Louder And Louder:

The Louder Song Aubrey Sampson, 2019 There is a pathway through suffering It s not easy but God will use it to lead you toward healing This path is called lament Lament leads us between the Already and the Not Yet Lament minds the gap between current hopelessness and coming hope Lament anticipates new creation but also acknowledges the painful reality of now Lament recognizes the existence of evil and suffering without any sugarcoating while simultaneously declaring that suffering will not have the final say *I Can Yell Louder* Jennifer Gaither, 2019-03 Michelle loves to yell and scream as loudly as she can The word quiet isn t even in her vocabulary until one of Michelle s classmates comes up with a plan to beat her at her own game *Louder than Words* Todd Henry, 2015-08-11 The next step in personal effectiveness by the acclaimed author of *The Accidental Creative* and *Die Empty* There has never been a better time to build an audience around your idea or product But with so many people and companies clamoring for attention it s also more challenging than ever to do work that deeply resonates with the marketplace and creates true and lasting impact According to Todd Henry the key to standing apart from the noise is to find your unique voice Those who identify and develop their voices will gain more attention and wield more influence But first they have to identify what they truly stand for develop a compelling vision and become masters of expressing their ideas in whatever media they choose Henry offers strategies exercises and true stories that illustrate the five attributes of resonant work Authenticity Uncover the narratives that are at the core of your personal and professional identity Uniqueness Identify what makes your work distinct from that of others and learn to creatively package and present your message Consonance Cultivate internal consistency and harmony in your work Empathy Listen to your audience s aspirations and struggles to make your message more compelling Timing Learn how to coordinate your work with ideas that already have cultural momentum Making your work speak is a life long process of trial error and realignment Henry s book will help readers build a body of work that resonates deeply and achieves lasting impact *Louder Birds* Angela Voras-Hills, 2020-02-15 Angela Voras Hills s *Louder Birds* her debut collection of poetry is a beautiful study of the natural world motherhood and the inherent desire for meaning This collection of complex lyric poems holds a haunting absence at its center an absence that is impossible to navigate Yet Voras Hills presses on untangling the distinctions that surround her human and animal domestic and wild with both bravery and respect She writes The boundaries between home and the road are insecure it s impossible to navigate this landscape We ve all been in the presence of something dark and have chosen not to seek shelter As the poet hones in on naming the void her surroundings grow more threatening but not once does she surrender or turn back Voras Hills s poems are smart enough to know the distinctions themselves are tenuous at best and wise enough to know that we must always pay our dues to the world beyond our door Wondrous ruminative and revelatory *Louder Birds* is a collection that is not to be missed [Love Louder](#) Preston Smiles, 2016-06-07 Former bad boy turned inspirational messenger Preston Smiles shakes things up in the world of personal development sharing a uniquely modern
