## **Love Teach Your Children The Values Of:**

Teaching Your Children Values Richard Eyre, Linda Eyre, 2010-05-11 One of the greatest gifts you can give your children is a strong sense of personal values Helping your children develop values such as honesty self reliance and dependability is as important a part of their education as teaching them to read or how to cross the street safely The values you teach your children are their best protection from the influences of peer pressure and the temptations of consumer culture With their own values clearly defined your children can make their own decisions rather than imitate their friends or the latest fashions In Teaching Your Children Values Linda and Richard Eyre present a practical proven month by month program of games family activities and value building exercises for kids of all ages *Teach Your Children Well* Madeline Levine, PhD, 2012-07-24 Psychologist Madeline Levine author of the New York Times bestseller *The Price of Privilege* brings together cutting edge research and thirty years of clinical experience to explode once and for all the myth that good grades high test scores and college acceptances should define the parenting endgame Parents educators and the media wring their hands about the plight of America's children and teens soaring rates of emotional problems limited coping skills disengagement from learning and yet there are ways to reverse these disheartening trends *Teach Your Children Well* acknowledges that every parent wants successful children However until we are clearer about our core values and the parenting choices that are most likely to lead to authentic and not superficial success we will continue to raise exhausted externally driven impaired children who believe they are only as good as their last performance Real success is always an inside job argues Levine and is measured not by today's report card but by the people our children become fifteen or twenty years down the line Refusing to be diverted by manufactured controversies such as tiger moms versus coddling moms Levine confronts the real issues behind the way we push some of our kids to the breaking point while dismissing the talents and interests of many others She shows us how to shift our focus from the excesses of hyperparenting and the unhealthy reliance on our children for status and meaning to a parenting style that concentrates on both enabling academic success as well as developing a sense of purpose well being connection and meaning in our children's lives *Teach Your Children Well* is a call to action And while it takes courage to make the changes we believe in the time has come says Levine to return our overwrought families to a healthier and saner version of themselves **Teaching Children Responsibility** Richard Eyre, Linda Eyre, 1982 **The Price of Privilege** Madeline Levine, PhD, 2009-10-13 In this ground breaking book on the children of affluence a well known clinical psychologist exposes the epidemic of emotional problems that are disabling America's privileged youth thanks in large part to normalized intrusive parenting that stunts the crucial development of the self In recent years numerous studies have shown that bright charming seemingly confident and socially skilled teenagers from affluent loving families are experiencing epidemic rates of depression substance abuse and anxiety disorders rates higher than in any other socioeconomic group of American adolescents Materialism pressure to achieve perfectionism and disconnection are

combining to create a perfect storm that is devastating children of privilege and their parents alike In this eye opening provocative and essential book clinical psychologist Madeline Levine explodes one child rearing myth after another With empathy and candor she identifies toxic cultural influences and well intentioned but misguided parenting practices that are detrimental to a child s healthy self development Her thoughtful practical advice provides solutions that will enable parents to help their emotionally troubled star child cultivate an authentic sense of self Confident Parents, Confident Kids
