Love At High Risk The Many Faces Of Aids:

Love at High Risk Clément Olivier, Daniel McBain, 1996 *Love, Money, and HIV* Sanyu A. Mojola, 2014-05-10 How do modern women in developing countries experience sexuality and love Drawing on a rich array of interview ethnographic and survey data from her native country of Kenya Sanyu A Mojola examines how young African women who suffer disproportionate rates of HIV infection compared to young African men navigate their relationships schooling employment and finances in the context of economic inequality and a devastating HIV epidemic Writing from a unique outsider insider perspective Mojola argues that the entanglement of love money and the transformation of girls into consuming women lies at the heart of women s coming of age and health crises At once engaging and compassionate this text is an incisive analysis of gender sexuality and health in Africa

Older Americans: The Changing Face of HIV/AIDS, S.HRG. 113-863, Serial No. 113-9, September 18, 2013, 113-1, 2017 Love Is the Cure Elton John, 2012-07-17 A deeply personal account of Elton John s life during the era of AIDS and an inspiring call to action In the 1980s Elton John saw friend after friend loved one after loved one perish needlessly from AIDS He befriended Ryan White a young Indiana boy ostracized because of his HIV infection Ryan s inspiring life and devastating death led Elton to two realizations His own life was a mess And he had to do something to help stop the AIDS crisis Since then Elton has dedicated himself to overcoming the plague and the stigma of AIDS The Elton John AIDS Foundation has raised and donated 275 million to date to fighting the disease worldwide *Love Is the Cure* includes stories of Elton s close friendships with Ryan White Freddie Mercury Princess Diana Elizabeth Taylor and others and the story of the Elton John AIDS Foundation Sales of *Love Is the Cure* benefit the Elton John AIDS Foundation

With Pleasure Paul R. Abramson, Steven D. Pinkerton, 2002-10-17 Challenging everything from the mandates of the Catholic Church to the hotly debated ethics of pornography and from the controversy surrounding gay rights to issues of gender and feminism *With Pleasure* explores a new theory of human sexuality that ignites every hot topic in the public domain What role authors Paul Abramson and Steven Pinkerton ask does sexual pleasure play in our lives Is the pursuit of sexual enjoyment in our blood Our brains Our very nature Regardless of the source it can be agreed that the joys of sex are widely appreciated Why then is pleasure so often overlooked in discussions of sexual behaviour and why do cultural historical and religious treatises so often fail to emphasise or outright ignore this obvious aspect of human sexuality Responding to these and many other questions about our most private affairs *With Pleasure* provides a profoundly original challenge to the cherished truisms of human sexuality Abramson and Pinkerton proclaim the paramount importance of pleasure while at the same time overthrowing traditional ideas about gender pornography contraception homosexuality abortion and much more Supported by rigorous research and co written by one of the foremost authorities on sex *With Pleasure* argues that human sexuality cannot be understood if its significance is limited to reproduction alone The authors posit that in humans reproduction itself occurs as a byproduct of pleasure not the other way around and that it is the strong drive for pleasure

that makes people overcome many obstacles and even life threatening dangers such as AIDS to have sex Ranging from discussions about the church to current debates about pornography and from evolutionary theory to questions about the future of sex and pleasure Abramson and Pinkerton argue persuasively that the pleasurability of sex cannot be restricted to purely reproductive behaviour With Pleasure advances a startling and original new theory about human sexuality one which the authors believe will replace all existing notions about sex The book standing in direct and deliberate opposition to traditions that try to confine sexuality to procreation is sure to ignite a firestorm of controversy *Bailey & Love's Short Practice of Surgery - 28th Edition* P. White, 1999 Today young adults are contracting HIV more rapidly than virtually any period during the past two decades Young women particularly those who are black and Latina are bearing the brunt of this new wave of infection Putting Risk in Perspective

explores the many factors associated with HIV infection among young black women HIV infection often occurs as a result of high risk behavior Understanding what causes a young woman to take sexual and reproductive risks requires a consideration of the kinds of life issues she faces Drawing on ethnographic study and interviews RenZe T White introduces to the reader many young women who are dealing with economic pressures family relationships dating and courtship intimate relationship issues and questions of sexual identity These along with the mythology surrounding HIV and AIDS_ and knowledge about contraception influence whether or not a black teenager will engage in risky activity This powerful book shows why the fight against AIDS must incorporate a commitment to improving the social and economic opportunities available to young black women Enriching Business Ethics Clarence C. Walton,2013-06-29

Over thirty years ago Alfred North Whitehead wrote If America is to be civilized it has to be done at least for the present by the business class who are in possession of the power and the economic resources If the American universities were up to their job they would be taking business in hand and teaching it ethics and professional standards To the intellectual elites of his time there was something of a minor in Whitehead s view Few of them saw business as a civilizing force heresy and even fewer feeling that business was not to be tamed relished the role of the lion tamers Not many today doubt Whitehead s wisdom Organiza tions of wealth and power have accepted their corporate social responsibili ties and universities have launched major efforts to provide ethical instruc tion for business personnel So far as the scholars are concerned they quickly came to realize the difficulty of an undertaking that seeks to redefine and apply moral criteria to a very complex corporate world Philosophers in particular have learned or perhaps have relearned how their speculations on ethics must take into account the living ethic expressed in the American culture and here anthropologists sociologists and theologians were needed to provide an expertise that the moral manuals did not **Called to Compassion and Responsibility : a Response to the HIV/AIDS Crisis** Catholic Church. Hidden Mercy Michael J. O'Loughlin, 2021-11-30 The 1980s and 1990s the height of the AIDS crisis in the United States was decades ago now and many of the stories from this time remain hidden A Catholic nun from a small Midwestern town packs up her life to move to New York City where she throws herself into a community under assault from HIV and AIDS A young priest sees himself in the many gay men dying from AIDS and grapples with how best to respond eventually coming out as gay and putting his own career on the line A gay Catholic with HIV loses his partner to AIDS and then flees the church focusing his energy on his own health rather than fight an institution seemingly rejecting him Set against the backdrop of the HIV and AIDS epidemic of the late twentieth century and the Catholic Church's crackdown on gay and lesbian activists journalist Michael O Loughlin searches out the untold stories of those who didn't look away who at great personal cost chose compassion even as he seeks insight for LGBTQ people of faith struggling to find a home in religious communities today This is one journalist's gay and Catholic himself

compelling picture of those quiet heroes who responded to human suffering when so much of society and so much of the church told them to look away These pure acts of compassion and mercy offer us hope and inspiration as we continue to confront existential questions about what it means to be Americans Christians and human beings responding to those most in need
