Love That Works The Art And Science Of Giving:

Love That Works ,2009 This original highly readable book poses a clear distinction between our customary form of love which almost guarantees failure and higher more generous ways of loving that can succeed and enrich both individuals and society as a whole Love That Works draws on history psychology and the theology and science of love to offer a proposal on how to be successful in love and romance It starts by showing why love fails to meet expectations often ending sadly or even tragically

Love and Science Jan Vilcek,2016-12-20 Long before he became one of the world s most celebrated immunologists Jan Vilcek began life in Slovakia as the child of Jewish parents at a time when Jews were being exterminated all across Europe He owes his and his mother s survival to the courage of brave people and good luck As a young man growing up in Czechoslovakia in the aftermath of the Second World War Vilcek went to medical school and chose a career in virology and immunology at a time when these fields were still in their infancy While still in his twenties he published a paper in the prestigious journal Nature and he hosted the first international conference on interferon Fleeing Communist Czechoslovakia with his wife Marica Vilcek continued his research at NYU School of Medicine going on to establish a highly successful career in biomedical research and creating one of the most important and trailblazing medicines of our age After his arrival in the US in 1965 as a penniless refugee he soon went on to spearhead some of the key advances in the research of interferon that enabled its therapeutic application and through his research into tumor necrosis factor TNF made advances that led to the discovery of new genes and proteins and signaling pathways opening up previously uncharted areas of medical innovation that have led to important new treatments for a wide range of autoimmune and inflammatory diseases Along the way Vilcek acquired material wealth he had never aspired to catapulting him into the world of philanthropy Love and Science shows how advances in science sometimes result from the greatest disappointments and how achievement in medical research is usually a team effort where ideas are shared where friendship and love sometimes matter most and serendipity is as important as a will to succeed and where over time the least expected thing sometimes becomes the most important In Vilcek s case the vaunted cure for cancer that many saw in TNF never materialized However out of the ashes of that hope came many related treatments that have changed countless lives and alleviated much suffering

Giftology John Ruhlin,2016-06-20 Does it feel like you work in a red ocean filled with sharks Eat or be eaten Fierce competition Continual battling over scarce resources What if there was another path What if you could create your own blue oasis where profits are higher marketing is as natural as breathing and competition is nearly nonexistent This nirvana can be a reality when you practice the principles of Giftology In this unusual un marketing resource you ll discover Why Giftology isn t an expense it s an investment that can pay off with huge dividends How to practice Giftology on a tight budget it s easy and very effective How Giftology turns existing clients into your best salespeople Why and how gifts with a relatively low value can trump something expensive When is the best time to send gifts The answer may surprise you How to unleash a Referral Factory a

small army of influencers vouching for you no gimmicks no catches Find out how Giftology can transform your supply chain The ten worst gifts definitely avoid these This info s available in the expanded bonus resource Just click the link inside It s my gift to you The average person is hit with at least thirty thousand messages a day courtesy of that red ocean filled with sharks Giftology neutralizes that deadly philosophy and equips you with every tool you need to make your message a priority Every time Get your copy today [The Art of Loving](#) ,2024-08-27 The renowned psychoanalyst and social philosopher Erich Fromm has helped millions of men and women achieve rich productive lives by developing their hidden capacities for love In this astonishingly frank and candid book he explores the ways in which this extraordinary emotion can alter the whole course of your life Most of us are unable to develop our capacities for love on the only level that really counts a love that is compounded of maturity self knowledge and courage Learning to love like other arts demands practice and concentration Even more than any other art it demands genuine insight and understanding In this classic work Fromm explores love in all its aspects not only romantic love steeped in false conceptions and lofty expectations but also love of parents children brotherly love erotic love self love and the love of God **Anatomy of Love** Helen E. Fisher,1992 An exploration of human behavior examines the innate aspects of love sex and marriage discussing flirting behavior courting postures the brain chemistry of attraction divorce and adultery in societies around the world and more Reprint **The Practical Works of Richard Baxter; with a Preface, Giving Some Account of the Author, and of this Edition of His Practical Works; an Essay on His Genius, Works, and Times ...** Richard Baxter,1847 *What is Love?* Vijay Shankar Sharma,2018-06-27 Love plays an important part in our lives Countless books and relationship experts talk about love as the panacea for all ills in the world With the entire existing knowledge on the subject of love painstakingly researched for this book it is clear that no one really knows what love is how it happens or how can it be given or taken All that is known are the chemical changes that happen inside people in love or how they feel and other non specific things Do you know what is love Do you think it is possible to define love in a definitive and actionable manner Do you think there can be actionable guidelines on how to give and get love in any relationship Do you think love between for Parents Children Siblings Friends Pets Causes and Objects cannot be compared Do you think love will work in business and leadership Do you think love will work in all human interactions Do you think love can be measured Prepare to be pleasantly surprised [Poems about Art, Science, Love and Life](#) ,2010-10 These poems came out of the love Dr Yadusky has for his wife Margaret and his children The will to create and the will to love are one Poems make love visible and by doing so they uplift and heal because in the presence of love everything is healed Poetry at its essence depicts a spiritual world because the mind seeks truth the heart seeks love and the spirit seeks goodness and God Poems awaken something in the reader s heart that is beyond knowledge We can define poetic creation in the same way that we define art itself namely spirit expressed into matter Poets say tangibly what they feel intangibly to give finite form to the infinite When Dr Yadusky depicts this creative spirit of love he shows us the face of God

Healing With Love Leonard Laskow, M D, 2022-09-13 Healing with Love presents a highly regarded physician's practical step by step program that shows how to turn on the power of our whole beings hands heart and higher consciousness to heal ourselves and others This book provides directions and practical tools for selfhealing and selfhelp In his years as a physician and surgeon Dr Leonard Laskow has come to view illness as separation and healing as the restoration of our natural state of wholeness He has coined the term Holoenergetic R Healing to describe a method that allows to dispel the illusion of separateness and to heal using the awareness and energy of the whole Unconditional love for self as well as others is a crucial element of this method Dr Laskow found that common themes that may be expressed through illness include difficulties accepting love and the belief I am not good enough I don't deserve love This book shows us a way to identify and understand these limiting patterns and beliefs release them and replace them with life affirming feelings of safety nurturance and love Research involving Dr Laskow reveals that deep compassion and love can produce distinctive electro physiologic changes as measured by the electrocardiogram This state of conscious heart coherence characterizes healing presence Together with conscious choice and release of past conditioning it can profoundly facilitate transformational change and is a portal to Oneness

The Giving Way to Happiness Jenny Santi, 2015 We often focus on how our gifts can help those in need But the act of giving actually improves our own lives as well In The Giving Way to Happiness Jenny Santi overturns conventional thinking about what it takes to be happy by revealing how giving to others whether in the form of money expertise time or love has helped people from all walks of life find purpose and joy Drawing on the wisdom of great thinkers past and present as well as cutting edge scientific research Santi makes an eloquent and passionate case that oftentimes the answers to the problems that haunt us and the key to the happiness that eludes us lie in helping those around us This book is filled with inspiring stories told firsthand by Academy Award winner Goldie Hawn Noble Peace Prize winner Muhammad Yunus supermodel Christy Turlington Burns Teach for America founder Wendy Kopp philanthropist Richard Rockefeller environmentalist Philippe Cousteau activist Ric O Barry bestselling author Isabel Allende ALS survivor Augie Nieto and many others from all over the world Despite their diverse backgrounds they have all found unexpected happiness and fulfillment through giving This book tells us not just how they changed the world but also how their acts changed their very own lives In addition Santi reveals How altruism involves far more than suppressing basic selfish urges Rather we are wired to give as it activates the same pleasure centers of the brain stimulated by food sex and drugs How helping others whether by walking a friend through a struggle that you've also experienced or by supporting a cause to honor a loved one's memory can be a healthy way to deal with adversity and process grief The unexpected reasons why those who gave it all up to make a difference and who face the direst situations are nevertheless some of the happiest most fulfilled and least angst ridden people you'll ever meet Practical universally applicable lessons on what kind of giving makes people happy and what doesn't How do you discover giving that is unique to you and makes you feel good In this inspiring book Santi turns conventional

wisdom upside down about what it takes to be happy and reveals the surprising reasons that have led so many people to live lives full of meaning purpose and happiness The Giving Way to Happiness is full of interesting insights from big ticket philanthropists and prominent personalities but it is also about something bigger how we can all find happiness through helping others If done right giving may well be the greatest gift you can give yourself Adam Grant professor The Wharton School University of Pennsylvania and New York Times bestselling author of Give and Take This thoughtful look at philanthropy honestly examines the self interest often involved in it and suggests that a self focused approach to giving may in fact be entirely appropriate Publishers Weekly Well done A wonderful and timely contribution Christy Turlington Burns founder of Every Mother Counts The Giving Way to Happiness will change the way you approach giving shifting the focus from charity to empathy from a one way transfer to a mutually beneficial act from guilt and obligation to pleasure and happiness Jenny Santi through her well researched eloquent and insightful book teaches us how we can help ourselves by helping others Carl Liederman former CEO of One Young World and founder CEO of Liedership

Give Us This Day

Devotionals, Volume 6 Charles Erlandson, 2023-06-29 Give Us This Day is a unique daily devotional commentary for the entire New Testament based on the ancient method called lectio divina Lectio divina or divine reading is the method used by the early church and countless Christians through the centuries to read the Scriptures to form and transform the soul more than merely to inform the mind Give Us This Day deals in depth with entire passages and their contexts Rather than selecting only certain portions of the New Testament to write about Fr Charles has written a devotional for each and every passage of the New Testament Fr Charles writes for the whole person he is not afraid to use his sense of humor and he carefully relates the Bible not only to the individual's life but also to the life of the Church At the end of each day's devotional an appropriate Prayer is offered as well as Points for Further Reflection on the day's lesson Each devotional concludes with a suggested Resolution to put into effect what the Spirit has stirred up in the heart of the reader during the course of his reading meditation and prayer

Who Really Cares Arthur C. Brooks,2007-12-04 We all know we should give to charity but who really does In his controversial study of America s giving habits Arthur C Brooks shatters stereotypes about charity in America including the myth that the political Left is more compassionate than the Right Brooks a preeminent public policy expert spent years researching giving trends in America and even he was surprised by what he found In Who Really Cares he identifies the forces behind American charity strong families church attendance earning one s own income as opposed to receiving welfare and the belief that individuals not government offer the best solution to social ills But beyond just showing us who the givers and non givers in America really are today Brooks shows that giving is crucial to our economic prosperity as well as to our happiness health and our ability to govern ourselves as a free people

A General Theory of Love Thomas Lewis,Fari Amini,Richard Lannon,2001-01-09 This original and lucid account of the complexities of love and its essential role in human well being draws on the latest scientific research Three eminent

psychiatrists tackle the difficult task of reconciling what artists and thinkers have known for thousands of years about the human heart with what has only recently been learned about the primitive functions of the human brain A General Theory of Love demonstrates that our nervous systems are not self contained from earliest childhood our brains actually link with those of the people close to us in a silent rhythm that alters the very structure of our brains establishes life long emotional patterns and makes us in large part who we are Explaining how relationships function how parents shape their child s developing self how psychotherapy really works and how our society dangerously flouts essential emotional laws this is a work of rare passion and eloquence that will forever change the way you think about human intimacy

Why Good Things Happen to Good People Stephen Post, Ph.D., Jill Neimark, 2008-04-01 A longer life A happier life A healthier life Above all a life that matters so that when you leave this world you ll have changed it for the better If science said you could have all this just by altering one behavior would you Dr Stephen Post has been making headlines by funding studies at the nation s top universities to prove once and for all the life enhancing benefits of caring kindness and compassion The exciting new research shows that when we give of ourselves especially if we start young everything from life satisfaction to self realization and physical health is significantly affected Mortality is delayed Depression is reduced Well being and good fortune are increased In their life changing new book Why Good Things Happen to Good People Dr Post and journalist Jill Neimark weave the growing new science of love and giving with profoundly moving real life stories to show exactly how giving unlocks the doors to health happiness and a longer life The astounding new research includes a fifty year study showing that people who are giving during their high school years have better physical and mental health throughout their lives Other studies show that older people who give live longer than those who don t Helping others has been shown to bring health benefits to those with chronic illness including HIV multiple sclerosis and heart problems And studies show that people of all ages who help others on a regular basis even in small ways feel happiest Why Good Things Happen to Good People offers ten ways to give of yourself in four areas of life all proven by science to improve your health and even add to your life expectancy And not one requires you to write a check The one of a kind Love and Longevity Scale scores you on all ten ways from volunteering to listening loyalty to forgiveness celebration to standing up for what you believe in Using the lessons and guidelines in each chapter you can create a personalized plan for a more generous life finding the style of giving that suits you best The astonishing connection between generosity and health is so convincing that it will inspire readers to change their lives in ways big and small Get started today A longer healthier happier life awaits you
