Love Is No Handicap:

Conditional Love Meira Weiss, 1994-02-28 Questioning the myth of unconditional love between parents and children this study examines the strength of the parental bond when children are born with physical defects The author a social scientist studied parents behavior toward 1 450 children born with defects in three hospitals in Israel and then conducted follow up studies over a period of six years with 200 families in their homes One of the major recurring patterns of parental behavior was a massive tendency toward rejection of deformed children The author describes how the deformity causes confusion in the parents cognitive system labeling the child with a name such as monster or devil or creature or another non human category Parents reactions to their children s body image are discussed and the concept of body boundaries is analyzed This study refutes most assumptions in the literature and shows that forming bonds with one s biological child is not necessarily spontaneous automatic or natural and that every child undergoes a process of adoption or rejection based on external appearance and whether or not that appearance matches the parents image of a person From product description

Dunn, 1982 **The Author of Love** Joc Anderson, 2011-07-08 Throughout history God has been depicted variously as a judgmental tyrant a grand conciliator and even as a rather low key comic portrayed by the cigar smoking George Burns in the movie Oh God The question thats begging to be answered is Who is God This devotional evolved out of one persons desire to portray God in a truer light In the Book of Job God reprimanded Jobs friends for failing to speak truthfully about Him They misrepresented His character Job on the other hand understood His Maker and was therefore the single voice of truth in an otherwise corrupt world Can you honestly say that you know your Creator Can you speak truthfully about Him This devotional will help you get to know the real God who is neither the judgmental tyrant nor the light weight movie character He is if nothing else a God of love and compassion At the conclusion of your devotionals I have formulated a Love Quotient L Q test to measure the depth of your love The questions are designed to be thought provoking and insightful You may also find them a bit daunting and uncomfortable Answer each question according to your beliefs There are no wrong or right answers

A groundbreaking collection of first-person writing on the joys and challenges of the modern disability experience. Disability Visibility brings together the voices of activists, authors, lawyers, politicians, artists, and everyday people whose daily lives are in the words of playwright Neil Marcus, an ingenious way to live. Edited by MacArthur Genius Grant Fellow Alice Wong, shares perspectives that are too often missing from such decision-making about accessibility. The Washington Post. According to the last census, one in five people in the United States lives with a disability. Some are visible, some are hidden, but all are underrepresented in media and popular culture. Now, just in time for the thirtieth anniversary of the Americans with Disabilities Act, activist Alice Wong brings together an urgent, galvanizing collection of personal essays by contemporary disabled writers. There is Harriet McBryde Johnson's *Unspeakable Conversations*, which describes her famous debate with Princeton philosopher Peter Singer over her own personhood. There is columnist s.e. smith's celebratory review of a work of theater by disabled performers. There are original pieces by up-and-coming authors like Keah Brown and Haben Girma. There are blog posts, manifestos, eulogies, and testimonies to Congress. Taken together, this anthology gives a glimpse of the vast richness and complexity of the disabled experience, highlighting the passions, talents, and everyday lives of this community. It invites readers to question their own assumptions and understandings. It celebrates and documents disability culture in the now. It looks to the future and past with hope and love. *In Sickness and in Health* Ben Mattlin, 2018-01-30. A frank, humorous exploration of interabled dating, love,

and marriage Ben Mattlin's wife ML recalls falling in love with his confidence and sheer determination. On one of their earliest dates he persuaded her to ride on his lap in his wheelchair on their way home from an Elvis Costello concert. Thirty years later they still travel like this from time to time, undaunted by the curious stares following them down the street. But In Sickness and in Health is more than an inspiring story of how a man born with spinal muscular atrophy, a congenital and incurable neuromuscular condition, survived childhood, graduated from Harvard, married an able-bodied woman, built a family with two daughters and a cat and a turtle, established a successful career in journalism and lived happily ever after. As Mattlin considers the many times his relationship has been met with surprise or speculation by outsiders, those who consider his wife a saint or him just plain lucky for finding love, he issues a challenge to readers: why should the idea of an interabled couple be regarded as either tragic or noble? Through conversations with more than a dozen other couples of varying abilities, ethnic backgrounds and orientations, Mattlin sets out to understand whether these pairings are as unusual as onlookers seem to think. Reflecting on his own experience, he wonders: How do people balance the stresses of personal care with the thrill of romance? Is it possible that the very things that appear to be insurmountable obstacles to a successful relationship—the financial burdens, the physical differences, the added element of an especially uncertain future—could be the building blocks of an enviable level of intimacy and communication that other couples could only dream of? We meet Shane Burcaw, a twenty-three-year-old writer who offers a glimpse of his first forays into dating with a disability; There's Rachelle Friedman, the paralyzed bride as the media refers to her, and her husband discussing the joys and challenges of a new marriage and a growing family; And Christina Crosby and her partner Janet Jakobsen reflect on how Crosby's disabling accident called for them to renegotiate their roles and expectations in their long-term relationship. What emerges is a candid glimpse into the challenges and joys of interabled love, from the first blush of sexual awakening to commitment and marriage and through to widowhood.

Hints for Lovers Arnold Haultain, 2024-11-24 Aphorisms are seldom couched in such terms that they should be taken as they sound precisely or according to the widest extent of signification but do commonly need exposition and admit exception; otherwise frequently they would not only clash with reason and experience but interfere, thwart and supplant one another. Issac Barrow: The very essence of an aphorism is that slight exaggeration which makes it more biting whilst less rigidly accurate. Leslie
