Lotus And The Maple Leaf The Soka Gakkai Buddhist Movement In Canada:

The Lotus and the Maple Leaf Daniel Alfred Metraux, 1996 The Soka Gakkai Buddhist movement in Japan has revived Buddhism in the lives of millions of Japanese changed the course of Japanese government brought creative new ideas to the field of education and has impacted the worlds of art and culture This movement is now gaining popularity in Canada Why are so many Canadians now joining this movement What is the appeal beyond the Canadian Asian Community and how has this Buddhist sect managed to assimilate itself in a Christian society This book seeks to answer those questions and more It chronicles the rise of this branch of Japanese Buddhism in Canada and it studies the relationship between the parent group in Tokyo and its Canadian branch Global Religious Movements Across Borders Stephen M. Cherry, Helen Rose Ebaugh, 2016-04-22 From global missionizing among proselytic faiths to mass migration through religious diasporas religion has traveled from one side of the world and back again It continues to play a prominent role in shaping world politics and has been a vital force in the continued emergence spread and creation of a transnational civil society Exploring how religious roots are shaping organizations that seek to aid people across political and geographic boundaries service movements this book focuses on how religious movements establish structures to assist people with basic human needs such as food clothing shelter education and health Examining a multitude of faith traditions with origins in different parts of the world seven contributing chapters with an introduction and conclusions by the senior author offer a unique discussion of the intersections between religious transnationalism and social movements **Establishing the Revolutionary** Birgit Staemmler, Ulrich M. Dehn, 2011 New religions in Japan claim millions of members and simultaneously provoke criticism and fulfil social functions This publication serves as a handbook about these new religions on the basis of recent research written by an international range of scholarly experts *Chanting in the Hillsides* Jeaneane D. Fowler, Merv Fowler, 2009 In 1983 a tiny group of people in Cardiff and a married couple in Aberporth West Wales were the only Welsh members of Soka Gakkai International a Japanese movement based on the beliefs and teachings of the 13th century Buddhist Nichiren Daishonin Today there are hundreds of members in Wales and the Borders This book examines the history of the movement in these two areas and draws on original research gleaned from the members themselves The research elicits facets of their faith practices and study as well as their testimonies to the success of such beliefs and practices in their daily lives The book combines the twin goals of academic analysis of the Buddhism of Nichiren Daishonin in general with the warmth of its expression in the lives of its adherents in Wales and the Borders Flowers on the Rock John S. Harding, Alexander Soucy, Victor Sōgen Hori, 2014-06-01 When Sasaki Sokei an founded his First Zen Institute of North America in 1930 he suggested that bringing Zen Buddhism to America was like holding a lotus against a rock and waiting for it to set down roots Today Buddhism is part of the cultural and religious mainstream *Flowers on the Rock* examines the dramatic growth of Buddhism in Canada and questions some of the underlying assumptions about how this tradition has changed in the West Using historical

ethnographic and biographical approaches contributors illuminate local expressions of Buddhism found throughout Canada and relate the growth of Buddhism in Canada to global networks A global perspective allows the volume to overcome the stereotype that Asia and the West are in opposition to each other and recognizes the continuities between Buddhist movements in Asia and the West that are shaped by the same influences of modernity and globalization Flowers on the Rock studies the fascinating and ingenious changes inflections and adaptations that Buddhists make when they set down roots in a local culture It is essential reading for anyone interested in Buddhism religious life in Canada and the broader issues of multiculturalism and immigration Contributors include Michihiro Ama University of Alaska D Mitra Barua University of Saskatchewan Paul Crowe Simon Fraser University Melissa Anne Marie Curley University of Iowa Mavis Fenn University of Waterloo Kory Goldberg Champlain College Sarah F Haynes Western Illinois University Jackie Larm University of Edinburgh Paul McIvor independent James Placzek University of British Columbia and Angela Sumegi Carleton University

American Buddhism Duncan Ryūken Williams, Christopher S. Queen, 1999 This is the first scholarly treatment of the emergence of American Buddhist Studies as a significant research field Until now few investigators have turned their attention to the interpretive challenge posed by the presence of all the traditional lineages of Asian Buddhism in a consciously multicultural society Nor have scholars considered the place of their own contributions as writers teachers and practising Buddhists in this unfolding saga In thirteen chapters and a critical introduction to the field the book treats issues such as Asian American Buddhist identity the new Buddhism Buddhism and American culture and the scholar s place in American Buddhist Studies The volume offers complete lists of dissertations and theses on American Buddhism and North American dissertations and theses on topics related to Buddhism since 1892 **Asian Religions in British Columbia**

Larry DeVries, Don Baker, Dan Overmyer, 2011-01-01 British Columbia is Canada s most ethnically diverse province Yet in general we need to know more about the diversity of religions that accompanied immigrants to the province and how they are practised today This book offers intimate portraits of local religious groups including Hindus and Sikhs from South Asia Buddhist organizations from Southeast Asia and Tibetan Japanese and Chinese religions from East and Central Asia The first comprehensive comparative examination of Asian religions in British Columbia this book is mandatory reading for teachers policy makers scholars of local history and culture and of Asian Canadian studies Luminous Passage Charles S. Prebish, 1999-06-07 In Luminous Passage a well known Buddhologist and longtime observer of Buddhism in the United States presents the first comprehensive scholarly study of American Buddhism in nearly two decades Charles S Prebish revisits the expanding frontier of the fastest growing religion in North America and describes its historical development its diversity and the significance of this ancient tradition at century s end More than anything else this is a book about American Buddhist communities sanghas and about life within those communities Prebish considers various Buddhist practices rituals and liturgies as well as the ways these communities have confronted the changing American spiritual landscape In profiling

several different sanghas Prebish reveals the ways that Buddhism is being both reinvented and Westernized He includes the first exploration of the American Buddhist cybersangha a community that has emerged from recent developments in information exchange technology and discusses the growing community of scholar practitioners The interactions of Buddhist identities that are related to ethnicity gender sexual orientation social engagement and the healing professions are also examined This book fully captures the vibrancy and importance of Buddhism in American religious life today Finally Prebish appraises the state of Buddhism at the millennium Placing the development of American Buddhism squarely in the midst of the religion s general globalization he argues for an ecumenical movement which will embrace Buddhist communities worldwide

How Soka Gakkai Became a Global Buddhist Movement Daniel Alfred Metraux,2010 The Soka Gakkai is a massive Japan based New Religious Movement based on the Buddhist teachings of the medieval Buddhist monk Nichiren This work examines Soka Gakkai International chapters in Australia Southeast Asia Cambodia the Philippines and Quebec to determine why the movement has developed strong roots among people from widely divergent cultures See table of contents on reverse side

Developments in Australian Buddhism Michelle Spuler,2014-04-04 This book examines the adaptation of Buddhism to the Australian sociocultural context To gain insight into this process of cross cultural adaptation issues arising in the development of Diamond Sangha Zen Buddhist groups one of the largest Zen lineages in the West in Australia are contextualised within the broader framework of the adaptations of Buddhist teachings and practices in other Westernised countries The book also examines the methodological approaches currently used for studying this process and suggests a synthesis of the approaches used for studying convert and ethnic Buddhist groups

Westward Dharma Charles S. Prebish,Martin Baumann,2002-12-04 The first authoritative volume on the totality of Buddhism in the West Westward Dharma establishes a comparative and theoretical perspective for considering the amazing variety of Buddhist traditions schools centers and teachers that have developed outside of Asia Leading scholars from North America Europe South Africa and Australia explore the plurality and heterogeneity of traditions and practices that are characteristic of Buddhism in the West This recent dramatic growth in Western Buddhism is accompanied by an expansion of topics and issues of Buddhist concern The contributors to this volume treat such topics as the broadening spirit of egalitarianism the increasing emphasis on the psychological as opposed to the purely religious nature of practice scandals within Buddhist movements the erosion of the distinction between professional and lay Buddhists Buddhist settlement in Israel the history of Buddhism in internment camps repackaging Zen for the West and women s dharma in the West The interconnections of historical and theoretical approaches in the volume make it a rich multi layered resource

Teaching Buddhism Todd Lewis,Gary Delaney DeAngelis,2017 Buddhist studies is a rapidly changing field of research constantly transforming and adapting to new scholarship This creates a problem for instructors both in a university setting and in monastic schools as they try to develop a curriculum based on a body of scholarship that continually shifts in focus and expands to new areas Teaching Buddhism

establishes a dialogue between the community of instructors of Buddhism and leading scholars in the field who are updating revising and correcting earlier understandings of Buddhist traditions Each chapter presents new ideas within a particular theme of Buddhist studies and explores how courses can be enhanced with these insights Contributors in the first section focus on the typical approaches figures and traditions in undergraduate courses such as the role of philosophy in Buddhism Nagarjuna Yogacara Buddhism tantric traditions and Zen Buddhism They describe the impact of recent developments like new studies in the cognitive sciences on scholarship in those areas Part Two examines how political engagement and ritual practice have shaped the tradition throughout its history Focus then shifts to the issues facing instructors of Buddhism dilemmas for the scholar practitioner in the academic and monastic classroom the tradition's possible roles in teaching feminism and diversity and how to present the tradition in the context of a world religions course In the final section contributors offer stories of their own experiences teaching paying particular attention to the ways in which American culture has impacted them They discuss the development of courses on American Buddhism using course material on the family and children the history and trajectory of a Buddhist Christian dialog and Buddhist bioethics environmentalism economic development and social justice In synthesizing this vast and varied body of research the contributors in this volume have provided an invaluable service to the field
