Farrell, 2018-02-06 From a prize winning biographer comes the defining portrait of a man who led America in a time of turmoil and left us a darker age We live today John A Farrell shows in a world Richard Nixon made At the end of WWII navy lieutenant Nick Nixon returned from the Pacific and set his cap at Congress an idealistic dreamer seeking to build a better world Yet amid the turns of that now legendary 1946 campaign Nixon s finer attributes gave way to unapologetic ruthlessness The story of that transformation is the stunning overture to John A Farrell s magisterial biography of the president who came to embody postwar American resentment and division Within four years of his first victory Nixon was a U S senator in six the vice president of the United States of America Few came so far so fast and so alone Farrell writes Nixon s sins as a candidate were legion and in one unlawful secret plot as Farrell reveals here Nixon acted to prolong the Vietnam War for his own political purposes Finally elected president in 1969 Nixon packed his staff with bright young men who devised forward thinking reforms addressing health care welfare civil rights and protection of the environment It was a fine

legacy but Nixon cared little for it He aspired to make his mark on the world stage instead and his 1972 opening to China was the first great crack in the Cold War Nixon had another legacy too an America divided and polarized He was elected to end the war in Vietnam but his bombing of Cambodia and Laos enraged the antiwar movement It was Nixon who launched the McCarthy era who played white against black with a southern strategy and spurred the Silent Majority to despise and distrust the country s elites Ever insecure and increasingly paranoid he persuaded Americans to gnaw as he did on grievances and to look at one another as enemies Finally in August 1974 after two years of the mesmerizing intrigue and scandal of Watergate Nixon became the only president to resign in disgrace Richard Nixon is a gripping and unsparing portrayal of our darkest president Meticulously researched brilliantly crafted and offering fresh revelations it will be hailed as a master work *Marine Sciences Research* U.S. Atomic Energy Commission. **Night Comes To The Cumberlands: A Biography Of A Depressed Area** Harry M. Caudill,2015-11-06 At the time it was first published in 1962 it framed such an urgent appeal to the American conscience that it actually prompted the creation of the Appalachian Regional Commission an agency that has pumped millions of dollars into Appalachia Caudill s study begins in the violence of the Indian wars and ends in the economic despair of the 1950s and 1960s Two hundred years ago the Cumberland Plateau was a land of great promise Its deep twisting valleys contained rich bottomlands The surrounding mountains were teeming with game and covered with valuable timber The people who came into this land scratched out a living by farming hunting and making all the things they need including whiskey The quality of life in Appalachia declined during the Civil War and Appalachia remained in a bad way for the next century By the 1940s 50s and 60s Appalachia had become an island of poverty in a national sea of plenty and prosperity Caudill s book alerted the mainstream world to our problems and their causes Since then the ARC has provided millions of dollars to strengthen the brick and mortar infrastructure of Appalachia and to help us recover from a century of economic problems that had greatly undermined our quality of life Print ed     **Decisions of the Commission** United States.
