Malta Albert G. Mackinnon,1916 *Love Letter to the Earth* Thich Nhat Hanh,2013-06-17 The Zen monk argues for a more mindful spiritual approach to environmental protection and activism one that recognizes people and planet as one and the same While many experts point to the enormous complexity in addressing issues ranging from the destruction of ecosystems to the loss of millions of species Thich Nhat Hanh identifies one key issue as having the potential to create a tipping point He believes that we need to move beyond the concept of the environment as it leads people to experience themselves and Earth as two separate entities and to see the planet only in terms of what it can do for them Thich Nhat Hanh points to the lack of meaning and connection in peoples lives as being the cause of our addiction to consumerism He deems it vital that we recognize and respond to the stress we are putting on the Earth if civilization is to survive Rejecting the conventional economic approach Nhat Hanh shows that mindfulness and a spiritual revolution are needed to protect nature and limit climate change *Love Letter to the Earth* is a hopeful book that gives us a path to follow by showing that change is possible only with the recognition that people and the planet are ultimately one and the same **The Malta Exchange**

the caring and more passionate Emma Lady Hamilton who nursed the war weary hero back to health in Naples and London after his brilliant victory over the Spanish fleet at Cape St Vincent in 1797 and the stunning defeat at Tenerife that cost Nelson his right arm Today's reader comes to understand that every obstacle in Nelson's path was attacked head on with an Achilles like ferocity and resolve Yet his life was no steady upward trajectory it was instead plagued by injuries and debt for the commoner admiral in a royal navy and English society dominated by lineage and property As Sugden points out His life was a mission with the essence of a tour de force hurrying toward a bloody climax that would change the fate of empires
