Harrison, 2020-06-22 Paul's letter to the Romans has a long history in Christian dogmatic battles But how might the letter have been heard by an audience in Neronian Rome James R Harrison answers that question through a reader response approach grounded in deep investigations of the material and ideological culture of the city from Augustus to Nero Inscriptional archaeological monumental and numismatic evidence in addition to a breadth of literary material allows him to describe the ideological value system of the Julio Claudian world which would have shaped the perceptions and expectations of Paul's readers Throughout Harrison sets prominent Pauline themes his obligation to Greeks and barbarians newness of life and of creation against the power of death the body of Christ boasting in glory and God's purpose in and for Israel in startling juxtaposition with Roman ideological themes The result is a richer and more complex understanding of the letter's argument and its possible significance for contemporary readers *Traditional Christian Ethics* 4 David W.
