Love Meets Wisdom A Christian Experience Of Buddhism Faith Meets Faith:

Love Meets Wisdom Aloysius Pieris, 1988 *Crucified Wisdom* S. Mark Heim, 2018-12-04 Winner of the Frederick Streng Book Award for Excellence in Buddhist Christian Studies This work provides the first systematic discussion of the Bodhisattva path and its importance for constructive Christian theology *Crucified Wisdom* examines specific Buddhist traditions texts and practices not as phenomena whose existence requires an apologetic justification but as wells of tested wisdom that invite theological insight With the increasing participation of Christians in Buddhist practice many are seeking a deeper understanding of the way the teachings of the two traditions might interface Christ and the Bodhisattva are often compared superficially in Buddhist Christian discussion This text combines a rich exposition of the Bodhisattva path using ntideva s classic work the Bodhicaryavatara and subsequent Tibetan commentators with detailed reflection on its implications for Christian faith and practice Author S Mark Heim lays out root tensions constituted by basic Buddhist teachings on the one hand and Christian teachings on the other and the ways in which the Bodhisattva or Christ embody and resolve the resulting paradoxes in their respective traditions An important contribution to the field of comparative theology in general and to the area of Buddhist Christian studies in particular *Crucified Wisdom* proposes that Christian theology can take direct instruction from Mahayana Buddhism in two respects deepening its understanding of our creaturely nature through no self insights and revising its vision of divine immanence in dialogue with teachings of emptiness Heim argues that Christians may affirm the importance of novelty in history the enduring significance of human persons and the Trinitarian reality of God even as they learn to value less familiar nondual dimensions of Christ s incarnation human redemption and the divine life *Crucified Wisdom* focuses on questions of reconciliation and atonement in Christian theology and explores the varying interpretations of the crucifixion of Jesus in Buddhist Christian discussion The Bodhisattva path is central for major contemporary Buddhist voices such as the Dalai Lama and Thich Nhat Hanh who figure prominently as conversation partners in the text This work will be of particular value for those interested in dual belonging in connection to these traditions *Buddhist-Christian Dialogue as Theological Exchange* Ernest M. Valea, 2015-04-14 This book is intended to encourage the use of comparative theology in contemporary Buddhist Christian dialogue as a new approach that would truly respect each religious tradition s uniqueness and make dialogue beneficial for all participants interested in a real theological exchange As a result of the impasse reached by the current theologies of religions exclusivism inclusivism and pluralism in formulating a constructive approach in dialogue this volume assesses the thought of the founding fathers of an academic Buddhist Christian dialogue in search of clues that would encourage a comparativist approach These founding fathers are considered to be three important representatives of the Kyoto School Kitaro Nishida Keiji Nishitani and Masao Abe and John Cobb an American process theologian The guiding line for assessing their views of dialogue is the concept of human perfection as it is expressed by the original traditions in Mahayana Buddhism and Orthodox Christianity Following Abe s methodology in dialogue an Orthodox

contribution to comparative theology proposes a reciprocal enrichment of traditions not by syncretistic means but by providing a better understanding and even correction of one's own tradition when considering it in the light of the other while using internal resources for making the necessary corrections *The End of Divine Truthiness: Love, Power, and God* Paul Joseph Greene, 2017-08-01 In *The End of Divine Truthiness* Paul Joseph Greene confronts stark realities of terrifying theologies that make a mockery out of divine love With urgent resolve Greene answers Martin Luther King Jr's pointed challenge to overcome reckless and abusive power without love and sentimental and anemic love without power Too many theologies cast God either as the tyrant whose loveless power lifts up the mighty or the victim whose powerless love sends the poor away empty Wielding Stephen Colbert's word truthiness as a scalpel Greene slices out one perilous theology after another to restore the wholesome truth that God is love Supported by three world religions Buddhism Christianity and Taoism he discovers a remarkably harmonious and revolutionary divine power that is fully aligned with divine love To reunify love and power here in the world as King challenges it is time to abandon ideologies of divine power that devastate divine love and promote atrocities Greene's call for the end of divine truthiness heralds a new day for the God whose love is power and whose power is love **Beyond the Academy** David Thang Moe, 2024-10-11 The term public theology was introduced by Martin E Marty in a 1974 article Since then scholarly discussions on public theology have become more popular in academic circles This book however is about the invitation for moving beyond the academy It provides two reasons for doing so First an overtly academic public theology is in crisis today Although public theology may be flourishing in the academy its relevance for real life is limited Second there is the ecclesial flourishing among grassroots Christian communities across Asia who witness to their lived faith in public and hidden life Their voices are largely unheard due to the gaps between the academy and the church This volume argues that we should consider their voices as key sources for developing a relevant lived Asian public theology The author makes the case for reimagining the paradigm shifts in lived Asian public theology of religions and for bridging the unhappy gaps between the academic and grassroots voices **Fragrant Rivers of Wisdom** A. Christian van Gorder, 2021-12-09 Buddhism and Christianity are ancient rich and multivalent wisdom spirituality traditions that often have insightful similarities as well as distinct perspectives from entirely different starting points *Fragrant Rivers of Wisdom* explores some of these paths and encourages readers to gain as far as is possible a participant's appreciation of another faith This book aims to help readers celebrate and enjoy the rich wisdom legacies of a teacher revealing a pure lotus blossoming from mud and the legacies of a peasant Jewish carpenter from Galilee revealing love on a cross Both teachers share the power of love the joys of healing encouragement and the creative resources of spirit-filled living Their ancient words and their modern communities still following these paths are dynamically relevant for our modern context of confusion and challenge *News of Boundless Riches* Max L. Stackhouse, Lalsangkima Pachuau, 2007 **A Theology of Dao** Kim, Heup Young, 2017-06-22 Love Meets Wisdom Aloysius Pieris, 1988 Religious Diversity--What's the Problem? Rita M.

Gross,2014-04-24 Once upon a time on grounds of both religion and common sense people assumed that the earth was flat and that the sun literally rose and set each day When newly developing knowledge made those beliefs untenable giving them up was difficult Today the belief that only one of the world s various religions is true for all people on earth is equivalent to the belief in a flat earth Both notions have become untenable given contemporary knowledge about religion Even though many people are still troubled by the existence of religious diversity today that diversity is a fact of life Religious diversity should be no more troubling to religious people than the fact that the earth is round and circles the sun This provocative book based on the author s longtime practice of Buddhism and comparative study of religion provides tools with which one can truly appreciate religious diversity as a gift and resource rather than as a deficiency or a problem to be overcome After we accept diversity as inevitable and become comfortable with it diversity always enriches life both nature and culture

The Ground We Share Robert Aitken,David Steindl-Rast,1996-06-18 These dialogues between Robert Aitken Roshi one of the first American born Zen masters and Brother David Steindl Rast the Roman Catholic monk and hermit took place during a week long retreat the two old friends undertook in 1991 in a remote part of the island of Hawaii Their aim was to approach the dialogue between Buddhism and Christianity in a fresh way one that takes as its starting point a comparison of the personal experiences of the dialoguers as a Buddhist and as a Christian respectively rather than abstract concepts The result is the discovery of a surprising amount of common ground the kind of shared experience that forms a solid foundation for further dialogue

Understanding World Religions David Whitten Smith,Elizabeth Geraldine Burr,2014-08-21 This book introduces students to major worldviews through the lens of justice and peace The second edition features a broader framework and includes updates on non religious ethical norms Islamophobia colonial evangelization religion in China and an updated examination of the Israel Palestine conflict

Buddhist-Christian Dual Belonging Gavin D'Costa,Ross Thompson,2017-05-15 A growing number of people describe themselves as both Buddhist and Christian but does such a self description really make sense Many people involved in inter faith dialogue argue that this dialogue leads to a mutually transformative process but what if the transformation reaches the point where the Buddhist or Christian becomes a Buddhist Christian Does this represent a fulfilment of or the undermining of dialogue Exploring the growing phenomenon of Buddhist Christian dual belonging a wide variety of authors including advocates sympathisers and opponents from both faiths focus on three key questions Can Christian and Buddhist accounts and practices of salvation or liberation be reconciled Are Christian theism and Buddhist non theism compatible And does dual belonging inevitably distort the essence of these faiths or merely change its cultural expression Clarifying different ways of justifying dual belonging contributors offer criticisms of dual belonging from different religious perspectives Theravada Buddhist Evangelical Reformed and Roman Catholic and from different methodological approaches Four chapters then carry the discussion forward suggesting ways in which dual belonging might make sense from Catholic Theravada Buddhist Pure land Buddhist and Anglican perspectives The conclusion

clarifies the main challenges emerging for dual belongers and the implications for interreligious dialogue

Church and Culture Evelyn Monteiro, 2004

Thomas Merton's Encounter with Buddhism and Beyond Jaechan Anselmo Park, 2019-03-07 Thomas Merton recognized the value and possibility of contemplative dialogue between monastics and contemplatives of other religious traditions and hoped that through such dialogue monastics would strive for inter monastic communion and a bonding of the broader spiritual family He held out hope that this bond would demonstrate the fundamental unity of humanity to a world that was becoming ever more materialistic and divided Among other themes and topics this book explores Thomas Merton's role as a pioneer of Buddhist Christian dialogue and monastic interreligious dialogue It delves into the process of Merton's self transformation through contemplative experiences explores his encounter with Zen and Tibetan Buddhists and his pioneering engagements in Buddhist Christian dialogue and presents and responds to the criticisms of those who raise questions about Merton's understanding of Buddhism Fr Jaechan Anselmo Park OSB articulates and analyzes the influences of Buddhist theory and practice on Thomas Merton's contemplative spirituality and shows how Merton's legacy has influenced and continues to inspire interreligious and inter monastic dialogue particularly in an Asian monastic context

Imaginary Christs Richard Grigg, 2000-08-10 What should those attracted to the figure of Jesus Christ make of

all the different Christs available to them Amidst today's pluralism we encounter Christ as liberator the cosmic Christ feminist Christs Black Christs Christ as the object of mystical longing and various New Age versions of Christ to name but a few Imaginary Christs discusses the challenges arising from christological pluralism and suggests evaluative criteria for sorting through this abundance of competing Christs without falling into either a narrow dogmatism on the one hand or an uncritical relativism on the other With an eye to the pluralism that has always been part of the Christian tradition the book investigates the benefits of confronting the Christs of White American churches with Black Christs It poses important questions about the future of pluralistic christological consciousness exploring the possibilities of devoting oneself to several genuinely different Christs and the possibilities of combining commitment to the Christ with commitment to another venerable religious figure such as the Buddha
