Black Cowboys in the American West Bruce A. Glasrud, Michael N. Searles, 2016-09-28 Who were the black cowboys They were drovers foremen fiddlers cowpunchers cattle rustlers cooks and singers They worked as wranglers riders ropers bulldoggers and bronc busters They came from varied backgrounds some grew up in slavery while free blacks often got their start in Texas and Mexico Most who joined the long trail drives were men but black women also rode and worked on western ranches and farms The first overview of the subject in more than fifty years *Black Cowboys in the American West* surveys the life and work of these cattle drivers from the years before the Civil War through the turn of the twentieth century Including both classic previously published articles and exciting new research this collection also features select accounts of twentieth century rodeos music people and films Arranged in three sections *Cowboys on the Range* *Performing Cowboys* and *Outriders of the Black Cowboys* the thirteen chapters illuminate the great diversity of the black cowboy experience Like all ranch hands and riders African American cowboys lived hard dangerous lives But black drovers were expected to do the roughest most dangerous work and to do it without complaint They faced discrimination out west albeit less than in the South which many had left in search of autonomy and freedom As cowboys they could escape the brutal violence visited on African Americans in many southern communities and northern cities Black cowhands remain an integral part of life in the West the descendants of African Americans who ventured west and helped settle and establish black communities This long overdue examination of nineteenth and twentieth century black cowboys ensures that they and their many stories and experiences will continue to be known and told

A Course of Love Mari Perron, 2011-03-01 No matter how much is learned if that learning remains in our heads it is not enough Unless learning touches our hearts it is never going to bring us the wisdom we seek the peace we desire or the intimacy and connection for which we yearn A new and more receptive way of knowing is needed and is found in this course for the heart A Course of Love was received by Mari Perron and given to be a new course in miracles It is for the heart what A Course in Miracles is for the mind For many it is the next step in a journey already begun

When We Imagine Grace Simone C. Drake, 2016-08-08 Plutarch the famed Greek biographer wrote *The Lives of the Roman Emperors* early in his career Simone Drake could have called her book *The Lives of Black Men* She contrasts the portrayal of black men in mainstream media with the way she insists black men must imagine their lives ambitions and desires in both the civic arena and the domestic arena The narrow popular representation of black men as being in perennial crisis is one she rejects opting instead to see them as active agents of their own destinies Her book uncovers the ways in which black men in history literature film political arenas and popular culture have either challenged or been challenged by pathological constructions of black masculinity *Imagining Grace* refers to Toni Morrison's *Beloved* a black feminist framework Drake uses to see power in vulnerability and emotiveness from Tom Joyner's radio show to Richard Pryor's comedy to some of President Obama's social policy Drake is synthesizing black feminist and black masculinity studies Her black lives feature the African American cowboy Nat Love also Drake's own grandfather who imagined grace through military service in the first colored military unit to fight in World War II what emerges is a narrative of black pride and shame and thence to movies where Drake explores the theme of black fathers and daughters framed by a court case involving *The Cosby Show* as intellectual property The chapter that follows on twisted criminalities contrasts the valorization of black criminals thugs as heroes with the denigration of gay black men where we encounter the limits of grace in American Gangster Cornelius Edy's poetry and the viral video of Antoine Dodson discussing the attempted rape of his sister In concluding with Berry Gordy and hip hop Jay Z Drake meditates on black entrepreneurship as a nationalist site of redemption We are given in this book a way of seeing and knowing black maleness sophisticated in concept but bracingly vivid in the telling **A Literary History of the American West** Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance **Last**
