Life Will Be the Death of Me Chelsea Handler, 2019-04-09 1 NEW YORK TIMES BESTSELLER This will be one of your favorite books of all time Through her intensely vulnerable honest and hilarious reflections Chelsea shows us more than just her insides She shows us ourselves Amy Schumer Don t miss Chelsea Handler s new Netflix stand up special Revolution now streaming In the wake of President Donald Trump s election feeling that her country her life has

become unrecognizable Chelsea Handler has an awakening Fed up with the privileged bubble she's lived in she decides it's time to make some changes She embarks on a year of self-sufficiency and goes into therapy prepared to do the heavy lifting required to make sense of a childhood that ended abruptly with the death of her brother She meets her match in an earnest nerdy shrink who dissects her anger and gets her to confront her fear of intimacy Out in the world she channels her outrage into social action and finds her voice as an advocate for change With the love and support of an eccentric cast of friends assistants family members alive and dead and a pair of emotionally withholding rescue dogs Chelsea digs deep into the trauma that shaped her inimitable worldview and unearths some glittering truths that light up the road ahead Thrillingly honest and insightful Chelsea Handler's darkly comic memoir is also a clever and sly work of inspiration that gets us to ask ourselves what really matters in our own lives

Beyond Order Jordan B. Peterson, 2021-03-02 The companion volume to 12 Rules for Life offers further guidance on the perilous path of modern life In 12 Rules for Life clinical psychologist and celebrated professor at Harvard and the University of Toronto Dr Jordan B Peterson helped millions of readers impose order on the chaos of their lives Now in this bold sequel Peterson delivers twelve more lifesaving principles for resisting the exhausting toll that our desire to order the world inevitably takes In a time when the human will increasingly imposes itself over every sphere of life from our social structures to our emotional states Peterson warns that too much security is dangerous What's more he offers strategies for overcoming the cultural scientific and psychological forces causing us to tend toward tyranny and teaches us how to rely instead on our instinct to find meaning and purpose even and especially when we find ourselves powerless While chaos in excess threatens us with instability and anxiety unchecked order can petrify us into submission Beyond Order provides a call to balance these two fundamental principles of reality itself and guides us along the straight and narrow path that divides them

Another Finitude Agata Bielik-Robson, 2019-05-30 Beginning from the notion of finite life Another Finitude takes this staple subject from post-Heideggerian philosophy and opposes it to the ontological concept of infinity represented by an eternal absolute Although critical of Heidegger and his definition of finitude as being towards death this book does not revert to the ontological idea of infinity secured in the sacred image of immortality But it also does not want to give up on infinity altogether the infinite is transposed so it can become a necessary moment of the finite life A theological framework for the new elaboration of the concept of finitude is crucial but instead of following the Lutheran formula Agata Bielik-Robson turns to the sources of Judaism Taking inspiration from the Jewish idea of *torat hayim* the principle of finite life which found the best expression in the biblical sentence *love strong as death* love emerges as the alternative marker of finitude allowing us to redefine it in an affirmative way By tracing the avatars of love in the group of 20th-century thinkers or messianic vitalists Benjamin Rosenzweig Arendt Derrida and deeply revised Freud the book attempts to demonstrate the possibility of such affirmation Love becomes the new infinite in the finite love in all its forms from the original libidinal endowment of the human psyche to the last metamorphoses of *agape* the Greco-Christian divine
