Cumpston,2024-08-09 Leadership Points of Connection developed from the realization that leadership is about making connections in all walks of life But connections are not just for leaders Points of connection are specific interactions with others that bring about illumination creativity innovation and discussions that help relationships grow and organizations expand Connections can unite people for a common purpose that impacts an organization or community for good Meaningful connections can be intentional business meetings or spontaneous moments that leave a long lasting impact The author defines each type of connection along with leadership principles in each chapter through authenticity transformation and service Real life experience and practical examples demonstrate how points of connection can make a difference to individuals organizations and communities Each chapter ends with thought provoking questions that encourage the reader to know who they are what they have to offer others and how to make a positive impact through a point of connection The author hopes that the reader will learn that points of connection go beyond What s in it for me to the encouragement of others through authentic transformational connections that positively impact people and communities **Creativity, Inc.**

(The Expanded Edition) Ed Catmull,Amy Wallace,2023-09-28 The co founder and longtime president of Pixar updates and expands his 2014 New York Times bestseller on creative leadership reflecting on the management principles that built Pixar s singularly successful culture and on all he learned during the past nine years that allowed Pixar to retain its creative culture while continuing to evolve Might be the most thoughtful management book ever Fast Company For nearly thirty years Pixar has dominated the world of animation producing such beloved films as the Toy Story trilogy Finding Nemo The Incredibles Up and WALL E which have gone on to set box office records and garner eighteen Academy Awards The joyous storytelling the inventive plots the emotional authenticity In some ways Pixar movies are an object lesson in what creativity really is Here Catmull reveals the ideals and techniques that have made Pixar so widely admired and so profitable As a young man Ed Catmull had a dream to make the first computer animated movie He nurtured that dream as a Ph D student and then forged a partnership with George Lucas that led indirectly to his founding Pixar with Steve Jobs and John Lasseter in 1986 Nine years later Toy Story was released changing animation forever The essential ingredient in that movie s success and in the twenty five movies that followed was the unique environment that Catmull and his colleagues built at Pixar based on philosophies that protect the creative process and defy convention such as Give a good idea to a mediocre team and they will

screw it up But give a mediocre idea to a great team and they will either fix it or come up with something better It s not the manager s job to prevent risks It s the manager s job to make it safe for others to take them The cost of preventing errors is often far greater than the cost of fixing them A company s communication structure should not mirror its organizational structure Everybody should be able to talk to anybody Creativity Inc has been significantly expanded to illuminate the continuing development of the unique culture at Pixar It features a new introduction two entirely new chapters four new chapter postscripts and changes and updates throughout Pursuing excellence isn t a one off assignment but an ongoing day in day out full time job And Creativity Inc explores how it is done *Dilemmas of Leadership* Tudor Rickards,2015-06-17
