Reality Religion Realigion:

Religion and Reality Darren Iammarino, 2013-08-28 This book argues for the reality of multiple religious ultimates rather than just one This entails that all the religions are not the same they describe different religious objects and they each provide unique forms of salvation The immediate advantage of this approach is that it explains how all religions are equally valid without glossing over the real differences that define them Put differently each religion has correctly identified a piece of the puzzle that makes up Ultimate Reality There is however a limit to the plurality and thus five distinct religious ultimates are identified the Forms God A World Creativity and the Receptacle One or two of these five ultimates are found within all of the world's religions as evidenced by religious scriptures and religious experiences Based upon these five religious ultimates this book puts forth a novel philosophical and religious system cosmosyntheism a word emphasizing the likelihood that in the beginning there was more than just God Quite possibly there may have been five ultimates each sacred in its own way none of which could have existed without the reality of the others Back cover

Religion and Reality James Henry Tuckwell, 2013-05-02 This discussion of the search for religious truth addresses a universal view of religion that can be termed philosophical mysticism from a rational basis of experience Originally published in 1915 this is a classic of theological thinking that investigates the fundamental nature of religion and perfect experience

Science, Religion and Reality Joseph Needham, 1925

God, Religion and Reality Stephen R. L. Clark, 2017-07-30 In this engaging study Professor Clark sets out to show that there are good philosophical reasons for theism and Christian theism in particular He travels the breadth of our intellectual engagement with the world from ethics to scientific knowledge and his journey is vigorously argued fresh lively and readable He explores the assumptions which underpin our philosophical and everyday thinking alike examines the construction of the arguments used to support them and tests the sturdiness and the makeup of their props and foundations Cover

Religion to Reality Terry Thomas, 2011-06 Religion to Reality follows Dr Terry Thomas's spiritual quest prompted by a devastating loss The book traces his journey across the U S and around the world in search of purpose and truth outside of or inside of a religious framework

Biblical Religion and the Search for Ultimate Reality Paul Tillich, 2010-06-22 Dr Tillich shows here that in spite of the contrast between philosophical and biblical language it is neither necessary nor possible to separate them from each other On the contrary all the symbols used in biblical religion drive inescapably toward the philosophical quest for being An important statement of a great theologian's position this book presents an eloquent plea for the essential function of philosophy in religious thought

Godwired Rachel Wagner, 2012 This lively new book explores the way religious practice is changing in the digital age and investigates the nature of sacred space technology as a vehicle for sacred texts who we are when we go online how religious ritual works online and whether it is possible to gather for worship in online space

Nature, Reality, and the Sacred Langdon Gilkey, 1993 Two partial apprehensions of nature vied for dominance in the past century religious void of any influence from science and scientific

unable to admit any reality beyond the empirical Both views have led to the exploitation of nature and the scientific may prove even more devastating The fault Gilkey argues lies not in the scientific knowledge of nature but in the assumed philosophy of science that accompanies most scientific and technological practice Scientific knowing needs to be critiqued and brought into relationship with other complementary ways of knowing **Reality's Fugue** F. Samuel

Brainard,2017-09-21 Science religion philosophy these three categories of thought have organized humankind's search for meaning from time immemorial Reality's Fugue presents a compelling case that these ways of understanding often seen as competing are part of a larger puzzle that cannot be rendered by one account of reality alone This book begins with an overview of the concept of reality and the philosophical difficulties associated with attempts to account for it through any single worldview By clarifying the differences among first person third person and dualist understandings of reality F Samuel Brainard repurposes the three predominant ways of making sense of those differences exclusionist only one worldview can be right inclusivist viewing other worldviews through the lens of one in order to incorporate them all and thus distorting them and pluralist or relativist holding that there are no universals and truth is relative His alternative mode of understanding uses Douglas Hofstadter's metaphor of a musical fugue that allows different voices and melodies of worldviews to coexist in counterpoint and conversation while each remains distinct with none privileged above the others Approaching reality in this way Brainard argues opens up the possibility for a multivoiced perspective that can overcome the skeptical challenges that metaphysical positions face Engagingly argued by a lifelong scholar of philosophy and global religions this edifying and accessible exploration of the nature of reality addresses deeply meaningful questions about belief reconciliation and being

One Reality Bonnie J. Taylor,2013 One Reality The Harmony of Science and Religion is a compilation of passages from the Bahai writings that explores the relationship between science and religion and demonstrates the Bahai perspective that the two seemingly opposing forces can live in perfect harmony As Abdul Baha the son of the Prophet and Founder of the Bahai Faith states If we say religion is opposed to science we lack knowledge of either true science or true religion for both are founded upon the premises and conclusions of reason and both must bear its test Meticulously researched and compiled by Bonnie J Taylor One Reality offers a comprehensive overview of the subject from a Bahai perspective and includes a thought provoking and challenging introduction from John S Hatcher a highly respected academic and the author of numerous books about Bahai scripture and theology **The Social Reality of Religion** Peter L. Berger,1973 **Reality**

Isn't What It Used to Be Walter Truett Anderson,2009-10-13 Anderson reveals the reality of postmodernism in politics popular culture religion literary criticism art and philosophy making sense of everything from deconstructionism to punk

Infinite Paths to Infinite Reality Ayon Maharaj,2018-10-08 Sri Ramakrishna is widely known as a nineteenth century Indian mystic who affirmed the harmony of all religions on the basis of his richly varied spiritual experiences and eclectic religious practices both Hindu and non Hindu In Infinite Paths to Infinite Reality Ayon Maharaj argues that Sri Ramakrishna

was also a sophisticated philosopher of great contemporary relevance Through a careful study of Sri Ramakrishna s recorded oral teachings in the original Bengali Maharaj reconstructs his philosophical positions and analyzes them from a cross cultural perspective Sri Ramakrishna s spiritual journey culminated in the exalted state of vij ana his term for the intimate knowledge of God as the Infinite Reality that is both personal and impersonal with and without form immanent in the universe and beyond it This expansive spiritual standpoint of vij ana Maharaj contends opens up a new paradigm for addressing central issues in cross cultural philosophy of religion including divine infinitude religious pluralism mystical experience and the problem of evil Sri Ramakrishna s vij ana based religious pluralism when grasped in all its subtlety proves to have major philosophical advantages over dominant Western models Moreover his mystical testimony and teachings not only cut across long standing debates about the nature of mystical experience but also bolster recent defenses of its epistemic value Maharaj further demonstrates that Sri Ramakrishna s unique response to the problem of evil resonates strongly with Western soul making theodicies and contemporary theories of skeptical theism A pioneering interdisciplinary study of one of India s most important philosopher mystics Maharaj s book is essential reading for scholars and students in philosophy of religion theology religious studies and Hindu studies

Fiction, Invention and Hyper-reality Carole M.

Cusack,Pavol Kosnác,2016-11-18 The twentieth century was a period of rapid change for religion Secularisation resulted in a dramatic fall in church attendance in the West and the 1950s and 1960s saw the introduction of new religions including the International Society for Krishna Consciousness ISKCON the Church of Scientology and the Children of God New religions were regarded with suspicion by society in general and Religious Studies scholars alike until the 1990s when the emergence of a second generation of new new religions based on popular cultural forms including films novels computer games and comic books and highly individualistic spiritualities confirmed the utter transformation of the religio spiritual landscape Indeed Scientology and ISKCON appeared almost traditional and conservative when compared to the radically de institutionalised eclectic parodic fun loving and experimental fiction based invented and hyper real religions In this book scholarly treatments of cutting edge religious and spiritual trends are brought into conversation with contributions by representatives of Dudeism the Church of All Worlds the Temple of the Jedi Order and Tolkien spirituality groups This book will simultaneously entertain shock challenge and delight scholars of religious studies as well as those with a wider interest in new religious movements

Reality Itself Joseph S. O'Leary,2019-03-04 Reality

Itself is a set of fifteen essays exploring interactions between Buddhist and Western philosophy The first section presents the two traditions as sharing a quest for reality itself and illustrates this in discussions of everyday life forgiveness and religion The second section engages with central concepts of Mah y na Buddhism emptiness in the Heart Sutra nonduality in the Vimalakirti Sutra and skillful means in the Lotus Sutra The third section focuses on N g rjuna s Root Verses of the Middle Way showing how their dialectical logic and their dyad of ultimate and conventional can be applied in discussing divine personality time and truth The final section studies interactions between Buddhism and Western thinkers Hume Hegel Husserl and Sartre chiefly on the topic of self and non self The book should be of interest to graduate students in philosophy and theology

Reality, Religion, and Passion Jessica Frazier, 2009 Radical doubt about the truths that govern life has posed a problem for thinkers in many different cultures and periods This study uncovers the solutions offered by a postmodern Western thinker Hans Georg Gadamer and an early modern Indian thinker Rupa Gosvami each of whom offers a renewed postskeptical vision of a revitalized life that is firmly rooted in the transcendental truths of reality

The Vision of Islam Sachiko Murata, 2017-05-24 This book is one of the many Islamic publications distributed by Mustafa Organization throughout the world in different languages with the aim of conveying the message of Islam to the people of the world Mustafa Organization is a registered Organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world and it welcomes your involvement and support Its objectives are numerous yet its main goal is to spread the truth about the Islamic faith in general and the Shi a School of Thought in particular due to the latter being misrepresented misunderstood and its tenets often assaulted by many ignorant folks Muslims and non Muslims Organization s purpose is to facilitate the dissemination of knowledge through a global medium the Internet to locations where such resources are not commonly or easily accessible or are resented resisted and fought

Religion Vs. Reality Gordon Dalbey, 2013-12-05 Since Jesus religion is obsolete Go figure out what this Scripture means I m after mercy not religion I m here to invite outsiders not to coddle insiders Matt 9 13 14 TMB Shortly before the prequel to this book No Small Snakes A Journey into Spiritual Warfare went to press my then teenaged son and I were enjoying the summer breeze on a late night drive in our trusty old convertible Just that morning I had carefully folded the windshield sunscreen and stuffed it securely under the back of the driver s seat so it wouldn t blow away with the top down That night in the outside lane as a pickup was about to pass us we were startled by a loud Pop Fwhoosh Suddenly the sunscreen leapt out behind us from under the driver s seat and flew up above us and foreword unfolded and fell spread out across our faces In a flash of blindness we sideswiped the pickup and shot off the freeway Slamming from 65 to zero in seconds an explosive blast of impact left us stunned and wedged under a foot thick tree branch just inches above the windshield Dazed and covered with leaves and dirt we managed to pull ourselves out of the wreckage and debris Soon afterwards a patrolman arrived to find my son and me trembling and holding each other dusty and trembling The grey haired officer studied the crumpled remains of our beloved

sports car wedged under the huge branch low enough to have crushed through the windshield and cabin of any sedan Finally he shook his head in amazement and turned to my son Do you go to church he asked Shaken but alive and filled with grace we both nodded This book like its prequel presumes that ours is a planet at war What s more the enemy of God quite deliberately attacks first and most fiercely those surrendered to Jesus because we re the only ones capable of recognizing and empowered to overcome the kingdom of darkness Those who are not surrendered to Jesus dare not even see the battle because they have no power to win it Thus opting out of the battle into denial they bear no threat to the enemy see 1 Corinth 2 14 Spiritual warfare that is allows no conscientious objectors but only deluded deserters and persevering victors To withdraw is neither honorable nor safe but simply to capitulate to the enemy whose objective is precisely to remove opposition from the battlefield I pray this book will stir you not only to acknowledge the battle in the larger world but indeed to face it within yourself not to surrender to the enemy s deceptions as a comfortably ensconced POW but to surrender to Father God as an active victorious combatant The Father of us all has set our destiny Jesus has blazed the trail Holy Spirit has empowered us to get there History awaits us Religion fabricates relationship with God Tragically few people today even in the Church dare to face and walk in this reality Proudly we discount spiritual power and trust instead in our own This denial sustains religion as an unholy distraction from what God is doing and thereby marks it as a tool of God s enemy The enemy of God hides in religion In fact the increasing work of evil among us today from warmaking family breakups and gender confusion to addictions racism and corporate greed reveals graphically both our desperate need for saving power and the inability of religion to provide it but the heart of God shines in Jesus Chapters include Christmas after 9 11 Terrorism and Spiritual Warfare Secularization and White Racism Homosexuality Outing the Man Hating Spirit Hollywood s X Rated Spirituality Ball Games and the Battle for Men s Souls Old Demons in the New Age Depression or Expression But Is Jesus the Only Way The Commandment to Enjoy and Unmasking Halloween The Radiant Road to Reality Bhagat Singh Thind,2013-10 This is a new release of the original 1947 edition
