Love Is A Sweet Chain Desire Freedom And Authenticity In Liberal Theory:

Love is a Sweet Chain James Martel, 2012-10-12 Notions of love intersect with ideas on personal liberty obligation individuality self and difference in this study James Martel contends that theorists inattention to the subject has impoverished our explorations of political discourse [Forthcoming Books](#) Rose Arny, 2001-08 [How Not to Be Governed](#) Jimmy Casas Klausen, James Martel, 2011-01-13 *How Not to Be Governed* explores the contemporary debates and questions concerning anarchism in our own time The authors address the political failures of earlier practices of anarchism and the claim that anarchism is impracticable by examining the anarchisms that have been theorized and practiced in the midst of these supposed failures The authors revive the possibility of anarchism even as they examine it with a critical lens Rather than breaking with prior anarchist practices this volume reveals the central values and tactics of anarchism that remain with us practiced even in the most unlikely and impossible contexts [American Book Publishing Record](#), 2001 [Books In Print 2004-2005](#) Ed Bowker Staff, Staff Bowker, Ed, 2004 **My New Roots** Sarah Britton, 2015-03-31 At long last Sarah Britton called the queen bee of the health blogs by Bon App tit reveals 100 gorgeous all new plant based recipes in her debut cookbook inspired by her wildly popular blog Every month half a million readers vegetarians vegans paleo followers and gluten free gourmets alike flock to Sarah's adaptable and accessible recipes that make powerfully healthy ingredients simply irresistible *My New Roots* is the ultimate guide to revitalizing one's health and palate one delicious recipe at a time no fad diets or gimmicks here Whether readers are newcomers to natural foods or are already devotees they will discover how easy it is to eat healthfully and happily when whole foods and plants are at the center of every plate [The Coquette](#) Hannah Webster Foster, 1855 *Ecology of Everyday Life* Chaia Heller, 1999 *Ecology of Everyday Life* examines the ecological impulse as a desire for nature a desire that emerges as people within industrial capitalist contexts respond to the personal and aesthetic rather than the physical and political implications of ecological breakdown While exploring the historical causes of this romantic desire for nature Heller also offers a way to reconstruct ideas of both nature and desire drawing from feminist anarchist and social ecological theory She provides an activist response to ecological questions arguing that the ecology movement too often links ecological problems to personal psychological and spiritual concerns rather than to concerns of social justice Yet rather than dismiss such personal and qualitative concerns Heller links the desire for a more meaningful and integral quality of life to the activist impulse itself Questioning assumptions about nature desire and the ecological agenda the author encourages readers to consider new ways of desiring nature that entail changes not only in personal life style and outlook but changes in social institutions as well Chaia Heller holds a MA in psychology and has worked for many years as a clinical social worker counselling and advocating for women struggling with issues of domestic abuse and poverty In addition she has had a long career as a teacher and international lecturer in the fields of social ecology and ecofeminism and is currently on the faculty at the Institute for Social Ecology She also teaches at the University of

Massachusetts where she is pursuing a PhD Essays on Political Economy Frédéric Bastiat, 1880 *The Ecology of Freedom* Murray Bookchin, 1991 The Ecology of Freedom his most exciting and far reaching work yet This engaging and extremely readable book s scope is downright breathtaking Using an inspired synthesis of ecology anthropology philosophy and political theory it traces our society s conflicting legacies of freedom and domination from the first emergence of human culture to today s global capitalism The theme of Bookchin s grand historical narrative is straightforward environmental economic and political devastation are born at the moment that human societies begin to organize themselves hierarchically And despite the nuance and detail of his arguments the lesson to be learned is just as basic our nightmare will continue until hierarchy is dissolved and human beings develop more sane sustainable and egalitarian social structures The Ecology of Freedom is indispensable reading for anyone who s tired of living in a world where everything and everyone is an exploitable resource It includes a brand new preface by the author Book jacket **Socialism - An Economic and Sociological**

Analysis Ludwig von Mises, 2016-11-24 Socialism is the watchword and the catchword of our day The socialist idea dominates the modern spirit The masses approve of it It expresses the thoughts and feelings of all it has set its seal upon our time When history comes to tell our story it will write above the chapter The Epoch of Socialism As yet it is true Socialism has not created a society which can be said to represent its ideal But for more than a generation the policies of civilized nations have been directed towards nothing less than a gradual realization of Socialism 17 In recent years the movement has grown noticeably in vigour and tenacity Some nations have sought to achieve Socialism in its fullest sense at a single stroke Before our eyes Russian Bolshevism has already accomplished something which whatever we believe to be its significance must by the very magnitude of its design be regarded as one of the most remarkable achievements known to world history Elsewhere no one has yet achieved so much But with other peoples only the inner contradictions of Socialism itself and the fact that it cannot be completely realized have frustrated socialist triumph They also have gone as far as they could under the given circumstances Opposition in principle to Socialism there is none Today no influential party would dare openly to advocate Private Property in the Means of Production The word Capitalism expresses for our age the sum of all evil Even the opponents of Socialism are dominated by socialist ideas In seeking to combat Socialism from the standpoint of their special class interest these opponents the parties which particularly call themselves bourgeois or peasant admit indirectly the validity of all the essentials of socialist thought For if it is only possible to argue against the socialist programme that it endangers the particular interests of one part of humanity one has really affirmed Socialism If one complains that the system of economic and social organization which is based on private property in the means of production does not sufficiently consider the interests of the community that it serves only the purposes of single strata and that it limits productivity and if therefore one demands with the supporters of the various social political and social reform movements state interference in all fields of economic life then one has fundamentally accepted the principle of the socialist programme Or again if one can

only argue against socialism that the imperfections of human nature make its realization impossible or that it is inexpedient under existing economic conditions to proceed at once to socialization then one merely confesses that one has capitulated to socialist ideas The nationalist too affirms socialism and objects only to its Internationalism He wishes to combine Socialism with the ideas of Imperialism and the struggle against foreign nations He is a national not an international socialist but he also approves of the essential principles of Socialism

Against Love Laura Kipnis, 2004-09-14 A polemic against love that is engagingly acerbic extremely funny A deft indictment of the marital ideal as well as a celebration of the dissent that constitutes adultery delivered in pointed daggers of prose The New Yorker Who would dream of being against love No one Love is as everyone knows a mysterious and all controlling force with vast power over our thoughts and life decisions But is there something a bit worrisome about all this uniformity of opinion Is this the one subject about which no disagreement will be entertained about which one truth alone is permissible Consider that the most powerful organized religions produce the occasional heretic every ideology has its apostates even sacred cows find their butchers Except for love Hence the necessity for a polemic against it A polemic is designed to be the prose equivalent of a small explosive device placed under your E Z Boy lounge It won't injure you well not severely it's just supposed to shake things up and rattle a few convictions

Cruel Optimism Lauren Berlant, 2011-10-27 A relation of cruel optimism exists when something you desire is actually an obstacle to your flourishing Offering bold new ways of conceiving the present Lauren Berlant describes the cruel optimism that has prevailed since the 1980s as the social democratic promise of the postwar period in the United States and Europe has retracted People have remained attached to unachievable fantasies of the good life with its promises of upward mobility job security political and social equality and durable intimacy despite evidence that liberal capitalist societies can no longer be counted on to provide opportunities for individuals to make their lives add up to something Arguing that the historical present is perceived affectively before it is understood in any other way Berlant traces affective and aesthetic responses to the dramas of adjustment that unfold amid talk of precarity contingency and crisis She suggests that our stretched out present is characterized by new modes of temporality and she explains why trauma theory with its focus on reactions to the exceptional event that shatters the ordinary is not useful for understanding the ways that people adjust over time once crisis itself has become ordinary Cruel Optimism is a remarkable affective history of the present

Democratick Editorials William Leggett, 1841 William Leggett 1801-1839 was the intellectual leader of the laissez faire wing of Jacksonian democracy His diverse writings applied the principle of equal rights to liberty and property These editorials maintain a historical and contemporary relevance Lawrence H White is Professor of Economics at the University of Georgia

The Therapy of Desire Martha C. Nussbaum, 2013-06-06 The Epicureans Skeptics and Stoics practiced philosophy not as a detached intellectual discipline but as a worldly art of grappling with issues of daily and urgent human significance In this classic work Martha Nussbaum maintains that these Hellenistic schools have been unjustly

neglected in recent philosophic accounts of what the classical tradition has to offer By examining texts of philosophers such as Epicurus Lucretius and Seneca she recovers a valuable source for current moral and political thought and encourages us to reconsider philosophical argument as a technique through which to improve lives Written for general readers and specialists *The Therapy of Desire* addresses compelling issues ranging from the psychology of human passion through rhetoric to the role of philosophy in public and private life *Mill's On Liberty* C.
