The Real Witches' Coven Kate West, 2010-02-08 One of Britain's most well known High Priestesses offers practical down to earth advice for any witch considering starting or joining a coven

Witches of America Alex Mar, 2015-10-20 Witches are gathering When most people hear the word witches they think of horror films and Halloween but to the nearly one million Americans who practice Paganism today witchcraft is a nature worshipping polytheistic and very real religion So Alex Mar discovers when she sets out to film a documentary and finds herself drawn deep into the world of present day magic Witches of America follows Mar on her immersive five year trip into the occult charting modern Paganism from its roots in 1950s England to its current American mecca in the San Francisco Bay Area from a gathering of more than a thousand witches in the Illinois woods to the New Orleans branch of one of the world's most influential magical societies Along the way she takes part in dozens of rituals and becomes involved with a wild array of characters This sprawling magical community compels Mar to confront what she believes is possible or hopes might be With keen intelligence and wit Mar illuminates the world of witchcraft while grappling in fresh and unexpected ways with the question underlying every faith Why do we choose to believe in anything at all Adapted from book jacket

Inside a Witches' Coven Edain McCoy, 1997 Part memoir and part practical advice this text provides an insider's view of how a coven really operates and offers guidance for joining or creating a coven from someone who's been there

The Witches' Coven Tamara Von Forslun, 2018-10-08 Witchcraft is far more than just spellcraft and celebrations It is about honouring the ancient tradition and all the witch tools and fellowship that kept the tradition alive through the burning times before it was reawakened in the twentieth century The Witches Coven will help you discover the secrets the origins and the symbolism behind every tool of the witch Each tool has a magickal purpose as a key within our magick circle which is the temple of the Goddess and the God of Nature Each tool is also a sacred key to a specific magickal power that acts as a conduit for either electrical magnetic electromagnetic or alchemical change with one's will Many modern witches are not aware of these ancient tools which are as important today as they were thousands of years ago both for solitary witches and for full working covens The coven fellowship is a committed working spiritual family and is more important now in the twenty first century than it was in the past since we need the fellowship of a spiritual and magickal family to commit to a way of life that is as ancient as life itself In The Witches Coven you can work with the tools and enjoy the activities of fellowship becoming one with the Goddess and God and all of Nature

A Community of Witches Helen A. Berger, 2021-11-24 A Community of Witches explores the beliefs and practices of Neo Paganism and Witchcraft generally known to scholars and practitioners as Wicca While the words magic witchcraft and paganism evoke images of the distant past and remote cultures this book shows that Wicca has emerged as part of a new religious movement that reflects the era in which it developed Imported to the United States in the later 1960s from the United Kingdom the religion absorbed into its basic fabric the social concerns of the time feminism environmentalism self development alternative spirituality and mistrust of authority Helen A Berger s ten year participant observation study of Neo Pagans and Witches on the eastern seaboard of the United States and her collaboration on a national survey of Neo Pagans form the basis for exploring the practices structures and transformation of this nascent religion Responding to scholars who suggest that Neo Paganism is merely a pseudo religion or a cultural movement because it lacks central authority and clear boundaries Berger contends that Neo Paganism has many of the characteristics that one would expect of a religion born in late modernity the appropriation of rituals from other cultures a view of the universe as a cosmic whole an emphasis on creating and re creating the self an intertwining of the personal and the political and a certain playfulness Aided by the Internet self published journals and festivals and other gatherings today s Neo Pagans communicate with one another about social issues as well as ritual practices and magical rites This community of interest along with the aging of the original participants and the growing number of children born to Neo Pagan families is resulting in Neo Paganism developing some of the marks of a mature and established religion
