**Reason Relativism And God** Joseph Runzo, 1986-05-19      Give Me an Answer Cliffe Knechtle, 1986-03-31 Cliffe Knechtle offers clear reasoned and compassionate responses to the tough questions skeptics ask      *What is Faith?* John Gresham Machen, 1925      *Brothers, We Are Not Professionals* John Piper, 2013-02-01 In this revised and expanded edition of *Brothers We Are Not Professionals* that includes a new introduction and select all new chapters best selling author John Piper pleads through a series of thoughtful essays with fellow pastors to abandon the professionalization of the pastorate and pursue the prophetic call of the Bible for radical ministry We pastors are being killed by the professionalizing of the pastoral ministry he writes The mentality of the professional is not the mentality of the prophet It is not the mentality of the slave of Christ Professionalism has nothing to do with the essence and heart of the Christian ministry The more professional we long to be the more spiritual death we will leave in our wake For there is no professional childlikeness there is no professional tenderheartedness there is no professional panting after God Brothers we are not professionals We are outcasts We are aliens and exiles in the world Our citizenship is in Heaven and we wait with eager expectation for the Lord Phil 3 20 You cannot professionalize the love for His appearing without killing it And it is being killed The world sets the agenda of the professional man God sets the agenda of the spiritual man The strong wine of Jesus Christ explodes the wine skins of professionalism      A Refutation of Moral Relativism Peter Kreeft, 1999 No issue is more fateful for civilization than moral relativism History knows not one example of a successful society which repudiated moral absolutes Yet most attacks on relativism have been either pragmatic looking at its social consequences or exhorting preaching rather than proving and philosophers arguments against it have been specialized technical and scholarly In his typical unique writing style Peter Kreeft lets an attractive honest and funny relativist interview a Muslim fundamentalist absolutist so as not to stack the dice personally for absolutism In an engaging series of personal interviews every conceivable argument the sassy Black feminist reporter Libby gives against absolutism is simply and clearly refuted and none of the many arguments for moral absolutism is refuted      **Contradict** Andy Wrasman, 2014 Tolerance and co existence are both great In fact they are necessary If we are to live together in peace without hating each other or physically harming each other over differences in race culture sexual orientation political views and religious beliefs we must have tolerance However we must also recognize that every belief can't be equally valid If two beliefs directly contradict each other both of them cannot be true no matter how tolerant we become This means it is false to say that every religion is true or that every religion leads to God When people make such claims they show that they have not taken the time to study the world's religions because a brief reading of the sacred texts of only a handful of religions quickly reveals contradictions on the most fundamental levels Religious Contradictions Reincarnation Hinduism and Buddhism contradicts the belief that this is your only life before eternity Christianity Judaism and Islam Salvation from sin Christianity contradicts the belief that there is no sin to be saved from but simply pain that can be escaped

through enlightenment Buddhism Jesus Christ is the incarnate Son of God Christianity contradicts the teaching that he is just a prophet Islam or that he was a false prophet Judaism In light of these contradictions alone all religions can't be true They could all be false but they can't all be true Are any of them true This is the most important question anyone can ask Recognize religious contradictions Embrace them Test them Seek the truth [www.contradictmovement.org](http://www.contradictmovement.org)

Trueman     **A Reason Open to God** J. Steven Brown, 2013 With clarity and wisdom Pope Benedict XVI sets out his vision for Catholic higher education in this first and only collection of his major addresses on the topic What is the mission and identity of a Catholic university What are the responsibilities of administrators teachers and students in Catholic institutes of higher learning Where does the central theme of love of God and others fit into academia     *Is There a God?* Richard Swinburne, 2010-01-07 Is There a God offers a powerful response to modern doubts about the existence of God It may seem today that the answers to all fundamental questions lie in the province of science and that the scientific advances of the twentieth century leave little room for God Cosmologists have rolled back their theories to the moment of the Big Bang the discovery of DNA reveals the key to life the theory of evolution explains the development of life and with each new discovery or development it seems that we are closer to a complete understanding of how things are For many people this gives strength to the belief that God is not needed to explain the universe that religious belief is not based on reason and that the existence of God is intellectually a lost cause Richard Swinburne one of the most distinguished philosophers of religion of our day argues that on the contrary science provides good grounds for belief in God Why is there a universe at all Why is there any life on Earth How is it that discoverable scientific laws operate in the universe Professor Swinburne uses the methods of scientific reasoning to argue that the best answers to these questions are given by the existence of God The picture of the universe that science gives us is completed by God This new updated edition of Richard Swinburne's popular introductory book *Is There a God* features two substantial changes He presents a new stronger argument why theism does and materialism does not provide a very simple ultimate explanation of the world And he examines the idea of the possible existence of many other universes and its relevance to his arguments from the fine tuning of our universe to the existence of God     *Why Mike's Not a Christian* Ben Young, 2006 Can most believers give a rational explanation for their faith Have most skeptics ever heard convincing answers to their arguments Author Ben Young creates an intriguing and insightful dialogue between a skeptic Mike and a Christian friend working through Mike's questions with thoughtful biblical answers Along the way readers will discover responses to the most common reasons people say they are not a Christian It's true for you but not for me All Christians are hypocrites Evolution is true The Bible is full of myths All paths lead to God not just one Open minded skeptics looking for answers or Christians looking for a way to articulate their beliefs more effectively will want this on hand     **Philosophy, Reasoned Belief, and Faith** Paul Herrick, 2022-06 This clear readable introduction to philosophy presents a traditional theistic view of the existence of God There are many fine introductions to philosophy but few are written for Christian students by a teacher who is sensitive to the intellectual challenges they face studying in an environment that is often hostile to religious belief Many introductory texts present short easy to refute synopses of the traditional arguments for God's existence the soul free will and objective moral value rooted in God's nature usually followed by strong objections stated as if they are the last word This formula may make philosophy easier to digest but it gives many

students the impression that there are no longer any good reasons to accept the beliefs just mentioned Philosophy Reasoned Belief and Faith is written for philosophy instructors who want their students to take a deeper look at the classic theistic arguments and who believe that many traditional views can be rigorously defended against the strongest objections The book is divided into four sections focusing on philosophy of religion an introduction to epistemology philosophy of the human person and philosophical ethics The text challenges naturalism the predominant outlook in the academic world today while postmodernist relativism and skepticism are also examined and rejected Students of faith and students without faith will deepen their worldviews by thoughtfully examining the philosophical arguments that are presented in this book Philosophy Reasoned Belief and Faith will appeal to Christian teachers analytic theists home educators and general readers interested in the classic arguments supporting the Christian worldview

**When Skeptics Ask** Norman L. Geisler, Ronald M.

Brooks, 2013-03-15 When skeptics ask tough questions believers can turn to this helpful user friendly guide for thoughtful up to date answers Readers will also learn to identify and respond to the misuse of Scripture by nonbelievers and help detractors see the fullness beauty and truth of Christianity

**Relativism and Religion** Carlo Invernizzi Accetti, 2015-11-10

Moral relativism is deeply troubling for those who believe that without a set of moral absolutes democratic societies will devolve into tyranny or totalitarianism Engaging directly with this claim Carlo Invernizzi Accetti traces the roots of contemporary anti relativist fears to the antimodern rhetoric of the Catholic Church and then rescues a form of philosophical relativism for modern pluralist societies arguing that this viewpoint provides the firmest foundation for an allegiance to democracy In his analyses of the relationship between religious arguments and political authority and the implications of philosophical relativism for democratic theory Accetti makes a far ranging contribution to contemporary debates over the revival of religion in politics and the conceptual grounds for a commitment to democracy He presents the first comprehensive genealogy of anti relativist discourse and reclaims for English speaking readers the overlooked work of Hans Kelsen on the connection between relativism and democracy By engaging with contemporary attempts to replace the religious foundation of democratic values with a neo Kantian conception of reason Accetti also makes a powerful case for relativism as the best basis for a civic ethos that integrates different perspectives into democratic politics

*World Views and Perceiving God* Joseph

Runzo, 1994-01-12 This collection of essays presents a systematic analysis of some of the foremost issues in the philosophy of religion The focus is on the epistemology of religion the most significant area of recent interest in the field After developing a religious epistemology in the first half of the book that epistemology is both further expanded and explicitly applied to salient issues in the contemporary discussion The central question throughout the essays is how our world views affect our

perception especially our perception of God The first essays set out a general epistemology of perception The next two sets of essays build upon this in assessing the cognitive value of religious experience and analyzing the proper epistemic foundations for belief in God Then in view of the role of faith developed in those essays the final essays address the dual challenges to traditional theism of theological non realism and of religious pluralism
