Love Affair With Life:

Lifelong Love Affair Jimmy Evans, Frank Martin, 2012-09-01 God didn't create marriage to frustrate us, test us, or to make us feel unworthy or inadequate. He created marriage to be the most fulfilling and sacred of all human covenants. It was designed to be passionate and rewarding and to meet our deepest needs and desires. And it was meant to last a lifetime. So how do you build an indestructible marriage that is filled with passion, purpose, and excitement? In *Lifelong Love Affair*, Jimmy Evans shows couples how to embrace God's dream for their marriage, cultivate romance and fun, and fulfill each other's spiritual, emotional, and sexual needs. With more marriages today ending in divorces than ever before, and more young people cohabiting rather than getting married, the message of this book is sorely needed. Any married couple and anyone considering marriage will find *Lifelong Love Affair* an essential tool they will turn to again and again for inspiration and strength.

Foreword by Drs. Les and Leslie Parrott **A Deepening Love Affair** Jane Marie Thibault, 1993 *Build a Life-long Love Affair* Andrew G. Marshall, 2011-02-07 Making small changes which can reignite the passion in your relationship: a practical guide to the six stages of love *A Love Affair with Birds* Sue Leaf, 2013-05-01 The father of Minnesota ornithology whose life story opens a window on a lost world of nature and conservation in the state's early days. Imagine a Minneapolis so small that on calm days the roar of St. Anthony Falls could be heard in town, a time when passenger pigeons roosted in neighborhood oak trees. Now picture a dapper professor conducting his ornithology class, the university's first by streetcar, to Lake Harriet for a morning of bird watching. The students were mostly young women in sunhats, sailor tops, and long skirts with binoculars strung around their necks. The professor was Thomas Sadler Roberts, 1858-1946, a doctor for three decades, a bird lover virtually from birth, the father of Minnesota ornithology, and the man who perhaps more than any other promoted the study of the state's natural history. *A Love Affair with Birds* is the first full biography of this key figure in Minnesota's past. Roberts came to Minnesota as a boy and began keeping detailed accounts of Minneapolis's birds. These journals, which became the basis for his landmark work *The Birds of Minnesota*, also inform this book, affording a view of the state's rich avian life in its early days and of a young man whose passion for birds and practice of medicine in a young Minneapolis eventually dovetailed in his launching of the beloved Bell Museum of Natural History. Bird enthusiast, doctor, author, curator, educator, conservationist: every chapter in Roberts's life is also a chapter in the state's history, and in his story, acclaimed author Sue Leaf, an avid bird enthusiast and nature lover herself, captures a true Minnesota character and his time.
