Love, Sex and the Whole Person Tim Stafford, 1991 For fifteen years author Tim Stafford has responded to frank questions on sex and dating in Campus Life magazine Now he gathers his insights in book form answering all the questions teenagers ask In the process a distinctively Christian philosophy of sexuality comes through **Love, Sex and Human Flesh** Ralf Kronenburg, 2025-03-25 In a dark world where longings and desires devour all morality the paths of three people cross Love flares up raging sex consumes the senses and lurking in the shadows is a secret that craves human flesh A profound thriller about passion betrayal and the price you pay when hunger exceeds all limits **Sex, Love Or Romance** Ray E. Short, 2004 From the author of Sex Dating and Love comes a foolproof guide to determining the strength of a relationship **Sex: It's Worth Waiting For** Greg Speck, 2007-01-01 God has a perfect design for great sex with one person in a committed marriage But get outside of that design and you are headed for destruction Good sex is a gift that God wants to give you but exposed to air outside of marriage this gift turns sour Lust overcomes love and risks of disease abuse and pregnancy are real Sex It s Worth Waiting For will answer some of your honest questions like How far can we go before we ve gone too far and If we love each other why should we wait Making right choices today will give you the good sex you desire later Whether you re tempted by the thrill or longing for love don t be fooled God desires so much more for you

Sex Guides Patty Campbell, 2017-04-07 The history of the sex guide for adolescents documents the quite unconscious movement of Western culture s ideas about sex and youth revealing the heritage of our own sexual beliefs and codes of behaviour The first section of this book first published in 1986 traces the development of the sex guide examining 400 books from 1892 to the 1980s The second section comprises a detailed analysis of the patterns content and usefulness of all the contemporary manifestations of the genre The history of the teen sex manual is a fascinating revelation of American attitudes towards adolescent sexuality **Love, Sex, and Your Heart** Alexander Lowen, 2013-01-16 Love Sex and Your Heart elucidates how emotional life and physical being are one mutually reflective as two sides of a coin Emotional life is tied to physical being and physical health is dependent on emotional well being Alexander Lowen s insight into these powerful connections offers an innovative approach to cardiovascular health and the treatment of heart disease Lowen examines the feeling of love as a physiological process in the body When this process is frustrated as in the case of heartbreak or isolation especially during childhood people suppress their pain by unconsciously rigidifying their chest muscles This results in a chronic restriction of breathing movement and feeling It is this tension that limits pleasure and predisposes so many to heart disease This book features the principles and therapeutic techniques to help people understand their fear of love release chronic muscular tension and become more loving It is essential reading for health professionals and anyone interested in the health of the heart **Life, Love, and Sex** Joseph H. Casey S.J., 2004-04-12 People are being forced today to take a stand on same sex marriage assisted suicide and capital punishment As they ponder how to vote on these issues a critical question

emerges Is this morally right At the same time people have become confused about the morality of sex in general What should they teach their teenagers and how talk with their older sons and daughters about living together Undergirding current sexual practice is the unquestioned acceptance of contraception Should contraception be explicitly examined Besides clarifying each issue I let the reader know what the Church teaches using the Catechism of the Catholic Church and Pope John Paul II's encyclicals And I show how reasonable the Church's position is utilizing the writings of Germain Grisez a distinguished lay moral theologian and philosopher To ensure readers understand Grisez's solutions to these diverse issues I explain in simple terms his ethical approach Non Catholics will find especially significant the human reasoning behind such teachings They and Catholics can dialogue on this level The Pope's early writings on conjugal love may prove impressive People just do not discuss abortion today for positions seem hardened and unbreachable By posing a series of fundamental questions logically interrelated I hope to breach the unbreachable At least it will be clear precisely where participants part company from one another The most sensitive issue I find to be homosexuality I have rewritten the treatment a number of times in an effort to be clear fair and sensitive

The System of Antichrist Charles Upton, 2005 The System of Antichrist examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant doctrines from Buddhism Hinduism Judaism Christianity Islam Zoroastrianism and the Native American traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our

Pearcey,2018-01-02 Why the call to Love Thy Body To counter a pervasive hostility toward the body and biology that drives today s headline stories Transgenderism Activists detach gender from biology Kids down to kindergarten are being taught their body is irrelevant to their authentic self Is this affirming or does it demean the body Homosexuality Advocates disconnect sexuality from biological identity as male or female Is this liberating or does it denigrate biology Abortion Supporters say the fetus is not a person though it is biologically human Does this mean equality for women or does it threaten the intrinsic value of all humans Euthanasia Those who lack certain cognitive abilities are said to be human but not persons Is this compassionate or does it ultimately put everyone at risk In Love Thy Body bestselling author Nancy Pearcey goes beyond politically correct slogans with a riveting expos of the dehumanizing worldview that shapes current watershed moral issues arguing that a holistic Christian view sustains the dignity of the body and biology Throughout the book Pearcey entrances readers with compassionate stories of people wrestling with hard questions in their own lives their pain their struggles their triumphs **I Needed This** ,

D then took off to West Africa as a Peace Corps volunteer. But that was not all that was enmeshed. Charles found love, sexual fulfillment, sexual harassment, and gender discrimination, all of which further complexified her stated mission. Her candid assessment of life and work in Africa, the intimate relationships that gave hope to the possibility of change, the emotional and physical highs and lows that affected her ability to function, all become factors affecting her success in improving the lives of African girls. This eloquent narrative should be of interest both to those doing development work and to those interested in autoethnographic exploration of the self.
