**Writing Lough Derg** Peggy O'Brien, 2006-09-18 The overarching purpose of this volume is to show how a discrete tradition of writing about Lough Derg a pilgrimage site in northwest Ireland helped contemporary Irish poets rescue free metaphysical inquiry from the grip of nationalism Linked with the supernatural pagan times Lough Derg had by the early twentieth century become an icon of the fusion of the Catholic Church and the Irish nation Surveying treatments of Lough Derg from William Carleton through Denis Devlin Patrick Kavanaugh and ultimately Seamus Heaney Peggy O'Brien addresses the role of spirituality in an increasingly cosmopolitan postmodern post Catholic Ireland Her extended treatment of Heaney culminates in an insightful juxtaposition with the Polish poet Czeslaw Milosz who also struggled with the conflation of Catholicism and patriotism

**Passage to the Center** Daniel Tobin, 2014-07-11 Nobel Laureate Seamus Heaney author of nine collections of poetry and three volumes of influential essays is regarded by many as the greatest Irish poet since Yeats Passage to the Center is the most comprehensive critical treatment to date on Heaney's poetry and the first to study Heaney's body of work up to Seeing Things and The Spirit Level It is also the first to examine the poems from the perspective of religion one of Heaney's guiding preoccupations According to Tobin the growth of Heaney's poetry may be charted through the recurrent figure of the center a key image in the relationship that evolved over time between the poet and his inherited place an evolution that involved the continual re-evaluation and re-vision of imaginative boundaries In a way that previous studies have not Tobin's work examines Heaney's poetry in the context of modernist and postmodernist concerns about the desacralizing of civilization and provides a challenging engagement with the work of a living master Lough Derg Eamonn Conway, 2016

**Lough Derg** Patrick Kavanagh, 1978

**Pilgrimage in Ireland** Peter Harbison, 1995-06-01 The landscape of Ireland is rich with ancient carved stone crosses tomb shrines Romanesque churches round towers sundials beehive huts Ogham stones and other monuments many of them dating from before the 12th century The purpose and function of these artifacts have often been the subject of much debate Peter Harbison proposes in this book a radical hypothesis that a great many of these relics can be explained in terms of ecclesiastical pilgrimage He has constructed a fascination theory about the palace of pilgrimage in the early Christian period placing it right at the center of communal life The monuments themselves make much better sense if it looked at in this light as having come into existence not through the practices of ascetic monks but because of the activities of pilgrims He begins by searching the historical sources in detail for evidence of early pilgrimage sites By examining their monuments he projects the findings to other locations where pilgrimage has not been documented He goes on to describe monument types of every kind and to identify pilgrims in sculpture surviving from before AD 1200 The Dingle Peninsula in Kerry proves to be a microcosm of pilgrimage monuments enabling the author to reconstruct a tradition of maritime pilgrimage activity up and down the west coast of Ireland Indeed the famous medieval traveler's tale of the fabulous voyage of the St Brendan the Navigator can now be seen as the literary expression of a

longstanding maritime pilgrimage along the Atlantic seaways of Ireland and Scotland reaching Iceland Greenland and even North America
