarious situation to earn desperately needed cash in the capital. As Stack's family grew and her husband's job took them to Delhi, a series of Chinese and Indian women cooked, cleaned and babysat in her home. Stack grew increasingly aware of the brutal realities of their lives: domestic abuse, alcoholism, unplanned pregnancies. Hiring poor women had given her the ability to work while raising her children, but what ethical compromise had she made? Determined to confront the truth, Stack traveled to her employees' homes, met their parents and children, and turned a journalistic eye on the tradeoffs they'd been forced to make as working mothers seeking upward mobility and on the cost to the children who were left behind. *Women's Work* is an unforgettable story of four women, as well as an electrifying meditation on the evasions of marriage, motherhood, feminism, and privilege.

Pondicherry, Tamil Nadu and South India under French Rule J.B.P. More, 2020-11-01 This is a study of the colonization of Pondicherry Tamil Nadu and South India by the French during the eighteenth century and their interactions with the Indian rulers and populations in the political economic social and religious spheres French Governors based in Pondicherry since Francois Martin up to Dupleix never acquired any territory for France through outright conquest They or their masters in France never had any grand plan to establish a French empire in India Some Indian rulers were friendly with the French and the English as it served their interests The study demonstrates that the French colonizers and missionaries would not have survived in India without the collaboration of the Indian dubashes merchants certain Indian rulers and military men This collaboration was not on an equal footing as the sepoys merchants and dubashes were always subordinate and submissive to the Europeans Even Ananda Ranga Pillai the most famous of the Indian dubashes had to resort to the art of flattery to be in the good books of his master European arrival and presence in India heralded the beginning of a cultural clash between the Europeans and Indians in which the former had the

upper hand There was never any partnership or master bania relationship between the French and the Indians Instead the relationship had all the trappings of a master subordinate relationship where the subordinate even though he might be a dubash was always at the mercy of the colon izers The element of force aggressivity and violence was omnipresent in European presence and expansion in India in the political economic and religious fields Please note This title is co published with X Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka
