## **Reappraisals In Canadian History Post Confederation:**

**Reappraisals in Canadian History, Post-confederation** Angus Gilbert, Carl Wallace, Robert Matthew Bray, 1992

**Reappraisals in Canadian History, Pre-confederation** Carl Murray Wallace, 1993      *Reappraisals in Canadian History* Carl Wallace, Robert Matthew Bray, 1999      **Readings in Canadian History: Post-Confederation** Donald B.

Smith, 2002      **Canadian History: Beginnings to Confederation** Martin Brook Taylor, Doug O'Wram, 1994-01-01 In these

two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover      **Canada's**

**Rural Majority** R.W. Sandwell, 2016-04-06 Before the Second World War Canada was a rural country Unlike most industrializing countries Canada's rural population grew throughout the century after 1871 even if it declined as a proportion of the total population Rural Canadians also differed in their lives from rural populations elsewhere In a country dominated by a harsh northern climate a short growing season isolated households and communities and poor land they typically relied on three ever shifting pillars of support the sale of cash crops subsistence from the local environment and wage work off the farm Canada's Rural Majority is an engaging and accessible history of this distinctive experience including not only Canada's farmers but also the hunters gardeners fishers miners loggers and cannery workers who lived and worked in rural Canada Focusing on the household the environment and the community Canada's Rural Majority is a compelling classroom resource and an invaluable overview of this understudied aspect of Canadian history      *Canadian Geography* Thomas A.

Rumney, 2009-12-10 This bibliography contains references to all known publications on the geographical studies of Canada covering all types of geography It is an essential resource for all researchers students teachers and government officials needing information and references on the varied aspects of the environments and human geographies of Canada      The

Memoirs of Miss Chief Eagle Testickle: Vol. 2 Kent Monkman, Gisele Gordon, 2025-05-27 From global art superstar Kent Monkman and his longtime collaborator Gisele Gordon a transformational work of true stories and imagined history that will remake readers understanding of the land called North America For decades the singular and provocative paintings by Cree artist Kent Monkman have featured a recurring character an alter ego of sorts a shape shifting time travelling elemental being named Miss Chief Eagle Testickle Though we have glimpsed her across the years and on countless canvases it is finally time to hear her story in her own words And in doing so to hear the whole history of Turtle Island anew The Memoirs of Miss Chief Eagle Testickle A True and Exact Accounting of the History of Turtle Island is a genre demolishing work of genius the imagined history of a legendary figure through which a profound truths emerge a deeply Cree and gloriously queer understanding of our shared world its past its present and its possibilities Volume Two which takes us from the moment of confederation to the present day is a heartbreaking and intimate examination of the tragedies of the nineteenth and twentieth century Zeroing in on the story of one family told across generations Miss Chief bears witness to the genocidal

forces and structures that dispossessed and attempted to erase Indigenous peoples. Featuring many figures pulled from history as well as new individuals created for this story, Volume Two explores the legacy of colonial violence in the children's work camps called residential schools by some the Sixties Scoop and the urban disconnection of contemporary life. Ultimately it is a story of resilience and reconnection and charts the beginnings of an Indigenous future that is deeply rooted in an experience of Indigenous history, a perspective Miss Chief, a millennia-old legendary being, can offer like none other. Blending history, fiction, and memoir in bold new ways, *The Memoirs of Miss Chief Eagle Testickle* are unlike anything published before. And in their power to reshape our shared understanding, they promise to change the way we see everything that lies ahead.

**Death So Noble** Jonathan F. Vance, 2011-11-01. This book examines Canada's collective memory of the First World War through the 1920s and 1930s, beginning with the Armistice in 1918. This book deals with cultural history more than military history and looks at art, music, and literature during World War I. Comparable to Modris Eksteins' *Rites of Spring* and Paul Fussell's *The Great War and Modern Memory*, the author draws on a broad range of sources, published and unpublished, making this book an original contribution to the growing literature dealing with World War I. Thematically organized into such subjects as the symbolism of the soldier, the implications of war memory for Canadian nationalism, and the idea of a just war, the book draws on military records, memoirs, war memorials, newspaper reports, fiction, popular songs, and films. In each case, Vance draws a distinction between the objective realities of the war and the way that contemporaries remember it. *Death So Noble* takes an unorthodox look at the Canadian war experience. It views the Great War as a cultural and philosophical force rather than as a political and military event. It will be of interest to specialists in First World War history and literature as well as a general audience.

**Changing Women, Changing History** Diana Pederson, 1996-10-15. *Changing Women, Changing History* is a bibliographic guide to the scholarship, both English and French, on Canadian women's history. Organized under broad subject headings and accompanied by author and subject indices, it is accessible and comprehensive.

**Readings in Canadian History: Post-Confederation** R. Douglas Francis, Donald B. Smith, 1994. **La Nouvelle France** Peter N. Moogk, 2000-04-30. On one level, Peter Moogk's latest book, *La Nouvelle France: The Making of French Canada: A Cultural History*, is a candid exploration of the troubled historical relationship that exists between the inhabitants of French and English-speaking Canada. At the same time, it is a long overdue study of the colonial social institutions, values, and experiences that shaped modern French Canada. Moogk draws on a rich body of evidence: literature, statistical studies, government, legal, and private documents in France, Britain, and North America, and traces the roots of the Anglo-French cultural struggle to the seventeenth century. In so doing, he discovered a New France vastly different from the one portrayed in popular mythology. French relations with Native Peoples, for instance, were strained. The colony of New France was really no single entity but rather a chain of loosely aligned outposts stretching from Newfoundland in the east to the Illinois Country in the west. Moogk also found that many early immigrants to New France were reluctant exiles from their

homeland and that a high percentage returned to Europe Those who stayed the Acadians and Canadians were politically conservative and retained Old R gime values feudal social hierarchies remained strong one s individualism tended to be familial not personal Roman Catholicism molded attitudes and was as important as language in defining Acadian and Canadian identities It was Moogk concludes the pre French Revolution Bourbon monarchy and its institutions that shaped modern French Canada in particular the Province of Quebec and set its people apart from the rest of the nation

**Unwanted Warriors** Nic Clarke,2015-10-01 Unwanted Warriors uncovers the history of Canada s first casualties of the Great War men who tried to enlist but were deemed unfit for service by medical examiners Condemned as shirkers for not being in uniform rejected volunteers faced severe ostracism Nagging guilt coupled with self doubt about their social and physical worth led many of these men to divorce themselves from society or worse Nic Clarke draws on the service files of 3 400 rejected volunteers to examine the deleterious effects that socially constructed norms of health and fitness had on individual men and Canadian society He considers the mechanics of the military medical examination the psychical and psychological characteristics that the authorities believed made a fighting man and how evaluations changed as the war dragged on He also brings to light the experiences of those who deliberately claimed disability to avoid service a minority within the large population of rejected volunteers who felt denigrated if not emasculated by their exclusion from duty The

British Empire and the First World War Ashley Jackson,2017-06-26 The British Empire played a crucial part in the First World War supplying hundreds of thousands of soldiers and labourers as well as a range of essential resources from foodstuffs to minerals mules and munitions In turn many imperial territories were deeply affected by wartime phenomena such as inflation food shortages combat and the presence of large numbers of foreign troops This collection offers a comprehensive selection of essays illuminating the extent of the Empire s war contribution and experience and the richness of scholarly research on the subject Whether supporting British military operations aiding the British imperial economy or experiencing significant wartime effects on the home fronts of the Empire the war had a profound impact on the colonies and their people The chapters in this volume were originally published in Australian Historical Studies The Journal of Imperial and Commonwealth History First World War Studies or The Round Table The Commonwealth Journal of International Affairs

**Commerce of Taste** Barry Magrill,2012 How books of church drawings marketed taste and status alongside social change **Introducing Canada** Brian Gobbett,Robert Irwin,1998 In addition to presenting brief descriptions of more than 1 000 historical monographs dealing with Canada the bibliography introduces the reader to several historiographic debates and places key works within that context *The Confederation Group of Canadian Poets, 1880-1897* D.M.R. Bentley,2013-12-11 As one of the formative periods in Canadian history the late nineteenth century witnessed the birth of a nation a people and a literature In this study of Canada s first school of poets D M R Bentley combines archival work including extensive research in periodicals and newspapers with close readings of the work of Charles G D Roberts Archibald

Lampman Bliss Carman William Wilfred Campbell Duncan Campbell Scott and Frederick George Scott Bentley chronicles the formation reception national and international successes and eventual disintegration after the 1895 War Among the Poets of the Confederation Group whose poetry forever changed the perception and direction of Canadian literature With the aid of biographical political and sociological analyses Bentley s literary history delineates the group s political aesthetic and thematic dispositions and characteristics and contextualizes them not only within Canadian history and politics but also within contemporary intellectual and literary currents including Romantic nationalism Canadianism and poetic formalism Bentley casts new light on the poets commonalities such as their debt to Young Ireland their commitment to careful workmanship and their participation in the American mind cure movement as well as on their most accomplished and anthologized poems from 1880 to 1897 In the process he presents a compelling case for the literary and historical importance of these six men and their poems in light of Canada s cultural and political past and defends their right to be known as Canada s first poetic fraternity at a time when Canada was striving to achieve literary and national distinction The Confederation Group of Canadian Poets 1880 1897 is an erudite and innovative work of literary history and critical interpretation that belongs on the bookshelf of every serious scholar of literary studies

**Sport, Militarism and the Great War** Thierry Terret,J. A. Mangan,2013-09-13 The Great War has been largely ignored by historians of sport However sport was an integral part of cultural conditioning into both physiological and psychological military efficiency in the decades leading up to it It is time to acknowledge that the Great War also had an influence on sport in post war European culture Both are neglected topics Sport Militarism and the Great War deals with four significant aspects of the relationship between sport and war before during and immediately after the 1914 1918 conflict First it explores the creation and consolidation of the cult of martial heroism and chivalric self sacrifice in the pre war era Second it examines the consequences of the mingling of soldiers from various nations on later sport Third it considers the role of the Great War in the transformation of the leisure of the masses Finally it examines the links between war sport and male socialisation The Great War contributed to a redefinition of European masculinity in the post war period The part sport played in this redefinition receives attention Sport Militarism and the Great War is in two parts the Continental Part I and the Anglo Saxon Part II No study has adopted this bilateral approach to date Thus in conception and execution it is original With its originality of content and the approaching centenary of the advent of the Great War in 2014 it is anticipated that the book will capture a wide audience This book was originally published as a special issue of The International Journal of the History of Sport

**Reappraisals of British Colonisation in Atlantic Canada, 1700-1930** Karly Kehoe,2020-05-01 This collection offers new perspectives on the legacy of British colonisation by concentrating on Atlantic Canada a region that was pivotal to safeguarding Britain s imperial ambitions between 1750 and 1930

**Canadian Society in the Twenty-First Century, Fourth Edition** Trevor W. Harrison,John W. Friesen,2021-03-03 Confederation may have established Canada s nationhood in 1867 but the

relationships framing Canada's modern existence go back much further. Employing a unique socio-historical perspective, *Canadian Society in the Twenty-First Century* examines three formative relationships that have shaped the country: Canada and Quebec, Canada and the United States, and Canada and Indigenous nations. Now in its fourth edition, this engaging text offers students an overview of Canadian society through a series of connections rather than a collection of statistics. Trevor W. Harrison and John W. Friesen weave together complex aspects of the nation's economic, political, and socio-cultural development. They guide readers to use this interdisciplinary framework to consider some of the tough questions that Canada is likely to face in adjusting to demands and challenges in the next few decades. Reflecting the most current scholarship in the field, this revised edition features new discussions on issues such as the current crisis of neo-liberal globalization, Canada's petroleum industry, global warming, the Wet'suwet'en dispute in 2020, and the COVID-19 pandemic. Exploring the unique character of Canada today, this text is a vibrant resource for sociology courses on Canadian society as well as courses in Canadian studies and Canadian history.

## Unveiling the Power of Verbal Art: An Psychological Sojourn through **Reappraisals In Canadian History Post Confederation**

In a world inundated with displays and the cacophony of instant interaction, the profound energy and emotional resonance of verbal art often diminish into obscurity, eclipsed by the constant barrage of sound and distractions. Yet, nestled within the musical pages of **Reappraisals In Canadian History Post Confederation**, a fascinating perform of literary beauty that pulses with fresh feelings, lies an unforgettable trip waiting to be embarked upon. Composed by a virtuoso wordsmith, this enchanting opus manuals readers on an emotional odyssey, delicately revealing the latent possible and profound influence stuck within the complicated internet of language. Within the heart-wrenching expanse of the evocative examination, we shall embark upon an introspective exploration of the book is central styles, dissect its charming writing design, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
