

Louis Althusser

Louis Althusser

Louis Althusser:

On Ideology Louis Althusser, 2020-03-24 The publication of *For Marx* and *Reading Capital* established Louis Althusser as one of the most influential figures in the Western Marxist tradition *On Ideology* charts Althusser's critique of the theoretical system unveiled in his own major works and his developing practice of philosophy as a revolutionary weapon *Louis Althusser and the Traditions of French Marxism* William Lewis, 2005-10-17 Throughout the course of the twentieth century communism has enjoyed direct competition with all other governmental and economic systems Often communist countries produced their own special brand of party intellectual These figures rightly occupied their place within their own national context and within the context of the International Some communist intellectuals through the high level of erudition exhibited in their writing have received a wider reception despite their direct linkage to party politics e.g. Antonio Gramsci Georg Lukacs and Victor Serge are good examples After 1956 when Khrushchev exposed Stalin's atrocities to the Twentieth Congress of the Communist Party of the Soviet Union and as a result to the entire world Marxist philosophy was widely discredited It had been assumed that Stalin's excesses were somehow encouraged or supported through Marx's thought When in the mid 1960s Louis Althusser first offered his re-readings of Marx's philosophy it and communist political practice were in ruin However Althusser was in a unique cultural and historical position Thinking and writing concomitant with the structuralists and poststructuralists in France and also having access to certain theoretical tools while simultaneously committing himself entirely to Marxist thought Althusser was conceivably the last of his tradition He was a Marxist philosopher who unlike Sartre at the end of his life did not abandon communism to for instance existentialism In *Louis Althusser and the Traditions of French Marxism* William Lewis gives readers a striking example of intellectual biography and critical theory His approach considering the work and life of Althusser within French Marxism and French intellectual culture fills a void in contemporary scholarship But much more importantly Lewis is able to show how Althusser's thought is the result of and a response to specific French intellectual and political traditions of reading Marx It is through this combination of concerns that *Louis Althusser and the Traditions of French Marxism* offers us a contemporary and poignant Althusser whose ideas under the weight of Lewis's pen can help us better understand what resources it may hold for philosophy political thought and cultural thought today

For Marx Louis Althusser, 2020-05-05 This is the work in which Louis Althusser formulated some of his most influential ideas *For Marx* first published in France in 1968 has come to be regarded as the founding text of the school of structuralist Marxism which was presided over by the fascinating and enigmatic figure of Louis Althusser Structuralism constituted an intellectual revolution in the 1960s and 1970s and radically transformed the way philosophy political and social theory history science and aesthetics were discussed and thought about *For Marx* was a key contribution to that process and it fundamentally recast the way in which many people understood Marx and Marxism This book contains the classic statements of Althusser's analysis of the young Marx and the importance of

Feuerbach during this formative period of his thesis of the epistemological break between the early and the late Marx and of his conception of dialectics contradiction and overdetermination Also included is a study of the materialist theater of Bertolazzi and Brecht and the critique of humanist readings of Marxism Since his death in 1990 Althusser's legacy has come under renewed examination and it is increasingly recognized that the influence of his ideas has been wider and deeper than previously thought reading *For Marx* in its audacity originality and rigor will explain why this impact was so significant

Althusser, The Infinite Farewell Emilio de Ípola, 2018-05-03 In *Althusser The Infinite Farewell* originally published in Spanish and appearing here in English for the first time Emilio de Ípola contends that Althusser's oeuvre is divided between two fundamentally different and at times contradictory projects The first is the familiar Althusser that of *For Marx* and *Reading Capital* Symptomatically reading these canonical texts alongside Althusser's lesser known writings de Ípola reveals a second subterranean current of thought that flows throughout Althusser's classic formulations and which only gains explicit expression in his later works This subterranean current leads Althusser to move toward an aleatory materialism or a materialism of the encounter By explicating this key aspect of Althusser's theoretical practice de Ípola revitalizes classic debates concerning major theoretico political topics including the relationship between Marxism structuralism and psychoanalysis the difference between ideology philosophy and science and the role of contingency and subjectivity in political encounters and social transformation In so doing he underscores Althusser's continuing importance to political theory and Marxist and post Marxist thought

Louis Althusser Luke Ferretter, 2007-05-07 Best known for his theories of ideology and its impact on politics and culture Louis Althusser revolutionized Marxist theory His writing changed the face of literary and cultural studies and continues to influence political modes of criticism such as feminism postcolonialism and queer theory Beginning with an introduction to the context of Marxist theory this book goes on to explain how Althusser interpreted and developed Marx's work the political implications of reading ideology and its significance for culture and criticism Althusser's aesthetic criticism of literature theatre and art Placing Althusser's key ideas in the context of earlier Marxist thought as well as tracing their development and impact Luke Ferretter presents a wide ranging yet accessible guide ideal for those new to the work of this influential critical thinker

On the Reproduction of Capitalism Louis Althusser, 2014-02-04 Louis Althusser's renowned short text *Ideology and Ideological State Apparatuses* radically transformed the concept of the subject the understanding of the state and even the very frameworks of cultural political and literary theory The text has influenced thinkers such as Judith Butler Ernesto Laclau and Slavoj Žižek The piece is in fact an extract from a much longer book *On the Reproduction of Capitalism* until now unavailable in English Its publication makes possible a reappraisal of seminal Althusserian texts already available in English their place in Althusser's oeuvre and the relevance of his ideas for contemporary theory *On the Reproduction of Capitalism* develops Althusser's conception of historical materialism outlining the conditions of reproduction in capitalist society and the revolutionary struggle for its

overthrow Written in the afterglow of May 1968 the text addresses a question that continues to haunt us today in a society that proclaims its attachment to the ideals of liberty and equality why do we witness the ever renewed reproduction of relations of domination Both a conceptually innovative text and a key theoretical tool for activists On the Reproduction of Capitalism is an essential addition to the corpus of the twentieth century Left *What is to be Done?* Louis Althusser, 2020-10-06 What is to be done This was the question asked by Lenin in 1901 when he was having doubts about the revolutionary capabilities of the Russian working class 77 years later Louis Althusser asked the same question Faced with the tidal wave of May 68 and the recurrent hostility of the Communist Party towards the protests he wanted to offer readers a succinct guide for the revolution to come Lively brilliant and engaged this short text is wholly oriented towards one objective to organise the working class struggle Althusser provides a sharp critique of Antonio Gramsci's writings and of Eurocommunism which seduced various Marxists at the time But this book is above all the opportunity for Althusser to state what he had not succeeded in articulating elsewhere what concrete conditions would need to be satisfied before the revolution could take place Left unfinished it is published here in English for the first time **Louis Althusser and the Traditions of French Marxism** William S. Lewis, 2005 Throughout the course of the twentieth century communism has enjoyed direct competition with all other governmental and economic systems Often communist countries produced their own special brand of party intellectual These figures rightly occupied their place within their own national context and within the context of the International Some communist intellectuals through the high level of erudition exhibited in their writing have received a wider reception despite their direct linkage to party politics e.g. Antonio Gramsci Georg Lukacs and Victor Serge are good examples After 1956 when Khrushchev exposed Stalin's atrocities to the Twentieth Congress of the Communist Party of the Soviet Union and as a result to the entire world Marxist philosophy was widely discredited It had been assumed that Stalin's excesses were somehow encouraged or supported through Marx's thought When in the mid 1960s Louis Althusser first offered his re-readings of Marx's philosophy it and communist political practice were in ruin However Althusser was in a unique cultural and historical position Thinking and writing concomitant with the structuralists and poststructuralists in France and also having access to certain theoretical tools while simultaneously committing himself entirely to Marxist thought Althusser was conceivably the last of his tradition He was a Marxist philosopher who unlike Sartre at the end of his life did not abandon communism to for instance existentialism In *Louis Althusser and the Traditions of French Marxism* William Lewis gives readers a striking example of intellectual biography and critical theory His approach considering the work and life of Althusser within French Marxism and French intellectual culture fills a void in contemporary scholarship But much more importantly Lewis is able to show how Althusser's thought is the result of and a response to specific French intellectual and political traditions of reading Marx It is through this combination of concerns that *Louis Althusser and the Traditions of French Marxism* offers us a contemporary and poignant Althusser whose ideas under the

weight of Lewis's pen can help us better understand what resources it may hold for philosophy, political thought and cultural thought today

Machiavelli and Us François Matheron, Louis Althusser, 2020-05-05 We do not publish our own drafts that is our own mistakes but we do sometimes publish other people's Louis Althusser once observed of Marx's early writings Among his own posthumously released drafts one at least is incontestably neither mistake nor outtake the text of his lecture course on Machiavelli originally delivered at the cole Normale Supérieure in 1972 intermittently revised up to the mid 1980s and carefully prepared for publication after his death in 1990 Though only appearing as an occasional reference in the Marxist philosopher's oeuvre Machiavelli was an unseen constant presence For together with Spinoza and Marx Machiavelli was a veritable Althusserian passion Machiavelli and Us reveals why and will be welcomed for the light it sheds on the richly complex thought of its author

The Spectre Of Hegel Louis Althusser, 2014-01-07 Louis Althusser is remembered today as the scourge of humanist Marxism but that was his later incarnation an identity formed by years grappling with the intellectual inheritance of Hegel and Catholicism The Spectre of Hegel collects the writings of the young Althusser before his final epistemological break with the philosopher's work in 1953 Including his famed essay Ideology and Ideological State Apparatuses The Spectre of Hegel gives a unique insight into Althusser's engagement with a philosophy he would later renounce

For Marx Louis Althusser, 2010-11-22 This is the work in which Louis Althusser formulated some of his most influential ideas For Marx first published in France in 1968 has come to be regarded as the founding text of the school of structuralist Marxism which was presided over by the fascinating and enigmatic figure of Louis Althusser Structuralism constituted an intellectual revolution in the 1960s and 1970s and radically transformed the way philosophy, political and social theory, history, science and aesthetics were discussed and thought about For Marx was a key contribution to that process and it fundamentally recast the way in which many people understood Marx and Marxism This book contains the classic statements of Althusser's analysis of the young Marx and the importance of Feuerbach during this formative period of his thesis of the epistemological break between the early and the late Marx and of his conception of dialectics, contradiction and overdetermination Also included is a study of the materialist theater of Bertolazzi and Brecht and the critique of humanist readings of Marxism Since his death in 1990 Althusser's legacy has come under renewed examination and it is increasingly recognized that the influence of his ideas has been wider and deeper than previously thought reading For Marx in its audacity, originality and rigor will explain why this impact was so significant

Philosophy and the Spontaneous Philosophy of the Scientists Louis Althusser, 2020-05-05 Intended to contribute in his own words to a left wing critique of Stalinism that would help put some substance back into the revolutionary project here in the West they are the record of a shared history At the same time they chart Althusser's critique of the theoretical system unveiled in his own major works and his developing practice of philosophy as a revolutionary weapon Attesting to the unique place which Althusser has occupied in modern intellectual history between a tradition of Marxism which he sought to reconstruct and a post Marxism which has

eclipsed its predecessor these texts are indispensable reading

Politics and History Louis Althusser, 2007-01-17 In the first two essays of this book Louis Althusser analyses the work of two of the greatest thinkers of the Enlightenment Montesquieu and Rousseau He shows that although they made considerable advances towards establishing a science of politics particularly in comparison with the theorists of natural law they nevertheless remained the victims of the ideologies of their day and class Montesquieu accepted as given the political notions current in French absolutism Rousseau attempted to impose by moral conversion an already outdated mode of production The third essay examines Marx's relationship to Hegel and elaborates on the discussions of this theme in Althusser's earlier books For Marx and Lenin and Philosophy Althusser argues that Marx was able to establish a theory of historical materialism and the possibility of a Marxist philosophy of dialectical materialism not simply by turning his back on Hegel but by extracting and converting certain categories from Hegel's Logic and applying them to English political economy and French socialist political theory

Lenin and Philosophy and Other Essays Louis Althusser, 2006 Today We Are In A Position To Return To Althusser's Work In A New Way And Make A New Assessment Of It Writes Frederic Jameson In His Introduction To This New Edition Of Louis Althusser's Lenin And Philosophy No Figure Loomed Larger Than Althusser In Marxist Thought In The West During The 1960s And 70s The Decades In Which The Soviet Model Was Discredited In The West And New Avenues Opened Up In Marxist Philosophy And Politics Althusser Stood Out For His Attempt To Define A Marxist Philosophy That Was Rigorous Scientific And Revolutionary In The Process He Set New Standards Of Argumentation For Marxist Theory As Jameson Shows In His Introduction The Essays That Had So Massive And Fertile An Influence In Those Decades Continue To Speak To Us Today From These Essays There Emerges A Conception Of Marxism As Something More And Other Than A Philosophy Its Concepts Are Also Forms Of Practice So That One Cannot Simply Debate Them In A Disinterested Philosophical Way Without The Uncomfortable Intervention Of Practical Positions And Commitments This Classic Work Covers The Broad Range Of Althusser's Interests And Contributions In Philosophy Economics Psychology Aesthetics And Politics It Includes His Major Essay On Ideology And Ideological State Apparatuses This Path Breaking Analysis Of Ideology Has Inspired A Range Of Recent Approaches To This Field Which Remains Central To Our Own Time Lenin And Philosophy Also Contains Althusser's Essay On Lenin's Study Of Hegel Freud And Lacan His Letter On Art And Cremonini Painter Of The Abstract The Book Opens With A 1968 Interview In Which He Discusses His Personal Political And Intellectual History

Althusser and Art Jonathan R Fardy, 2020-03-27 Althusser and Art offers a reading of Althusserianism as a meta mediation on the question concerning the aesthetics of theory Fardy shows that Althusserian theory is part of a larger genealogy of thought stretching from Korsch through Laruelle that has been primarily concerned with the search for a form of theory an aesthetic of theorizing capable of transcending the theory practice dialectic

Essays on Ideology Louis Althusser, 1984

The Humanist Controversy and Other Writings François Matheron, Louis Althusser, 2020-05-05 There can be little doubt that Louis Althusser was one of the most influential

philosophers of the twentieth century and his influence subsists in many of the concepts currently deployed in disciplines such as cultural studies social theory and literary criticism Yet Althusser was also a leading intellectual in the French Communist Party and a foremost participant in the debates in the human sciences that are marked by the names of Claude Lvi Strauss Jacques Lacan and Georges Canguilhem His writings were major interventions in a specific political and theoretical conjuncture and it is this aspect of his work that this new collection of previously untranslated texts seeks to reflect Consisting of writings from the very height of Althusser s intellectual powers during the period 1966 67 this book covers among other things the critique of Lvi Strauss s structuralism the theory of discourse and its relationship to psychoanalysis the place of Ludwig Feuerbach the tasks of Marxist philosophy and the famous humanist controversy

Louis Althusser and the Traditions of French Marxism William S. Lewis, 2005 In a careful exposition of French Marxism William Lewis places Althusser and his thought alongside the pre and post war French communist intellectual climate the result is an excellent and unique work Part theoretical treatise on some of Althusser s more complicated and less explored ideas part intellectual history Louis Althusser and the Traditions of French Marxism is in total an important text for philosophy French and francophone studies political thought cultural studies marxist thought and several other disciplines interested in the intellectual life and times of the twentieth century Lenin and Philosophy and Other Essays Louis Althusser, 2001 Louis Althusser has tackled a wide variety of subjects including philosophy economics psychology aesthetics and political science This book contains a selection of his writings **The Future Lasts Forever** Louis Althusser, Olivier Corpet, Yann Moulier Boutang, 1995 On November 16 1980 Louis Althusser while massaging his wife s neck discovered that he had strangled her The world renowned French philosopher was immediately confined to an insane asylum where he authored this memoir a profound yet subtle exercise in documenting madness from the inside
