Tiller's Conscious Acts of Creation As a matter of fact it has only been this year 2013 that Dr Peter Higgs won the Nobel Prize for his work on the God Particle The first subtle energy particle ever found at the new CERN accelerator With these discoveries and experiments on the redirection of subtle energy Scientists believe that a new technology has been born Significantly more powerful than electromagnetic energy significantly more powerful than nuclear energy subtle energy technology will bring about new ways for human populations to interact and new ways to communicate It will significantly change our health care industry and influence the movement towards world peace Most interesting are the time and space attributes of subtle energy that allow the human mind to predict the future and consequently win lotteries In the science of Quantum Mechanics experimenting at the level of subtle energy scientists found that their observations were affecting the outcome of the experiments Somehow the experimenter's consciousness was having an effect on our everyday reality of atoms and elements This led to other experiments many concerning time displacement As it turns out subtle energy does not conform to the way you and I experience sequential time Subtle energy is unbound by time and space giving it predictive potential A few daring researchers now understand subtle energy to be a vast field of potential energy supporting our everyday reality and somehow this energy is intimately interconnected with our minds Consequently at this stage of subtle energy technology research researchers are studying ways that the mind can amplify subtle energies to manifest human desires for better health wealth and abundance world peace lasting vitality and prophetic vision Dream a Lottery Win Tonight specializes in the application of subtle energy and its prophetic vision attributes We accomplish this by activating an energized intention near the mind's source of subtle energy In this way we amplify the intention to win a lottery Of course we could amplify any intention including those for better health or world peace We decided on lottery prediction not because it was easy but because it was difficult and because the results are quantitative not subjective In developing the skill of prophetic vision to win a lottery we use an energized intention activated as close to the mind's Source of subtle energy as possible To get close to the Source we use mantras These mantras resonate frequencies that are specific to the results we seek In this case we use the Lakshmi Mantra used since antiquity to enhance one's abilities at games of chance Once close to the source we activate an energized intention The intention is energized with emotion and bright sense visualizations We perform this meditation just before retiring enhancing our dreams allowing us to predict a winning number In this way we use subtle energies to win the lottery Larry Vingelman Author Pride Ibi Zoboi, 2018-09-18 In a timely update of Jane Austen's *Pride and Prejudice* National Book Award finalist Ibi Zoboi skillfully balances cultural identity class and gentrification against the heady magic of first love in her vibrant reimagining of this beloved classic A smart funny gorgeous retelling starring all characters of color Zuri Benitez has pride Brooklyn pride family pride and pride in her Afro Latino roots But pride might not be enough to save her rapidly gentrifying neighborhood from becoming unrecognizable When the wealthy Darcy family moves in across the street Zuri wants nothing to do with their two teenage sons even as her older sister
