

A photograph of a narrow, paved road winding through a mountainous landscape. In the center of the road, there is a large, rustic stone archway. The road is flanked by stone walls and leads towards a distant, misty valley. The overall atmosphere is serene and somewhat somber due to the muted colors and fog.

There is an instinct in a woman to
love most her own child – and an
instinct to make any child who
needs her love, her own.

Love and Hate David Mann, 2013-11-12 Love and hate seem to be the dominant emotions that make the world go round and are a central theme in psychotherapy Love and Hate seeks to answer some important questions about these all consuming passions Many patients seeking psychotherapy feel unlovable or full of rage and hate What is it that interferes with the capacity to experience love

This book explores the origins of love and hate from infancy and how they develop through the life cycle. It brings together contemporary views about clinical practice on how psychotherapists and analysts work with and think about love and hate in the transference and countertransference and explores how different schools of thought deal with the subject. David Mann together with an impressive array of international contributors represent a broad spectrum of psychoanalytic perspectives including Kleinian, Jungian, Independent Group and Lacanian psychotherapists, psychoanalysts and analytical psychologists. With emphasis on clinical illustration throughout, the writers show how different psychoanalytic schools think about and clinically work with the experience and passions of love and hate. It will be invaluable to practitioners and students of psychotherapy, psychoanalysis, analytical psychology and counselling. Alpha Instinct Katie Reus, 2023-11-28

He ghosted her years ago. Ana Cordona has been a strong leader for the lupine shifters who survived after half her pack was murdered. As tough as she is, her pack is vulnerable to a devious neighbor who wants their land and Ana as his own. So when a ghost from her past barrels back into her life promising protection, it's almost enough to make Ana forget how he walked out on her before and reluctantly accept his offer to mate. Now he's back. Connor isn't walking away again. Ana has always been his mate, something his wolf accepted long ago. And the only reason he left before was for her own protection. Whatever it takes, he's determined not to leave her side again, but danger is all around them in the form of a rival pack and a radicalized human element in town who wants to destroy all shifters. If they want a chance at a future and to survive the deadly threats closing in, they're going to have to learn to trust each other. Unfortunately, the danger is closer than they ever imagined.
