

# WHAT IS REALISM?

**Realism** is an artistic and literary movement that emerged in the 19th century. It sought to represent reality truthfully and accurately, focusing on everyday life and ordinary people.

**Realism** rejected idealized depictions of the world and emphasized observation and direct experience. The movement aimed to portray society and human experience without romanticism or exaggeration, and often dealt with themes such as social injustice, poverty, and working-class life.

**Realism** had a significant impact on literature, painting, and other art forms, and remains an influential approach to storytelling and representation today.

Realism After Modernism Devin Fore, 2012 The human figure made a spectacular return in visual art and literature in the 1920s Following modernism's withdrawal nonobjective painting gave way to realistic depictions of the body and experimental literary techniques were abandoned for novels with powerfully individuated characters But the celebrated return of the human in the interwar years was not as straightforward as it may seem In *Realism after Modernism* Devin Fore challenges the widely accepted view that this period represented a return to traditional realist representation and its humanist postulates Interwar realism he argues did not reinstate its nineteenth century predecessor but invoked realism as a strategy of mimicry that anticipates postmodernist pastiche Through close readings of a series of works by German artists and writers of the period Fore investigates five artistic devices that were central to interwar realism He analyzes Bauhaus polymath L szl Moholy Nagy's use of linear perspective three industrial novels riven by the conflict between the temporality of capital and that of labor Brecht's socialist realist plays which explore new dramaturgical principles for depicting a collective subject a memoir by Carl Einstein that oscillates between recollection and self erasure and the idiom of physiognomy in the photomontages of John Heartfield Fore's readings reveal that each of these rehumanized works in fact calls into question the very categories of the human upon which realist figuration is based Paradoxically even as the human seemed to make a triumphal return in the culture of the interwar period the definition of the human and the integrity of the body were becoming more tenuous than ever before Interwar realism did not hearken back to earlier artistic modes but posited new and unfamiliar syntaxes of aesthetic encounter revealing the emergence of a human subject quite unlike anything that had come before

Realism, Representation, and the Arts in Nineteenth-Century Literature Alison Byerly, 1997 This book confronts a significant paradox in the development of literary realism the very novels that present themselves as purveyors and celebrants of direct ordinary human experience also manifest an obsession with art that threatens to sabotage their Realist claims Unlike previous studies of the role of visual art or music or theatre in Victorian literature *Realism Representation and the Arts in Nineteenth Century Literature* examines the juxtaposition of all of these arts in the works of Charlotte Bront William Thackeray George Eliot Thomas Hardy and others Alison Byerly combines close textual analysis with discussion of relevant ancillary topics to illuminate the place of different arts within nineteenth century British culture Her book which also contains sixteen illustrations represents an effort to bridge the growing gap between aesthetics and cultural studies

*Rethinking Social Realism* Stacy I. Morgan, 2004 The social realist movement with its focus on proletarian themes and its strong ties to New Deal programs and leftist politics has long been considered a depression era phenomenon that ended with the start of World War II This study explores how and why African American writers and visual artists sustained an engagement with the themes and aesthetics of social realism into the early cold war era far longer than a majority of their white counterparts Stacy I Morgan recalls the social realist atmosphere in which certain African American artists and writers

were immersed and shows how black social realism served alternately to question the existing order instill race pride and build interracial working class coalitions Morgan discusses among others such figures as Charles White John Wilson Frank Marshall Davis Willard Motley Langston Hughes Sterling Brown Elizabeth Catlett and Hale Woodruff

**Theories of Literary Realism** Dario Villanueva, 1997-01-01 Explores the possibilities and limits of a concept of realism that seeks a point of equilibrium between the principle of autonomy of the literary work vis a vis reality and the relations that the work clearly establishes with this reality Argues that by concentrating on the study of the literary work as a verbal construction the traditional of formalism and New Criticism has neglected the mimetic aspect of the literary problematic dissociating literature from life Annotation copyright by Book News Inc Portland OR

*Bodies of Art* Marie Lathers, 2001-01-01 To the time honored myth of the artist creating works of genius in isolation with nothing but inspiration to guide him art historians have added the mitigating influences of critics dealers and the public Bodies of Art completes the picture by adding the model This lively look at atelier politics through the lens of literature focuses in particular on the female model with special attention to her race ethnicity and class The result is a suggestive account of the rise and fall of the female model in nineteenth century realism with a final emphasis on the passage of the model into photography at the turn of the century This history of the model begins in nineteenth century Paris where the artist model dynamic was regularly debated by writers and where the most important categories of models appear to be Jewish Italian and Parisian women Bodies of Art traces an evolution in the representation of this model in realist and naturalist literary works from her birth in Balzac to her death in Maupassant in the process revealing how she played a key role in theories of representation advanced by writers Throughout the book Marie Lathers connects the artist s work to the social realities and actual bodies that surround and inhabit the atelier Her work shows how much the status of the model can tell us about artistic practices during the century of the birth of modernity

**Realism in Literature and Art** Clarence Darrow, 1893 *The Oxford Handbook of American Literary Realism* Keith Newlin, 2019-08-01 The scholarship devoted to American literary realism has long wrestled with problems of definition is realism a genre with a particular form content and technique Is it a style with a distinctive artistic arrangement of words characters and description Or is it a period usually placed as occurring after the Civil War and concluding somewhere around the onset of World War I This volume aims to widen the scope of study beyond mere definition however by expanding the boundaries of the subject through essays that reconsider and enlarge upon such questions The Oxford Handbook of American Literary Realism aims to take stock of the scholarly work in the area and map out paths for future directions of study The Handbook offers 35 vibrant and original essays of new interpretations of the artistic and political challenges of representing life It is the first book to treat the subject topically and thematically in wide scope with essays that draw upon recent scholarship in literary and cultural studies to offer an authoritative and in depth reassessment of major and minor figures and the contexts that shaped their work Contributors here tease out the workings of a particular concept

through a variety of authors and their cultural contexts A set of essays explores realism s genesis and its connection to previous and subsequent movements Others examine the inclusiveness of representation the circulation of texts and the aesthetic representation of science time space and the subjects of medicine the New Woman and the middle class Still others trace the connection to other arts poetry drama illustration photography painting and film and to pedagogic issues in the teaching of realism As a whole this volume forges exciting new paths in the study of realism and writers unending labor to represent life accurately **Realism** Linda Nochlin,1971 Realism Pam Morris,2004-06-02 A clear reader friendly guide to debates around realism this guide is vital reading for students of literature in particular those working on the realist novel

**Realism in Literature and Art** Clarence S. Darrow,1973 **Landscapes of Realism** Dirk Göttsche,Rosa Mucignat,Robert Weninger,2021-04-15 Few literary phenomena are as elusive and yet as persistent as realism While it responds to the perennial impulse to use literature to reflect on experience it also designates a specific set of literary and artistic practices that emerged in response to Western modernity Landscapes of Realism is a two volume collaborative interdisciplinary exploration of this vast territory bringing together leading edge new criticism on the realist paradigms that were first articulated in nineteenth century Europe but have since gone on globally to transform the literary landscape Tracing the manifold ways in which these paradigms are developed discussed and contested across time space cultures and media this first volume tackles in its five core essays and twenty five case studies such questions as why realism emerged when it did why and how it developed such a transformative dynamic across languages to what extent realist poetics remain central to art and popular culture after 1900 and how generally to reassess realism from a twenty first century comparative perspective **Russian Realisms** Molly Brunson,2016-09-10 One fall evening in 1880 Russian painter Ilya Repin welcomed an unexpected visitor to his home Lev Tolstoy The renowned realists talked for hours and Tolstoy turned his critical eye to the sketches in Repin s studio Tolstoy s criticisms would later prompt Repin to reflect on the question of creative expression and conclude that the path to artistic truth is relative dependent on the mode and medium of representation In this original study Molly Brunson traces many such paths that converged to form the tradition of nineteenth century Russian realism a tradition that spanned almost half a century from the youthful projects of the Natural School and the critical realism of the age of reform to the mature masterpieces of Tolstoy Fyodor Dostoevsky and the paintings of the Wanderers Repin chief among them By examining the classics of the tradition Brunson explores the emergence of multiple realisms from the gaps disruptions and doubts that accompany the self conscious project of representing reality These manifestations of realism are united not by how they look or what they describe but by their shared awareness of the fraught yet critical task of representation By tracing the engagement of literature and painting with aesthetic debates on the sister arts Brunson argues for a conceptualization of realism that transcends artistic media Russian Realisms integrates the lesser known tradition of Russian painting with the familiar masterpieces of Russia s great novelists highlighting both the common ground in their

struggles for artistic realism and their cultural autonomy and legitimacy This erudite study will appeal to scholars interested in Russian literature and art comparative literature art history and nineteenth century realist movements     *Realism in Literature and Art* Clarence Darrow,1899     **Adventures in Realism** Matthew Beaumont,2008-04-15 Adventures in Realism offers an accessible introduction to realism as it has evolved since the 19th century Though focused on literature and literary theory the significance of technology and the visual arts is also addressed Comprises 16 newly commissioned essays written by a distinguished group of contributors including Slavoj Zizek and Frederic Jameson Provides the historical cultural intellectual and literary contexts necessary to understand developments in realism Addresses the artistic mediums and technologies such as painting and film that have helped shape the way we perceive reality Explores literary and pictorial sub genres such as naturalism and socialist realism Includes a brief bibliography and suggestions for further reading at the end of each section     *Documents of Modern Literary Realism* George Joseph Becker,2015-12-08 Using selections by American British French German Russian Scandinavian Spanish Portuguese and South American critics and authors Professor Becker illustrates how realism arose as a reaction to romanticism and how the practitioners of realism developed conflicting ideas about the means they should use and the ends toward which they should strive The selections are concerned mainly with prose since according to the author prose fiction has been the major vehicle of realism Originally published in 1963 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905     **Varieties of Realism** Margaret A. Hagen,1986-05-31 Varieties of Realism argues that it is not possible to represent the layout of objects and surfaces in space outside the dictates of formal visual geometry the geometry of natural perspective The book examines most of the world s coherent representational art styles both in terms of the geometry of their creation and in terms of their perceptual effects on the viewer A lucid exposition of modern geometrical principles and relations accessible to the nonmathematical reader is followed by an analysis of all known styles as variants of natural perspective as true varieties of realism Delineating the physical and mechanical constraints that determine the act of visual representation in painting and drawing the author traces the intimate relations among seemingly distant styles and considers the kind of perceptual information about the world each can carry Margaret Hagen is a perceptual psychologist with an ecological point of view Her rigorous but readable presentation of visual theory and research offers provocative new insights into the connections among vision geometry and art     *Realist Vision* Peter Brooks,2008-10-01 Realist Vision explores the claim to represent the world as it is Peter Brooks takes a new look at the realist tradition and its intense interest in the visual Discussing major English and French novels and paintings from the nineteenth and twentieth centuries Brooks

provides a lively and perceptive view of the realist project Centering each chapter on a single novel or group of paintings Brooks examines the invention of realism beginning with Balzac and Dickens its apogee in the work of such as Flaubert Eliot and Zola and its continuing force in James and modernists such as Woolf He considers also the painting of Courbet Manet Caillebotte Tissot and Lucian Freud and such recent phenomena as photorealism and reality TV *Literature Through Film* Robert Stam,2004-10-22 This lively and accessible textbook written by an expert in film studies provides a fascinating introduction to the process and art of literature to film adaptations Provides a lively rigorous and clearly written account of key moments in the history of the novel from Don Quixote and Robinson Crusoe up to Lolita and One Hundred Years of Solitude Includes diversity of topics and titles such as Fielding Nabokov and Cervantes in adaptations by Welles Kubrick and the French New Wave Emphasizes both the literary texts themselves and their varied transtextual film adaptations Examines numerous literary trends from the self conscious novel to magic realism before exploring the cinematic impact of the movement Reinvigorates the field of adaptation studies by examining it through the grid of contemporary theory Brings novels and film adaptations into the age of multiculturalism postcoloniality and the Internet by reflecting on their contemporary relevance Realism Materialism Art Christoph Cox,2015 Realism materialism art RMA introduces a diverse selection of new realist and materialist philosophies and examines their ramifications on the arts Encompassing neo materialist theories object oriented ontologies and neo rationalist philosophies RMA serves as a primer on speculative realism considering its conceptual innovations as spurs to artistic thinking and practice and beyond From publisher s description *Dostoevsky and Romantic Realism* Donald Fanger,1998 Dostoevsky and Romantic Realism is Donald Fanger s groundbreaking study of the art of Dostoevsky and the literary and historical context in which it was created Through detailed analyses of the work of Balzac Dickens and Gogol Fanger identifies romantic realism the transformative fusion of two generic categories as a powerful imaginary response to the great modern city This fusion reaches its aesthetic and metaphysical climax in Dostoevsky whose vision culminating in Crime and Punishment is seen by Fanger as the final synthesis of romantic realism
