Lotzes System Of Philosophy

Hermann Lotze

Lotzes System Of Philosophy:

Lotze's System of Philosophy George Santayana, 1971 **Late German Idealism** Frederick C. Beiser, 2013-09-26

Frederick C Beiser presents a study of the two most important idealist philosophers in Germany after Hegel Adolf Trendelenburg and Rudolf Lotze Trendelenburg and Lotze dominated philosophy in Germany in the second half of the nineteenth century They were important influences on the generation after them on Frege Brentano Dilthey Kierkegaard Cohen Windelband and Rickert Late German Idealism is the first book on this significant but neglected chapter in European philosophical history It provides a general introduction to every aspect of the philosophy of Trendelenburg and Lotze their logic metaphysics ethics and aesthetics but it is also a study of their intellectual development from their youth until their death Their philosophy is placed in the context of their lives and culture

Lotze's System of Philosophy: Metaphysic in three books, ontology, cosmology and psychology Hermann Lotze, 1884 After Hegel Frederick C. Beiser, 2016-09-13

Histories of German philosophy in the nineteenth century typically focus on its first half when Hegel idealism and Romanticism dominated By contrast the remainder of the century after Hegel's death has been relatively neglected because it has been seen as a period of stagnation and decline But Frederick Beiser argues that the second half of the century was in fact one of the most revolutionary periods in modern philosophy because the nature of philosophy itself was up for grabs and the very absence of certainty led to creativity and the start of a new era In this innovative concise history of German philosophy from 1840 to 1900 Beiser focuses not on themes or individual thinkers but rather on the period's five great debates the identity crisis of philosophy the materialism controversy the methods and limits of history the pessimism controversy and the Ignorabimusstreit Schopenhauer and Wilhelm Dilthey play important roles in these controversies but so do many neglected figures including Ludwig Bchner Eugen Dhring Eduard von Hartmann Julius Fraunstaedt Hermann Lotze Adolf Trendelenburg and two women Agnes Taubert and Olga Pluemacher who have been completely forgotten in histories of philosophy The result is a wide ranging original and surprising new account of German philosophy in the critical period between Hegel and the twentieth century

Lotze's system of philosophy Hermann Lotze, 1884 **Lotze's System of Philosophy: Logic in three books of thought, of investigation, and of Knowledge** Hermann Lotze, 1884

Lotze's System of Philosophy ...: Logic.-v.2. Metaphysic Hermann Lotze, 1887 *Lotze's System of Philosophy* Hermann Lotze, 1884 Hermann Lotze William R. Woodward, 2015-06-09 As a philosopher psychologist and physician the German thinker Hermann Lotze 1817-81 defies classification Working in the mid nineteenth century era of programmatic realism he critically reviewed and rearranged theories and concepts in books on pathology physiology medical psychology anthropology history aesthetics metaphysics logic and religion Leading anatomists and physiologists reworked his hypotheses about the central and autonomic nervous systems Dozens of fin de siècle philosophical contemporaries emulated him yet often without acknowledgment precisely because he had made conjecture and refutation into a method In spite of Lotze's status as a

pivotal figure in nineteenth century intellectual thought no complete treatment of his work exists and certainly no effort to take account of the feminist secondary literature Hermann Lotze An Intellectual Biography is the first full length historical study of Lotze s intellectual origins scientific community institutional context and worldwide reception **Lotze's System of Philosophy: Logic - Of Thought, of Investigation, and of Knowledge** Hermann Lotze,2008-11-01 Originally published in 1873 Author Lotze Hermann Language English Keywords Philosophy Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive Obscure Press are republishing these classic works in affordable high quality modern editions using the original text and artwork **Lotze's System of Philosophy. Pt. 1. Logic (Pt. 2. Metaphysics). English Translation, Edited by B. Bosanquet. ,1887 The Analysis of Wonder** Predrag Cicovacki,2014-01-30 Structured to introduce the reader into all aspects of the philosophy of Nicolai Hartmann 1882 1950 this book aims to stimulate further interest into his thought Once considered the most studious and systematic of all the German philosophers of the twentieth century this prolific author has been nearly forgotten For many years a student and an admirer of Hartmann s work Cicovacki argues that a closer look into Hartmann s ontologically and axiologically oriented philosophy contains a promise of a vital philosophical orientation especially with regard to our understanding of the nature place and role of humanity in the larger world The Analysis of Wonder Hartmann s own definition of philosophy is an invitation to the readers to challenge their preconceived and self interested notions of reality in order to relearn to appreciate the always changing and conflicting world in all of its complexity richness and sublimity

Lotze's System of Philosophy Hermann Lotze,2006-02 Originally published in 1873 Author Lotze Hermann Language English Keywords Philosophy Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive Obscure Press are republishing these classic works in affordable high quality modern editions using the original text and artwork Hermann Lotze's Influence on Twentieth Century Philosophy Nikolay Milkov,2023-05-22 Hermann Lotze was a key figure in the philosophy of the second half of the 19th century influencing practically all leading philosophical schools of the late 19th and the early 20th century i the neo Kantians ii Brentano and his school of descriptive psychology iii the British idealists iv Husserl s phenomenology v Dilthey s philosophy of life vi Frege s new logic vii the early Cambridge analytic philosophy viii William James s pragmatism The book first presents the main ideas of Hermann Lotze s philosophy Part I and then traces his influence on the descriptive psychology of Franz Brentano and Carl Stumpf Part 2 and Cambridge analytic philosophy Part 3 In addition the book includes Bertrand Russell s conspectus of J E McTaggart s 1898 lectures on Lotze **The Philosophy of 'As If'** Hans Vaihinger,2021-05-30 Hans Vaihinger 1852 1933 was an important and fascinating figure in German philosophy in the early twentieth century founding the well known journal Kant Studien Yet he was overshadowed by the burgeoning movements of phenomenology and analytical philosophy as well as hostility towards his work because of his defense of Jewish scholars in a Germany controlled by Nazism However it is widely

acknowledged today that *The Philosophy of As If* is a philosophical masterwork. Vaihinger argues that in the face of an overwhelmingly complex world we produce a simpler set of ideas or idealizations that help us negotiate it. When cast as fictions, such ideas provide an easier and more useful way to think about certain subjects from mathematics and physics to law and morality than would the truth in all its complexity. Even in science, he wrote, we must proceed as if a material world exists independently of perceiving subjects; in behaviour, we must act as if ethical certainty were possible; in religion, we must believe as if there were a God. He also explores the role of fictions in the history of philosophy, going back to the ancient Greeks and the work of Leibniz, Adam Smith, and Bentham. *The Philosophy of As If* was a powerful influence on the emerging philosophical movement of pragmatism and was groundbreaking in its anticipation of the central role that model building and simulation would come to play in the human sciences. This Routledge Classics edition includes a new foreword by Michael A. Rosenthal, which provides a fascinating and important background to Vaihinger's life and the legacy of *The Philosophy of As If*.

A Student's History of Philosophy Arthur Kenyon Rogers, 1921 **A History of European Thought in the Nineteenth Century** John Theodore Merz, 1896 *The Genealogy of Values* Edward Andrew, 1995

Until the time of Karl Marx and John Stuart Mill, philosophers generally held economics to be an integral element of moral philosophy. These days, the language of values, moral, aesthetic, and cognitive, dominates philosophic discourse, even though contemporary philosophers rarely hold economics to be integral to moral philosophy. Examining the thought of Friedrich Nietzsche and the art of Marcel Proust, Edward Andrew provides the first sustained critical analysis of values discourse, an analysis that deconstructs its content and its form.

Dict Philos Terms Germ-Eng V1 Phillip Herdina, 2013-01-11. Available on its own or as part of a two-volume set, this German-English dictionary is the first comprehensive work in the field and an indispensable companion for students, academics, translators, and linguists concerned with almost any area of philosophy.

The Volitional Theory of Causation W. J. Mander, 2023. This work traces the development of a philosophical theory about causality, the volitional theory of causation, which supposes the underlying nature of causation as something revealed to us in the experience of our own will. It offers both a history of philosophy and a chance to think about the complex puzzles of both causation and human will.

Decoding **Lotzes System Of Philosophy**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Lotzes System Of Philosophy**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
