Louis Althusser Transitions:

What is to be Done? Louis Althusser, 2020-10-06 What is to be done This was the question asked by Lenin in 1901 when he was having doubts about the revolutionary capabilities of the Russian working class 77 years later Louis Althusser asked the same question Faced with the tidal wave of May 68 and the recurrent hostility of the Communist Party towards the protests he wanted to offer readers a succinct guide for the revolution to come Lively brilliant and engaged this short text is wholly oriented towards one objective to organise the working class struggle Althusser provides a sharp critique of Antonio Gramsci's writings and of Eurocommunism which seduced various Marxists at the time But this book is above all the opportunity for Althusser to state what he had not succeeded in articulating elsewhere what concrete conditions would need to be satisfied before the revolution could take place Left unfinished it is published here in English for the first time

Rethinking Marxist Approaches to Transition Onur Acaroglu, 2020-09-25 In *Rethinking Marxist Theories of Transition* Onur Acaroglu traces the concept of transition across the tracts of Classical and Western Marxism Rarely directly invoked transition between different societies appears as an imminent social reality and a useful conceptual tool for critical social theory Transitions as qualitative shifts between societies are often considered as eventual historical stages or effaced altogether Theorising transition in a new direction Onur Acaroglu elaborates a theory of temporal dislocation Considering transition through a framework of out of joint temporalities the notion comes through as an undervalued tendency in social reproduction

On the Reproduction of Capitalism Louis Althusser, 2014-02-04 Louis Althusser's renowned short text *Ideology and Ideological State Apparatuses* radically transformed the concept of the subject the understanding of the state and even the very frameworks of cultural political and literary theory The text has influenced thinkers such as Judith Butler Ernesto Laclau and Slavoj Žižek The piece is in fact an extract from a much longer book *On the Reproduction of Capitalism* until now unavailable in English Its publication makes possible a reappraisal of seminal Althusserian texts already available in English their place in Althusser's oeuvre and the relevance of his ideas for contemporary theory *On the Reproduction of Capitalism* develops Althusser's conception of historical materialism outlining the conditions of reproduction in capitalist society and the revolutionary struggle for its overthrow Written in the afterglow of May 1968 the text addresses a question that continues to haunt us today in a society that proclaims its attachment to the ideals of liberty and equality why do we witness the ever renewed reproduction of relations of domination Both a conceptually innovative text and a key theoretical tool for activists *On the Reproduction of Capitalism* is an essential addition to the corpus of the twentieth century Left

Louis Althusser Luke Ferretter, 2007-05-07 Best known for his theories of ideology and its impact on politics and culture Louis Althusser revolutionized Marxist theory His writing changed the face of literary and cultural studies and continues to influence political modes of criticism such as feminism postcolonialism and queer theory Beginning with an introduction to the context of Marxist theory this book goes on to explain how Althusser interpreted and developed Marx's work the political
