Love Of France:

Le Road Trip Vivian Swift, 2012-04-10 Traces an idyllic French honeymoon trip while sharing lighthearted tips and advice on how to thrive as a traveler in a book with hundreds of watercolor and line illustrations **Sixty Million Frenchmen Can't be Wrong** Jean-Benoit Nadeau, 2014-11-12 The French drink smoke and eat more fat than anyone in the world yet they live longer and have fewer heart problems than the English and the Americans They work 35 hour weeks and take seven weeks paid holiday each year yet they are the world's fourth biggest economic power So how do they do it From a distance modern France looks like a riddle It is both rigidly authoritarian yet incredibly inventive traditional even archaic yet modern lacking clout on the international stage yet still hugely influential But with the observations anecdotes and analysis of the authors who spent nearly three years living in France it begins to make sense **Sixty Million Frenchmen Can't Be Wrong** is a journey into the French heart mind and soul This book reveals French ideas about land food privacy and language and weaves together the threads of French society uncovering the essence of life in France and giving for the first time a complete picture of the French Pardon My French Allen Johnson, 2015-10-27 To make a friend is a joy To make a friend in another country is a wonderment a small miracle **Pardon My French** follows the lives of an American couple who have embraced a daunting mission Not to be spectators in France but to be absorbed by France Amidst the minefields of linguistic faux pas the perplexities of French gestures the exquisite and often exotic cuisine and the splendor of Christmas on the Mediterranean see what it is like for an occasionally gruff American to be adopted into a new family Witness the hugging the teasing and the laughter that follows when nothing on earth could be more perfect Experience what it is like to fall in love with the French Follow the adventures of the author as he pits his rather staid and conventional driving skills against the French speed demons of Languedoc Step into his sneakers as he tests his basketball prowess against the young French bucks adorned with backward ball caps and over the knee Chicago Bulls game shorts Watch how he frolics in the Mediterranean Sea for the first time with a French topless companion Marvel as he sits in with a world class French jazz band Observe him overcome his shyness in talking to the beautiful nude model from his painting class in the studio atop the village police station Envision how he learns to dance the tango with his head upright his chest expanded and his strides befitting a newly adorned French god one with sensuality on his mind French Women Don't Sleep Alone: Jamie Cat Callan, 2011-04-01 The author of *Parisian Charm School* and *Bonjour Happiness* shares the secrets French women have long known about love and romance French women know that the gift for attracting men has nothing to do with beauty dating or following the rules They don't listen to Dr Phil's advice They don't worry about the care and feeding of their boyfriend And they certainly don't think men are from Mars On the contrary French women's love lives are romantic sensual playful and intense They conduct their relationships with the same originality and artfulness that they bring to their sense of style And American women could learn a thing or two from their example For the first time ever Jamie Cat Callan gives readers a personalized guided tour

When in French Lauren Collins,2017-11-07 A language barrier is no match for love Lauren Collins discovered this firsthand when in her early thirties she moved to London and fell for a Frenchman named Olivier a surprising turn of events for someone who didn t have a passport until she was in college But what does it mean to love someone in a second language Collins wonders as her relationship with Olivier continues to grow entirely in English Are there things she doesn t understand about Olivier having never spoken to him in his native tongue Does I love you even mean the same thing as je t aime When the couple newly married relocates to Francophone Geneva Collins fearful of one day becoming a Borat of a mother who doesn t understand her own kids decides to answer her questions for herself by learning French When in French is a laugh out loud funny and surprising memoir about the lengths we go to for love as well as an exploration across culture and history into how we learn languages and what they say about who we are Collins grapples with the complexities of the French language enduring excruciating role playing games with her classmates at a Swiss language school and accidentally telling her mother in law that she s given birth to a coffee machine In learning French Collins must wrestle with the very nature of French identity and society which it turns out is a far cry from life back home in North Carolina Plumbing the mysterious depths of humanity s many forms of language Collins describes with great style and wicked humor the frustrations embarrassments surprises and finally joys of learning and living in French
