Love Not Human:

Love as Human Freedom Paul A. Kottman, 2017 Love of the living and the dead From the propagation of life to lovemaking **Choose Love Not Fear** Gary Heil, Ryan Heil, 2019-10-03 *Every Human Love* Joanna Pearson, 2019 The fourteen stories in *Every Human Love* redefine our sense of reality Set seemingly in the quotidian these tales veer into the unexpected the uncomfortable occasionally the eerie thrusting characters in crisis into still greater quandaries where the world of weddings and work of frustrated hopes and mundane dissatisfactions collides with a realm of legend of fairy tale of nightmare **Love and the Dignity of Human Life** Robert Spaemann, 2012-01-09 What does it mean to love someone What does the concept of human dignity mean and what are its consequences What marks the end of a person's life Is personhood more than consciousness These perplexing questions lurk beneath the surface of everyday life surfacing only to demand urgent attention in crises Renowned German philosopher Robert Spaemann addresses these and other foundational enigmas in three eloquent short essays Speaking wisdom to controversy he offers carefully considered novel approaches to key philosophical and theological questions about the nature of human love The Paradoxes of Love dignity Human Dignity and Human Nature and death Is Brain Death the Death of a Human Person **Love Not Human** Gordon R. How to Love Animals Henry Mance, 2021-07-13 A personal journey into our evolving relationships with animals and a thought provoking look at how those bonds are being challenged and reformed across disciplines We love animals but does that make the animals lives any happier With factory farms climate change and deforestation this might be the worst time in history to be an animal If we took animals experiences seriously how could we eat think and live differently How to Love Animals is a lively and important portrait of our evolving relationship with animals and how we can share our planet fairly Mance works in a slaughterhouse and on a pig farm to explore the reality of eating meat and dairy He explores our dilemmas over hunting wild animals over fishing the seas visiting zoos and saving wild spaces What might happen if we extended the love we show to our pets to other sentient beings In an age of extinction and pandemics our relationship with animals has become unsustainable Mance argues that there has never been a better time to become vegetarian or vegan and that the conservation movement can flourish if people in wealthy countries shrink their footprint Mance seeks answers from chefs farmers activists philosophers politicians and tech visionaries who are redefining how we think about animals Inspired by the author's young daughters his book is a story of discovery and hope that outlines how we can find a balance with animals that fits with our basic love for them Love Thy Body Nancy R. Pearcey, 2018-01-02 Why the call to Love Thy Body To counter a pervasive hostility toward the body and biology that drives today's headline stories Transgenderism Activists detach gender from biology Kids down to kindergarten are being taught their body is irrelevant to their authentic self Is this affirming or does it demean the body Homosexuality Advocates disconnect sexuality from biological identity as male or female Is this liberating or does it denigrate biology Abortion Supporters say the fetus is not a person though it is biologically human Does

this mean equality for women or does it threaten the intrinsic value of all humans Euthanasia Those who lack certain cognitive abilities are said to be human but not persons Is this compassionate or does it ultimately put everyone at risk In *Love Thy Body* bestselling author Nancy Pearcey goes beyond politically correct slogans with a riveting expos of the dehumanizing worldview that shapes current watershed moral issues arguing that a holistic Christian view sustains the dignity of the body and biology Throughout the book Pearcey entrances readers with compassionate stories of people wrestling with hard questions in their own lives their pain their struggles their triumphs No Longer Human 1958 A young man describes his torment as he struggles to reconcile the diverse influences of Western culture and the traditions of his own Japanese heritage **Wired For Love** Stephanie Cacioppo,2022-04-07 From the world's foremost neuroscientist of romantic love comes a personal story of connection and heartbreak that brings new understanding to an old truth it is better to have loved and lost than never to have loved at all At thirty seven Dr Stephanie Cacioppo was content to be single She was fulfilled by her work on the neuroscience of romantic love how finding and growing with a partner literally reshapes our brains That was until she met the foremost neuroscientist of loneliness A whirlwind romance led to marriage to sharing an office at the University of Chicago After seven years of being inseparable at work and home she lost her beloved husband following a devastating battle with cancer In *Wired for Love* Dr Stephanie Cacioppo tells not just a science story but also a love story She shares revelatory insights into how we fall in love and why what makes love last and how we process love lost all grounded in cutting edge findings in brain chemistry and behavioural science Woven through it all is her moving personal story from astonishment to unbreakable bond to grief and healing Her experience and her work enrich each other creating a singular blend of science and lyricism that's essential reading for anyone looking for connection Love and Sex with Robots David Levy,2007-11-06 Draws on cutting edge research as well as examples from cultural history and psychology to explore what the author believes will be inevitable physical relationships between people and machines *The Laws of Human Nature* Robert Greene,2018-10-23 From the 1 New York Times bestselling author of *The 48 Laws of Power* comes the definitive new book on decoding the behavior of the people around you Robert Greene is a master guide for millions of readers distilling ancient wisdom and philosophy into essential texts for seekers of power understanding and mastery Now he turns to the most important subject of all understanding people's drives and motivations even when they are unconscious of them themselves We are social animals Our very lives depend on our relationships with people Knowing why people do what they do is the most important tool we can possess without which our other talents can only take us so far Drawing from the ideas and examples of Pericles Queen Elizabeth I Martin Luther King Jr and many others Greene teaches us how to detach ourselves from our own emotions and master self control how to develop the empathy that leads to insight how to look behind people's masks and how to resist conformity to develop your singular sense of purpose Whether at work in relationships or in shaping the world around you *The Laws of Human Nature* offers brilliant tactics for success self improvement and self

defense **Time Enough for Love** Robert A. Heinlein,1978-10-15 From the New York Times bestselling author of Starship Troopers and the first Grand Master of Science Fiction Lazarus Long 1916 4272 The capstone and crowning achievement of Heinlein s famous Future History Time Enough for Love follows Lazarus Long through a vast and magnificent timescape of centuries and worlds Heinlein s longest and most ambitious work it is the story of a man so in love with Life that he refused to stop living it and so in love with Time that he became his own ancestor What is Justice? Hans Kelsen,1957-01-01

Love, Human and Divine Edward Collins Vacek,1996-04 Although the two great commandments to love God and to love our neighbors as ourselves are central to Christianity few theologians or spiritual writers have undertaken an extensive account of the meaning and forms of these loves Most accounts in fact make love of God and love of self either impossible or immoral Integrating these two commandments Edward Vacek SJ develops an original account of love as the theological foundation for Christian ethics Vacek criticizes common understandings of agape eros and philia examining the arguments of Aquinas Nygren Outka Rahner Scheler and other theologians and philosophers He defines love as an emotional affirmative participation in the beloved s real and ideal goodness and he extends this definition to the love between God and self Vacek proposes that the heart of Christian moral life is loving cooperation with God in a mutually perfecting friendship **Love at**

Johnson,2009-09-01

From its very beginning Christian faith has been engaged with religious violence The first Christians were persecuted by their co religionists and then by imperial Rome Jesus taught them in such circumstances not to retaliate but to be peacemakers to love their enemies and to pray for their persecutors Jesus s response to religious violence of the first century was often ignored but it was never forgotten Even during those centuries when the church herself persecuted Christian

heretics Jews and Muslims some Christians still struggled to bear witness to the peace mandate of their Lord In the thirteenth century Thomas Aquinas wrote a theology to help his Dominican brothers persuade Cathar Christians to return to their Catholic faith peacefully Ramon Lull a Christian student of Arabic and the Qur'an sought to help his fellow Christians recognize the elements of belief they shared in common with the Muslims in their midst In the fifteenth century Nicholas of Cusa a Church Cardinal and theologian expanded Lull's project to include the newly discovered religions of Asia In the seventeenth century Lord Herbert an English diplomat and lay Christian began to identify the political union of church and government as a causal factor in the religious warfare of post Reformation Christendom One and a half centuries later Thomas Jefferson a lay theologian of considerable political stature won a political struggle in the American colonies to disestablish religion first in his home colony of Virginia and then in the new nation he helped to found All five of these theologians reclaimed the peace mandate of Jesus in their response to the religious violence of their own eras All of which points us to some intriguing Christian responses to religious violence in our own century as recounted in the epilogue
