Hall,1928 **Fantasy and Mimesis (Routledge Revivals)** Kathryn Hume,2014-08-01 Since Plato and Aristotle s declaration of the essence of literature as imitation western narrative has been traditionally discussed in mimetic terms Marginalized fantasy the deliberate from reality has become the hidden face of fiction identified by most critics as a minor genre First published in 1984 this book rejects generic definitions of fantasy arguing that it is not a separate or even separable strain in literary practice but rather an impulse as significant as that of mimesis Together fantasy and mimesis are the twin impulses behind literary creation In an analysis that ranges from the Icelandic sagas to science fiction from Malory to pulp romance Kathryn Hume systematically examines the various ways in which fantasy and mimesis contribute to literary representations of reality A detailed and comprehensive title this reissue will be of particular value to undergraduate literature students with an interest in literary genres and the centrality of literature to the creative imagination *Meeks* Julia Holmes,2010-09-07 No woman will have Ben without a proper bachelor s suit and the tailor refuses to make him one Back from war with a nameless enemy Ben finds that his mother is dead and his family home has been reassigned by the state As if that isn t enough he must now find a wife or he ll be made a civil servant and given a permanent spot in one of the city s oppressive factories Meanwhile Meeks a foreigner who lives in the park and imagines he s a member of the police is hunted by the overzealous Brothers of Mercy Meeks survival depends on his peculiar friendship with a police captain but will

that be enough to prevent his execution at the annual Independence Day celebration A dark satire rendered with the slapstick humor of a Buster Keaton film Julia Holmes debut marries the existentialism of Fyodor Dostoevsky's *Notes from Underground* to the strange charm of a Haruki Murakami novel Meeks portrays a world at once hilarious and disquieting in which frustrated revolutionaries and hopeful youths suffer alongside the lost and the condemned just for a chance at the permanent bliss of marriage and a slice of sugar frosted Independence Day cake Julia Holmes was born in Dhahran Saudi Arabia and grew up in the Middle East Texas and New York where she is currently an assistant editor at Rolling Stone She is a graduate of Columbia University's MFA program in fiction

The Superhumanities Jeffrey J. Kripal, 2022-09-23 A bold challenge to rethink the humanities as intimately connected to the superhuman and to decolonize reality itself What would happen if we reimagined the humanities as the superhumanities If we acknowledged and celebrated the undercurrent of the fantastic within our humanistic disciplines entirely new cultural worlds and meanings would become possible That is Jeffrey J Kripal s vision for the future to revive the suppressed dimension of the superhumanities which consists of rare but real altered states of knowledge that have driven the creative processes of many of our most revered authors artists and activists In Kripal s telling the history of the humanities is filled with precognitive dreams evolving superhumans and doubled selves The basic idea of the superhuman for Kripal is at the core of who and what the human species has tried to become over millennia and around the planet After diagnosing the basic malaise of the humanities that the truth must be depressing Kripal shows how it can all be done differently He argues that we have to decolonize reality itself if we are going to take human diversity seriously Toward this pluralist end he engages psychoanalytic Black critical feminist postcolonial queer and ecocritical theory He works through objections to the superhumanities while also recognizing the new realities represented by the contemporary sciences In doing so he tries to move beyond naysaying practices of critique toward a future that can embrace those critiques within a more holistic view a view that recognizes the human being as both a social political animal as well as an evolved cosmic species that understands and experiences itself as something super
