Reappearance Of Christ In The Etheric:

The Reappearance of Christ in the Etheric Rudolf Steiner, 2022-03-01 Since the coming of Gautama Buddha Eastern mystics have spoken especially about a future condition when earth will be bathed in a moral etheric atmosphere Ever since the time of the ancient rishis they had hoped that this moral impulse would come to earth from Vishva Karman or from Ahura Mazda as Zarathustra proclaimed Eastern mysticism foresaw that this moral atmosphere would come to earth from the being we call the Christ Eastern mystics had set their hopes on the being of Christ Rudolf Steiner p 125 The first chapter of the Acts of the Apostles describes Christ s Ascension and a cloud received him out of their sight As the disciples were looking up two angels appeared and said the same Jesus taken up from you into heaven shall come again in the same way as you have seen him go Starting in 1910 Rudolf Steiner initiated a series of lectures announcing the advent of Christ s appearance in the sphere of the earth s etheric or life body This he said would begin between 1930 and 1940 but at first only a few people would be aware of it In time more and more people regardless of their religious affiliation would be infused by Christ s living presence Such Damascus experiences bespeaking a new natural clairvoyance Steiner said would become increasingly common The Christ will become a living comforter Though it may seem strange now it is nevertheless true that even large numbers of people sitting together and wondering what to do will see the etheric Christ He will be there and confer with them he will cast his word into their gathering We are approaching these times when this positive constructive element will take hold of human evolution Rudolf Steiner p 122 The lectures collected here on the second coming of Christ also contain significant related issues such as spiritual science and etheric vision the etheric vision of the future the Sermon on the Mount and the land of Shambhala the etherization of the blood the mysteries of comets and the moon Buddhism and Pauline Christianity and the three realms between death and rebirth

The Appearance of Christ in the Etheric Sergei O. Prokofieff, 2012 Dedicated to the centenary of Rudolf Steiner s first proclamation of Christ s appearance in the etheric realm of the Earth this book discusses various aspects of that event that had not previously been addressed adequately Sergei Prokofieff points to three themes of primary importance all of which are connected directly with the tasks of the Society that Rudolf Steiner founded The preparation of humankind for the Second Coming Working with Christ as the Lord of Karma Recognizing in Anthroposophy the spiritual language through which questions can be posed to the etheric Christ today Prokofieff describes these and other critical undertakings such as forging a strong relationship with Michael and the importance of recognizing the adversarial forces attempting to falsify Christ s Second Coming The Appearance of Christ in the Etheric is of relevance to every individual who wishes to take an active role in fulfilling the needs of our time

The Second Coming of Christ Rudolf

Steiner,2013-05-17 The being whom we call Christ once walked the earth in flesh and blood at the beginning of our era He will never again return in a physical body for that was a unique event and will not be repeated But He will come again in an etheric form in the period I have mentioned People will learn to perceive Christ by virtue of growing towards him through this etheric perception Many contemporaries were unaware of Christ s incarnation on earth at the beginning of the modern era And today says Rudolf Steiner many remain ignorant of the most important event of our time the appearance of Christ in the etheric or life realm of the earth Fundamentalist and millennial groups await a second physical incarnation while atheists and materialists deny spirit altogether Nevertheless an incisive transformation is taking place in the human soul that will lead to an emerging clairvoyance Just as Paul perceived Christ at Damascus so may every human being experience Him today

A Western Approach to Reincarnation and Karma Rudolf Steiner,1997 The soul s immortality and its repeated earthly births are not new ideas in Western thought They are implicit in the Pythagorean and Platonic traditions as well as in some branches of esoteric Judaism and Cabbala But it was not until the early years of this century that the West was given a detailed modern evolutionary philosophy of human life based on the reality of reincarnation and karma This turning point occurred when Rudolf Steiner began to make public the results of his spiritual scientific researches He viewed the revelation of reincarnation and karma as one of his most important life tasks Steiner s contribution however remains unique in its understanding of the human being as an evolving developing being of body soul and spirit On the basis of his researches presented in numerous books and lectures we begin to understand how the complex interaction of human lives between birth and death and between death and a new birth gives new meaning not only to individual lives lived on Earth in community with others but also to human history and evolution and to earthly and cosmic events This book collects many of Steiner s major statements on reincarnation and karma The primary purpose of this volume is to help readers meet the challenge of spiritual research in the area of individual evolution of the soul and spirit in the context of cultural and universal evolution Such a study can be tremendously revealing and provide spiritual understanding in a time of increasing intellectual confusion and spiritual poverty The notion of reincarnation and karma is generally associated in most minds with spiritual traditions of the East especially Hinduism and Buddhism Ren Querido s in depth sixty page introduction however places these concepts within the context of Western spiritual development and esoteric tradition showing us a panoramic view of how such ideas have developed over the centuries in the West Contents Introduction by Ren Querido 1 Our Present Dilemma 2 Historical Survey of Reincarnation and Karma 3 Rudolf Steiner s Original Contributions The lectures 1 Natural and Chance Illnesses in the Human Being 2 Elemental Events Volcanic Eruptions Earthquakes Epidemics in Relation to Karma 3 Death and Rebirth in Relation to Karma 4 Knowledge of Reincarnation and Karma 5 Examples of Karma Working between Two Incarnations 6 Vital Questions in the Light of Reincarnation and Karma 7 The Formation of Karmic Forces 8 Reincarnation of the Spirit and Destiny

Telepathy and Etheric Vehicle Bailey, Alice A.,Djwhal Khul,2013-04-01 The scientific basis for the widely

accepted ideal of the brotherhood of man rests on the fact of the interwoven etheric or energy structure underlying all forms in all kingdoms within the planet. It is this essential oneness which provides the conditions for intercommunication on all levels of consciousness and which creates the possibility of simultaneous impression in many by a stream of Plan inspired energy.

The Figure of Christ Peter Selg, 2009. Yes, that is the Christ. This is how my spiritual eye perceived him in Palestine. Rudolf Steiner speaking of his sculpted figure of Christ. Rudolf Steiner referred to the wooden group sculpture of the figure of Christ surrounded by adversary spiritual beings as the centre of the first Goetheanum. Steiner even told the architect of the second Goetheanum that the sculpture he made with Edith Maryon should occupy the same central position as in the first building. What was Rudolf Steiner's essential aim for the sculptural group within the Mystery building he conceived and why did he regard it as the crown of the building? What were Steiner's intentions and specifically what were the spiritual aims behind this remarkable depiction of Christ? Rudolf Steiner described the core task of anthroposophical spiritual science as preparing for Christ's reappearance in the etheric realm. The Christ he sculpted was not the possession of a specific community with a religious world view but rather a being.

Mystery of the Christ Oskar Kürten, 2023-05-15. Who is the Christ? What is the Sun spirit? How should we understand the person of Jesus in relation to the Cosmic Christ or even to the Holy Trinity? In a majestic overview of Rudolf Steiner's extensive references to Christ and Jesus originally dispersed throughout his many writings and lectures, Oskar Kürten creates a mutually reconcilable and coherent text. We are invited to accompany the author as he attempts to comprehend the unimaginably vast enigma of Christ's appearance on Earth. The results of his work can sometimes be overwhelming but as Kürten points out, humanity is always advancing in its intellectual and spiritual culture and each step poses higher demands on our capacity to understand. In a volume comprising three previously untranslated booklets composed originally as study material for people conversant with the fundamentals of anthroposophy, *Mystery of the Christ* gives numerous pointers to great mysteries, inviting readers to penetrate ever more deeply into the inexhaustible subject matter. As Kürten states, this approach enables us again and again to find surprisingly new insights into the mysterious interconnections in which Christ's entry into earth existence and the Mystery of Golgotha are placed.

From Jesus to Christ Rudolf Steiner, 2024-11-18. Knowledge of the cosmic significance of Christ and his mission once experienced intuitively has faded over the centuries. As theologians and historians of the Church critically scrutinized the Gospel records, their focus shifted from a gnostic vision of Christ to the human figure of the simple man Jesus of Nazareth. In these enlightening lectures, Rudolf Steiner shows how the Mystery of Golgotha, his term for the Crucifixion and Resurrection of Christ, can be understood as the pivotal event in human history and the Gospels as initiation documents that can serve to guide us on a path of spiritual development. He contrasts elements of the religious thinking of Jesuitism with Rosicrucianism, particularly in relation to the effect on human will, and discusses the characteristics of the two Jesus children in the contrasting accounts by Luke and Matthew. Steiner demonstrates how the great religious traditions of Zarathustra and

Buddha helped prepare the way for the events of Palestine In the process he clarifies controversial topics in Christian theology such as the resurrection of the physical body of Jesus Christ The emphasis throughout these lectures is on rediscovering the esoteric path to Christ and awakening to a new revelation manifesting in our time Christ as the Lord of Karma This edition features a revised translation and is complemented with editorial notes and appendices by Frederick Amrine and an introduction by Robert McDermott Eleven lectures Karlsruhe Oct 1911 GA 133 Christ Consciousness Danielle Van Dijk,2010-04 We live in a world characterized by intolerance war environmental degradation and economic collapse By contrast is it possible to build a society in which tolerance love and peace are the abiding principles In this positive and inspiring book van Dijk shows how beginning with our personal development we can contribute to such a new and transformed world She describes how we can develop a universal spiritual consciousness what she calls Christ Consciousness The author emphasizes that the Christian mysteries took place on the physical plane distinguishing with great clarity between Jesus as a human being the incarnation of Christ on Earth and the Cosmic Christ She builds bridges between the spiritual research of Rudolf Steiner the Nag Hammadi writings and the gospels of Mary Magdalene and Judas culminating in a comprehensive and wide ranging picture of the Christ By gaining insight into the nature of Christ s being and undertaking practical exercises described here each of us can achieve the new Christ Consciousness In ancient times selected individuals underwent rites of initiation in secret mystery schools Any student who made public the knowledge obtained there was put to death In our time however the spiritual mysteries have become open and available to all Initiation van Dijk tells us involves walking the inner path to all embracing love which is known in Gnostic and esoteric lore as Christ the highest divine Being leading to sublime cosmic orientated consciousness that comes into existence when the higher self exists wholly within the individual human being **The Soul and Its Mechanism** ALICE. Sergei O. Prokofieff, 2008 Even within the Anthroposophical Society and the anthroposophic movement people's relationship to Rudolf Steiner is weakening and dissipating This is problematic says Prokofieff as the future of both the Society and movement depends on a sufficient number of people aspiring to and realizing a true spiritual connection with the founder of Anthroposophy Prokofieff deals in detail with this issue and asks Can one be an anthroposophist without being Rudolf Steiner's pupil In the second part of this book Prokofieff elaborates on the mysteries surrounding the laying of the spiritual Foundation Stone at the Society's Christmas Meeting that began 1923 That event he asserts ensured that a personal relationship with Rudolf Steiner would not remain within the realm of the generally abstract or intellectual but would become a real inner deed Thus Steiner gave each anthroposophist the possibility of connecting with him through free inner work on the Foundation Stone Both parts of this book are linked in the sense that once a relationship with Steiner is established an inner longing to work with the new mysteries will follow In Prokofieff's words The will to take the foundation of the new mysteries seriously leads to a real inner connection with Rudolf Steiner Relating to Rudolf Steiner includes an essay on the problem of digitally publishing Steiner's most important esoteric texts and the esoteric background of the internet and electronic media in general In response to readers' questions about how to counteract the harmful consequences of these developments Prokofieff has expanded and developed his original essay on this subject Compiled Lectures by Rudolf
