## **Love Power And Meaning:**

*Lest We Lose Love* Scherto Gill,2023-04-18 Few are aware that since antiquity there has always been the philosophy of love at the core of Western culture It articulates what makes life meaningful and worthwhile and how we can live a good life together through an ethic of love This book fills this significant gap not only reconnecting the reader with such important wisdom and more crucially also reorienting our socio economic institutions and collective actions towards more loving and caring and more concerned with the qualities of our lived experiences By re discovering the gifts of love we may challenge the existing systemic dehumanisation and draw from knowledge and understanding already present in our culture This is timely because the global crises we are facing are catastrophic especially when it comes to climate change Therefore we must respond from a place of love rather than fear Whether it is reducing the use of fossil fuels lowering greenhouse emission choosing the right food to eat or advocating for structural transformation our concerted endeavours start with an appropriate appreciation of the nature of our well being which includes the planet s well ness This book highlights a clear pathway forward to ensure collective healing and co flourishing with nature we must practise the art of loving [The Power and Meaning of Love](#) Thomas Merton,1976 **The Heart of an Addict** Michael Jordan,2007-07-01 Offers as never before a view straight into the heart of an addict Written by an ex Methamphetamine Manufacturer during his incarnation in state prison The three primary objectives of this book is to aid addicts in recovery detour youngsters from ever becoming addicts and to enlighten family members of addicts as to why their loved ones think feel and act as they do The beautifully written poems depict a tragic story of one man who sold out all his dreams to the high and found himself lost in the revolving door syndrome of prison where he finally gave it all over to God A must read for anyone who s life has been affected by addiction

Macleod,2017-09-29 First published in 1973 this is the first book on Paul Tillich in which a sustained attempt is made to sort out and evaluate the questions to which Tillich addresses himself in the crucial philosophical parts of his theological system It is argued that despite the apparent simplicity in his interest in the question of being Tillich in fact conceives of the ontological enterprise in a number of radically different ways in different contexts Much of the author's work is devoted to the careful separation of these strands in his philosophical thought and to an exploration and assessment of the assumptions associated with them This book will be of interest to readers of Tillich and philosophers who specialise in ontology and linguistics      The Open World MANIFESTO V. Stone,2020-03-04 Guido Cavalcanti Dante s intellectual mentor is widely considered among the greatest Italian lyric poets his famous and notoriously difficult philosophical canzone Donna me prega is often characterized as the most studied lyric poem in Italian literature This book situates Cavalcanti s poetry in the context of the Arabic Aristotelian rationalism that entered the Latin West in the 12th century a tradition marked by questions concerning whether humans can ever transcend their animality Cavalcanti s poetry is a focal point where one can view circa 1300 AD Arabo Islamic philosophy in the process of being assimilated and naturalized in Western Europe eventually leading to values associated with the Renaissance and the Enlightenment that we now call modern and secular in particular to a notion of human reason as bound up with imagination and with ethical praxis rather than as a means for the attainment of knowledge concerning God and the cosmos The book features a radically unprecedented interpretation of Donna me prega starkly opposed to all previous accounts far from treating love as a threat to reason that would best be eliminated the canzone praises loving as the essential operation of rational human flourishing This study of Cavalcanti serves as a prelude to the formulation of a new paradigm for understanding Dante s Comedy      **Lost the Plot** David S. Throughout life everyone has opportunities to experience some form and depth of love and romance and most people have experienced at one time or another a broken heart Love Romance and the Broken Heart is intended to be a deep expression of feelings that emanate from the heart of every human being and is also intended to illustrate the fragility of love in its human form Love Romance and the Broken Heart is an outpouring of the soul a probing of the mind and an exploration of human expression The poems in this book were the culmination of the author's observations of the deep emotional crevasses folks traverse when going through a divorce from the moment love begins through the broken hearts which often bring an end to that relationship Many poems in this book explore the vast array of deep thoughts and introspection that accompany that experience
