Love Of Knowledge:

The Love of Knowledge Conducive to Happiness and Virtue. A Sermon [on Prov. ii. 10, 11], Etc John Gooch ROBBERDS,1838 *Love of Knowledge* Tarthang (Tulku),Tarthang Tulku,1987 Knowledge is an active process expressed through inquiry itself and is not just a matter of content *The Oxford Handbook of the Philosophy of Love* Christopher Grau,Aaron Smuts,2024 The Oxford Handbook of the Philosophy of Love offers a wide array of original essays from leading philosophers on the nature and value of love **Love's Knowledge** Martha C. Nussbaum,1990-11-15 This volume brings together Nussbaum s published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements By knowledge & by love Michael S. Sherwin,2011-02-24 By Knowledge and By Love represents a major contribution to Thomistic moral theology and philosophy by providing a thoughtful examination of Aquinas psychology of action and his theology of charity A Treatise of Knowledge and Love Compared. In two parts: I. Of falsely pretended knowledge. II. Of true saving knowledge and love, etc Richard Baxter,1689 **The Madness of Knowledge** Steven Connor,2021-07-21 Many human beings have considered the powers and the limits of human knowledge but few have wondered about the power that the idea of knowledge has over us Steven Connor s The Madness of Knowledge is the first book to investigate this emotional inner life of knowledge the lusts fantasies dreams and fears that the idea of knowing provokes There are in depth discussions of the imperious will to know of Freud s epistemophilia or love of knowledge and the curiously insistent links between madness magical thinking and the desire for knowledge Connor also probes secrets and revelations quarreling and the history of quizzes and general knowledge charlatanry and pretension both the violent disdain and the sanctification of the stupid as well as the emotional investment in the spaces and places of knowledge from the study to the library In an age of artificial intelligence alternative facts and mistrust of truth The Madness of Knowledge offers an opulent enlarging and sometimes unnerving psychopathology of intellectual life *For Love of the Prophet* Noah Salomon,2016-10-25 For some the idea of an Islamic state serves to fulfill aspirations for cultural sovereignty

and new forms of ethical political practice For others it violates the proper domains of both religion and politics Yet while there has been much discussion of the idea and ideals of the Islamic state its possibilities and impossibilities surprisingly little has been written about how this political formation is lived For Love of the Prophet looks at the Republic of Sudan s twenty five year experiment with Islamic statehood Focusing not on state institutions but rather on the daily life that goes on in their shadows Noah Salomon s careful ethnography examines the lasting effects of state Islamization on Sudanese society through a study of the individuals and organizations working in its midst Salomon investigates Sudan at a crucial moment in its history balanced between unity and partition secular and religious politics peace and war when those who desired an Islamic state were rethinking the political form under which they had lived for nearly a generation Countering the dominant discourse Salomon depicts contemporary Islamic politics not as a response to secularism and Westernization but as a node in a much longer conversation within Islamic thought augmented and reappropriated as state projects of Islamic reform became objects of debate and controversy Among the first books to delve into the making of the modern Islamic state For Love of the Prophet reveals both novel political ideals and new articulations of Islam as it is rethought through the lens of the nation

Relationships in Schools Monika Platz,2021-09-11 The relationship between teacher and student is an important element of school education and as such irreplaceable If we want schools to be good places for those who teach and learn there we must make sure that the educational relationships between teachers and students are good too In research about school education surprisingly little attention is paid to the normative dimension of the relationship between teacher and student This lacuna points to a desideratum in the philosophy of education More should be said about the normative structure of the teacher student relationship its role in teaching and learning and its final value for teacher and student Answering these fundamental philosophical questions is the core of this book It offers a normatively rich concept of a good teacher student relationship that is based on the analysis of two major relationship goods trust and care Moreover the book explains the instrumental value of a good educational relationship for the student s achievement of epistemic aims of school education as well as the final value of such a relationship for teacher and student **The Delights of Wisdom Pertaining to Conjugal**

Love Emanuel Swedenborg,2019-11-25 The Delights of Wisdom Pertaining to Conjugal Love is a book by Emanuel Swedenborg a Swedish theologist scientist thinker and mystic here providing a thorough spiritual understanding of marriage love and sex Excerpt Spiritual cold in marriages is a disunion of souls and a disjunction of minds whence come indifference discord contempt disdain and aversion from which in several cases at length comes separation as to bed chamber and house That these effects take place with married partners while their primitive love is on the decline and becomes cold is too well known to need any comment The reason is because conjugal cold above all others resides in human minds for the essential conjugal principle is inscribed on the soul to the end that a soul may be propagated from a soul and the soul of the father into the offspring Hence it is that this cold originates there and successively goes downward into the principles thence derived and infects them and thus changes the joys and delights of the primitive love into what is sad and undelightful

Psychoanalysis and the Love of Arabic Nadia Bou Ali,2020-02-14 Nadia Bou Ali shows how a curious relationship was forged between language and politics one driven both by a desire for modernity and anxiety about it **The Delights of**

The Delights of Wisdom Concerning Conjugal Love ... Translated from the Latin Emanuel Swedenborg (formerly Swedberg.),1811 **The Love of Eternal Wisdom** Saint Louis de Montfort,Aeterna Press,2015-02-20 O divine Wisdom Lord of heaven and earth I humbly beg pardon for my audacity in attempting to speak of your perfections ignorant and sinful as I am I beg you not to consider the darkness of my mind or the uncleanness of my lips unless it be to take them away with a glance of your eyes and a breath of your mouth Aeterna Press Treatise on the Love of God Saint Francis de Sales,Aeterna Press,2017-05-28 THE following Treatise presents at first sight considerable difficulties They do not arise from any defect in the Saint s mode of expression but are inherent in his subject and manner of treatment going deep down into the roots of the Love of God Thus he speaks in his Preface and continues The first four books and some chapters of the others might doubtless have been omitted without disadvantage to such souls as seek only the practice of holy love I have been forced to say many things which will appear more obscure than they are The depths of science are always somewhat hard to sound But he tells us that the state of the minds of his age required this deeper treatment and whatever may be thought as to the best way of presenting modern religious teaching to an age so ignorant so shallow and so unthinking as is our own with regard to spiritual truths there can be no question that this masterpiece of the chief doctor of ascetic theology must not be brought down to our level but that we must raise ourselves towards it Aeterna Press The Delights of Wisdom Concerning Conjugal Love: After which Follow the Pleasures of Insanity Concerning Scortatory Love. Translated from the Latin Emanuel Swedenborg,1811 *Love Of God And Social Duty In Ramacaritamanasa* E.J.
