Reap The Whirlwind Augusta The Revolution:

Reap the Whirlwind Anne Riggs Osborne,1990 Portrays the conflicting interests in pre Revolutionary Augusta Georgia between the new settlers and the Indians and fur traders and between the patriots who want to sever all ties with England and those who remain loyal to the King **Rising in Flames** J. D Dickey,2018-06-05 America in the antebellum years was a deeply troubled country divided by partisan gridlock and ideological warfare angry voices in the streets and the statehouses furious clashes over race and immigration and a growing chasm between immense wealth and desperate poverty The Civil War that followed brought America to the brink of self destruction But it also created a new country from the ruins of the old one bolder and stronger than ever No event in the war was more destructive or more important than William Sherman s legendary march through Georgia crippling the heart of the South s economy freeing thousands of slaves and marking the beginning of a new era This invasion not only quelled the Confederate forces but transformed America forcing it to reckon with a century of injustice Dickey reveals the story of women actively involved in the military campaign and later in civilian net works African Americans took active roles as soldiers builders and activists Rich with despair and hope brutality and compassion **Rising in Flames** tells the dramatic story of the Union s invasion of the Confederacy and how this colossal struggle helped create a new nation from the embers of the Old South **History of the Rise, Progress, and**

Beyond Atlanta Stephen G. N. Tuck,2001 Beyond Atlanta draws on interviews with almost two hundred people black and white who worked for or actively resisted the freedom movement Among the topics Stephen Tuck covers are the absence of consistent support from the movement s national leadership and the frustration and innovation it alternately inspired at the local level In addition Tuck reveals friction along urban rural and poor prosperous lines about movement goals and tactics and he highlights the often unheralded roles played by African American women veterans masons unions neighborhood clubs and local NAACP branches **BOOK JACKET** [The Wartime Journal of a Georgia Girl](#) Eliza Frances Andrews,2019-12-18 The Wartime Journal of a Georgia Girl is Eliza Frances Andrews diary in which she describes in detail the situation in Georgia during the last year of the Civil War Andrews wrote about the anger and despair of Confederate citizens caused by the General Sherman s devastation [Black Reconstruction in America](#) W. E. B. Du Bois,2013-02-07 Originally published in 1935 by Harcourt Brace and Co *Tacitus, Annals, 15.20-23, 33-45* Mathew Owen,Ingo

Gildenhard,2013-09-23 e emperor Nero is etched into the Western imagination as one of ancient Rome's most infamous villains and Tacitus Annals have played a central role in shaping the mainstream historiographical understanding of this flamboyant autocrat This section of the text plunges us straight into the moral cesspool that Rome had apparently become in the later years of Nero's reign chronicling the emperor's fledgling stage career including his plans for a grand tour of Greece his participation in a city wide orgy climaxing in his publicly consummated marriage to his toy boy Pythagoras the great fire of AD 64 during which large parts of central Rome went up in flames and the rising of Nero's grotesque new palace the so called Golden House from the ashes of the city This building project stoked the rumours that the emperor himself was behind the conflagration and Tacitus goes on to present us with Nero's gruesome efforts to quell these mutterings by scapegoating and executing members of an unpopular new cult then starting to spread through the Roman empire Christianity All this contrasts starkly with four chapters focusing on one of Nero's most principled opponents the Stoic senator Thrasea Paetus an audacious figure of moral fibre who courageously refuses to bend to the forces of imperial corruption and hypocrisy This course book offers a portion of the original Latin text study aids with vocabulary and a commentary Designed to stretch and stimulate readers Owen's and Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Tacitus prose and discussion of the most recent scholarly thought
