Love And Work:

Work Won't Love You Back Sarah Jaffe, 2021-01-26 A deeply reported examination of why doing what you love is a recipe for exploitation creating a new tyranny of work in which we cheerily acquiesce to doing jobs that take over our lives You're told that if you do what you love you'll never work a day in your life Whether it's working for exposure and experience or enduring poor treatment in the name of being part of the family all employees are pushed to make sacrifices for the privilege of being able to do what we love In Work Won't Love You Back Sarah Jaffe a preeminent voice on labor inequality and social movements examines this labor of love myth the idea that certain work is not really work and therefore should be done out of passion instead of pay Told through the lives and experiences of workers in various industries from the unpaid intern to the overworked teacher to the nonprofit worker and even the professional athlete Jaffe reveals how all of us have been tricked into buying into a new tyranny of work As Jaffe argues understanding the trap of the labor of love will empower us to work less and demand what our work is worth And once freed from those binds we can finally figure out what actually gives us joy pleasure and satisfaction

INTERNATIONAL RADIO AND TELEVISION BROADCASTER Love's Work Gillian Rose,2011-05-31 Love's Work is at once a memoir and a work of philosophy Written by the English philosopher Gillian Rose as she was dying of cancer it is a book about both the fallibility and the endurance of love love that becomes real and lasting through an ongoing reckoning with its own limitations Rose looks back on her childhood the complications of her parents divorce and her dyslexia and her deep and divided feelings about what it means to be Jewish She tells the stories of several friends also laboring under the sentence of death From the sometimes conflicting vantage points of her own and her friends tales she seeks to work out seeks because the work can never be complete to be alive means to be incomplete a distinctive outlook on life one that will do justice to our yearning both for autonomy and for connection to others With droll self knowledge I am highly qualified in unhappy love affairs Rose writes My earliest unhappy love affair was with Roy Rogers and with unsettling wisdom To live to love is to be failed Rose has written a beautiful tender tough and intricately wrought survival kit packed with necessary but unanswerable questions

Leading with Love and Laughter Zina Sutch,Patrick Malone,2021-05-25 Leadership has for too long been treated as a function and not as a relationship Zina Sutch and Patrick Malone argue that successful leadership must be based on love altruism and empathy and laughter positive emotions and joy Science tells us that humans are deeply wired for empathy and compassion and that our emotional selves help us make better decisions and motivate others However the tactics we use to train leaders bear little reflection of these advancements we re still creating competent but emotionally distant leaders who manage human assets and lead by setting goals deadlines and deliverables Zina Sutch and Patrick Malone hope to flip a light switch and illuminate above all else that leadership begins with heart and soul Too many training

programs reduce leadership to an equation matrix or acronym But leadership is a relationship It s one human helping another The most successful leaders show they genuinely care about their employees and are well fun It s just like any relationship In seven succinct chapters the authors show that people lead best when they tap into their genetically driven human nature to love and nurture connect and trust Leading with love and laughter offers powerful dividends tighter teams stronger performance improved morale greater trust more creativity and even better health While Sutch and Malone cite the science and offer examples tips and practices their larger purpose is to reintroduce the warmth of human interaction and emotion as the foundation of what leadership is all about

Live, Love, Work, Prosper Michael Tobin,2018 Love and Work Mieke Polderman,2014-09-01 Is there interaction between love and work If so in what ways does it appear The main incentive for this research is the notable increase of American and Dutch people who wish to spend more and more of their time working and who feel useless and robbed of their identity when separated from their jobs It seems that work is considered more fulfilling and satisfying than love which can be undermined by failing relationships tension depression violence addiction crime or angry and unmanageable children Whereas Proust described love in a milieu where most of the work was done by servants and artists Freud was convinced that love and work were the two main pillars of society This view has been echoed by psychologists sociologists philosophers and novelists However a new phenomenon is that men and women share love and work Finding the right balance between the two is a hot topic in how to books newspaper and magazine articles but the underlying connections have received little if any scrutiny In fact it may well be a mission impossible since as the Frankfurt School asserted the capitalist powers in search of profit urge politicians to lure men women and children onto the work floor by telling them work is a duty that not only will provide disposable income but also happiness and fulfillment in life Hence people internalize this message without asking themselves why continuous consumption is more important than giving and receiving love which they crave but seldom find Although focusing on middle class people between the ages of twenty five and forty who are travelling the highway of life have paid jobs a relationship of at least three years and children this study should be of interest to everyone
