The Big L Nina O. May, 2008-04-30 What happens when two people who have just experienced devastating heart breaking losses encounter each other on a lonely stretch of beach at the edge of the world They both deal with disappointment differently and while Adam tries to end it all by swimming out beyond the reef Christa is looking for a new

start and providentially saves him from drowning The two baby boomers spend the night on the beach reflecting upon life The Big L their similar childhood experiences and the idea that there might be a purpose in every life This encounter teaches both of them that first impressions are usually inaccurate and that things are never as they seem and the reality of who they each are grows brighter with the dawn of a new day The fabric of their lives has been sewn together by the hands of Christas loving nanny Abbie who spent her life guiding Christa on the path of success integrity and perseverance She is responsible for Christas fashion business and her climb to greatness as Christa watched her scale and conquer her own Everest of oppression and discrimination As the evening progresses we see the tapestry that was woven years ago by Abbie come into sharper focus She arranged for Adam to see Christas designs which resulted in his investing in her over 20 years before this evening If he had not believed in Christa years ago she would not be here now saving his life which ironically ends up saving hers in the end And none of these lives would have been impacted had a loving nanny not sacrificially given her life for a little girl who she loved and believed in By overcoming the personal obstacles that the Big L threw at her Abbie was able to help Christa scale the mountains of discrimination as a woman breaking into a mans world She gave her the courage to end up saving one only to discover that men are not necessarily stronger than women and face the same obstacles and challenges in life We discover that the hands that rocked the cradles in a segregated country imparted dignity mercy and inspiration to untold numbers on their travels through The Big L life

51 Stupid Questions People Ask Veterans Fred Bo

Dunning,2021-10-08 51 Stupid questions is a look at how naive and curious civilians can be about veterans Most of the time civilians questions or comments are not meant to do harm They are just curious about veterans and their time in the military That curiosity can be harmful to the veteran depending on their situation and mental state As a therapist I deal with those veterans who get triggered by being questioned Veterans are a closed group in most cases and trust very few They are more open with other veterans because they do not feel judged Veterans believe right or wrong that civilians judge them and their actions They often feel that way because civilians have been known to ask stupid questions without understanding the ramifications of those questions I wrote this book to help civilians know that they can help veterans by embracing their sacrifices by not questioning them for their curiosity Civilians can earn the trust of a veteran by respecting their service and not asking stupid questions If you get to know a veteran and earn their trust you will hear some stories about their military service But remember some questions are never OK to ask Most of them are in this book
