Romancing the Beat Gwen Hayes, 2016 What makes a romance novel a romance How do you write a kissing book Writing a well-structured romance isn't the same as writing any other genre something the popular novel and screenwriting guides don't address The romance arc is made up of its own story beats and the external plot and theme need to be braided to the romance arc not the other way around Told in conversational and often irreverent prose *Romancing the Beat* can be read like you are sitting down to coffee with romance editor and author Gwen Hayes while she explains story structure The way she does with her clients Some of whom are regular inhabitants of the New York Times and USA Today bestseller lists *Romancing the Beat* is a recipe not a rigid system The beats don't care if you plot or outline before you write or if you pants your way through the drafts and do a beat check when you're revising Pantsers and plotters are both welcome So sit down grab a cuppa and let's talk about kissing books *A South Side Love Story* Jessica N.
