Fiedler, 1992 No other study of the American novel has such fascinating and on the whole right things to say Washington Post *Love and Death in the Sunshine State* Cutter Wood, 2019-04-09 Gripping Cutter Wood subverts all our expectations for the true crime genre Leslie Jamison author of *The Recovering* When a stolen car is recovered on the Gulf Coast of Florida it sets off a search for a missing woman local motel owner Sabine Musil Buehler Three men are named persons of interest her husband her boyfriend and the man who stole the car Then the motel is set on fire her boyfriend flees the county and detectives begin digging on the beach of Anna Maria Island Author Cutter Wood was a guest at Musil Buehler s motel as the search for her gained momentum Driven by his own need to understand how a relationship could spin to pieces in such a fatal fashion he began to talk with many of the people living on Anna Maria and then with the detectives and finally with the man presumed to be the murderer But there was only so much that interviews and transcripts could reveal In trying to understand how we treat those we love this book like Truman Capote s classic *In Cold Blood* tells a story that exists outside documentary evidence Wood carries the investigation of Sabine s murder beyond the facts of the case and into his own life crafting a tale about the dark conflicts at the heart of every relationship *Dale Loves Sophie to Death* Robb Forman Dew, 2008-12-14 Robb Forman Dew s cult first novel explores themes of familial and romantic bonds as it tells the story of a woman whose husband stays behind in New England while she and their children spend the summer in her Midwestern hometown **Love in the Time of Cholera (Illustrated Edition)** Gabriel García Márquez, 2020-10-27 A beautifully packaged edition of one of Garc a M rquez s most beloved novels with never before seen color illustrations by the Chilean artist Luisa Rivera and an interior design created by the author s son Gonzalo Garc a Barcha In their youth Florentino Ariza and Fermina Daza fall passionately in love When Fermina eventually chooses to marry a wealthy well born doctor Florentino is devastated but he is a romantic As he rises in his business career he whiles away the years in 622 affairs yet he reserves his heart for Fermina Her husband dies at last and Florentino purposefully attends the funeral Fifty years nine months and four days after he first declared his love for Fermina he will do so again **Sex and Death in the American Novel** Sarah Martinez, 2012-08 Vivianna Post is the family anomaly Daughter of a Pulitzer Prize winner and an academic she has never quite fit her parents expectations as a free spirited erotica writer When Vivianna encounters the award winning author Jasper Caldwell at a nightclub all she wants is to blame him for blowing off her brother at a writers conference the year before and possibly causing his suicide But as the

night and then the weeks wear on Vivianna finds herself drawn to Jasper in ways she cannot understand When their differences literary and sexual threaten to pull Vivianna and Jasper apart Jasper rediscovers Alejandro an old friend who just might have the power to complete them both in every way Using quotes and references to classic erotic and literary icons Sex and Death in the American Novel is on one level an unconventional romance and on another a discussion of the merits of erotic literature

The Good Death Ann Neumann, 2016-02-16 Following the death of her father journalist and hospice volunteer Ann Neumann sets out to examine what it means to die well in the United States When Ann Neumann's father was diagnosed with non-Hodgkin's lymphoma she left her job and moved back to her hometown of Lancaster Pennsylvania She became his full-time caregiver cooking cleaning and administering medications When her father died she was undone by the experience by grief and the visceral quality of dying Neumann struggled to put her life back in order and found herself haunted by a question Was her father's death a good death The way we talk about dying and the way we actually die are two very different things she discovered and many of us are shielded from what death actually looks like To gain a better understanding Neumann became a hospice volunteer and set out to discover what a good death is today She attended conferences academic lectures and grief sessions in church basements She went to Montana to talk with the attorney who successfully argued for the legalization of aid in dying and to Scranton Pennsylvania to listen to pro-life groups who believe the removal of feeding tubes from some patients is tantamount to murder Above all she listened to the stories of those who were close to death What Neumann found is that death in contemporary America is much more complicated than we think Medical technologies and increased life expectancies have changed the very definition of medical death And although death is our common fate it is also a divisive issue that we all experience differently What constitutes a good death is unique to each of us depending on our age race economic status culture and beliefs What's more differing concepts of choice autonomy and consent make death a contested landscape governed by social medical legal and religious systems In these pages Neumann brings us intimate portraits of the nurses patients bishops bioethicists and activists who are shaping the way we die The Good Death presents a fearless examination of how we approach death and how those of us close to dying loved ones live in death's wake
