Clara and Mr. Tiffany Susan Vreeland, 2011-01 Hoping to honor his father and the family business with innovative glass designs Louis Comfort Tiffany launches the iconic Tiffany lamp as designed by women s division head Clara Driscoll who struggles with the mass production of her creations and grieves the losses of two husbands By the author of *The Girl in Hyacinth Blue* *The Peacock Feast* Lisa Gornick, 2019-02-05 From one of the most perceptive compassionate writers of fiction in America immensely talented and brave Michael Schaub NPR a historical saga about love class and the past we never escape *The Peacock Feast* opens on a June day in 1916 when Louis C Tiffany the eccentric glass genius dynamites the breakwater at Laurelton Hall his fantastical Oyster Bay mansion with columns capped by brilliant ceramic blossoms and a smokestack hidden in a blue banded minaret so as to foil the town from reclaiming the beach for public use The explosion shakes both the apple crate where Prudence the daughter of Tiffany s prized gardener is sleeping and the rocks where Randall her seven year old brother is playing Nearly a century later Prudence receives an unexpected visit at her New York apartment from Grace a hospice nurse and the granddaughter of Randall who Prudence never saw again after he left at age fourteen for California The mementos Grace carries from her grandfather s house stir Prudence s long repressed memories and bring her to a new understanding of the choices she made in work and love and what she faces now in her final days Spanning the twentieth century and three continents *The Peacock Feast* ricochets from Manhattan to San Francisco from the decadent mansions of the Tiffany family to the death row of a Texas prison and from the London consultation room of Anna Freud to a Mendocino commune With psychological acuity and aching eloquence Lisa Gornick has written a sweeping family drama an exploration of the meaning of art and the art of dying and an illuminating portrait of how our decisions reverberate across time and space *The Book of Harlan* Bernice L. McFadden, 2016-05-03 During WWII two African American musicians are captured by the Nazis in Paris and imprisoned at the Buchenwald concentration camp Simply miraculous As her saga becomes ever more spellbinding so does the reader s astonishment at the magic she creates This is a story about the triumph of the human spirit over bigotry intolerance and cruelty and at the center of *The Book of Harlan* is the restorative force that is music Washington Post McFadden s writing breaks the heart and then heals it again The perspective of a black man in a concentration camp is unique and harrowing and this is a riveting worthwhile read Toronto Star *The Book of Harlan* opens with the courtship of Harlan s parents and his 1917 birth in Macon Georgia After his prominent minister

grandfather dies Harlan and his parents move to Harlem where he eventually becomes a professional musician When Harlan and his best friend trumpeter Lizard Robbins are invited to perform at a popular cabaret in the Parisian enclave of Montmartre affectionately referred to as The Harlem of Paris by black American musicians Harlan jumps at the opportunity convincing Lizard to join him But after the City of Light falls under Nazi occupation Harlan and Lizard are thrown into Buchenwald the notorious concentration camp in Weimar Germany irreparably changing the course of Harlan's life Based on exhaustive research and told in McFadden's mesmeric prose *The Book of Harlan* skillfully blends the stories of McFadden's familial ancestors with those of real and imagined characters

Objects, Audiences, and Literatures Carma Gorman, David Raizman, 2009-03-26

In *Objects Audiences and Literatures* Alternative Narratives in the History of Design five art historians tap a variety of unexpected literary sources to reveal the dynamic relationship between intention and reception in architecture interior design costume and the decorative arts The essays consider both handcrafted and serially produced objects from the eighteenth to the mid twentieth centuries including a japanned high chest from colonial Boston German and Austrian Artistic Dress Tiffany lamps the architecture of the 1925 Exposition Internationale des Arts Decoratifs et Industriels in Paris and the dream homes portrayed in two popular postwar American films The five chapters demonstrate that a complex and even contradictory mixture of stakeholders determines the meanings of designed objects Each author examines popular forms of literature in order to reveal the preconceptions that viewers brought with them to the experience of looking at and using objects The authors' attentiveness to viewers' class and gender provides a methodological model for approaching the study of reception within the field of design history *Objects Audiences and Literatures* introduces a new generation of historians of design and decorative arts with five superb case studies Looking beyond the laconic historical data that has formed the backbone of scholarship in this field these authors plumb popular culture films advertisements and especially novels to understand contemporaneous meanings of objects Using these polyglot sources with an eye particularly on narrative and gender they suss out heretofore unnoticed dissonances between the prescriptive pronouncements of avant garde insiders and the reception that design innovation found in broader publics These wide ranging essays are marked by imagination exuberance and acuity I look forward to using it in my teaching

Margaretta M Lovell University of California Berkeley

This is a welcome addition to the literature that addresses the growing scholarly and popular interest in design and design history Drawing on an impressive array of examples the authors explore how class gender and cultural context shaped the reception of architecture interior design costume and the decorative arts at various moments in the modern era The collection is noteworthy for the way each of the contributors draws upon literary sources for insights into design and material culture that transcend the specific examples under review
