**Days of Love** Elisa Rolle, 2018-08-18 A new book chronicling 2 000 years of same sex love stories from Alexander the Great to the latest Literary Award winner makes the perfect Valentine's Day gift Days of Love created and Edited by Elisa Rolle makes inspiring reading and lays to rest the myth that LGBT couples are not capable of sustaining life long relationships Packed full of beautiful photos and illustrations it lovingly features the personal stories of 700 LGBT couples from the dawn of history to the present day Many of the contemporary couples share their stories on how they met and fell in love as well as photos from when they married or of the families they have started together Days of Love is also a great source of LGBT trivia and stories that have all too often been written out of history For example did you know that Sir Isaac Newton who laid the foundation for modern physics may have had a relationship with a Swiss mathematician Nicolas Fatio de Duillier That the British author of 2001 A Space Odyssey Arthur C Clarke had a 13 year partnership with a male Sri Lankan teenager and they are buried together This is only a fraction of the fascinating facts that you can discover What comes across is an alternative cultural history of LGBT people As we celebrate growing social acceptability and the increasing introduction same sex marriage we are reminded that many people past and present paved the way for our civil rights not the least of which is the right to love whoever we want Elisa Rolle explains in the introduction to Days of Love why she decided to compile this book I have always liked love stories and to me even if you only spent one day in blissful happiness then it was a love story I see the following pages like a family photo album the enlarged LGBT family sharing their

memories you will read about couples who managed to stay together for more than 70 years but also those who were able to have only some days of happiness

**Love in the Days of Rage** Lawrence Ferlinghetti, 2001-10-02 The more I make love the more I want revolution the more I make revolution the more I want to make love In Paris in May of 1968 revolution and love are very much in the air The barricades are going up the students of the Sorbonne are taking to streets alive with the graffiti of revolt and the Odeon is ablaze with speechmaking For Annie a young American painter and Julian her Portuguese lover a banker and anarchist the events of that Paris spring form the backdrop against which their love affair is played Annie sees the world through an artist's eyes she is reckless in her passions wanting and needing love with other people There is none of this fanciful nonsense for Julian an anarchist disdainful of the entire human race who thinks even the enraged students storming the streets of Paris with their posters proclaiming open the windows of your heart and revolution is the ecstasy of history to be hopelessly naive and sheeplike Ferlinghetti charts the progress of love unfolding against those heady and momentous days when the pampered children of the bourgeoisie tried to find common cause with workers who despised them when Julian and Annie were in the heat of their love and reason
