THE FOUNDATIONS OF  
HEGEL'S PHILOSOPHY  
OF RELIGION

—  
WALTER JAESCHKE

*Translated by*  
J. Michael Stewart and Peter C. Hodgson

# Reason In Religion The Foundations Of Hegels Philosophy Of Religion

**Jon Stewart**

## **Reason In Religion The Foundations Of Hegels Philosophy Of Religion:**

Reason in Religion Walter Jaeschke,1990 This book is the first to take account of the clarification in Hegel interpretation and on these documents in particular made possible by the entirely new critical edition Jaeschke is able to give fresh interpretations and new insights into long standing controversies in the field Robert R Williams Hiram College Ohio **An Introduction to Hegel's Lectures on the Philosophy of Religion** Jon Stewart,2022 This work gives a basic introduction to Hegel s religious thinking by seeing it against the backdrop of the main religious trends in his own day that he responded to *Recovering Hegel from the Critique of Leo Strauss* Sara MacDonald,Barry Craig,2013-11-26 Recovering Hegel from the Critique of Leo Strauss offers a defense of modernity against the critique of the influential mid twentieth century political philosopher Leo Strauss Strauss whose influence on contemporary conservative political theory is well documented discovered the ground of much of what he found wanting in contemporary political and social life to lie in the philosophy of the 19th century German philosopher G W F Hegel Specifically Strauss accused Hegel of being the greatest exponent of historicism and thus the relativism that afflicts modern thought Ultimately according to Strauss this has led to the nihilism and general mediocrity that characterizes modern western culture In this book Sara MacDonald and Barry Craig examine Strauss s reading of Hegel and argue that in fact it is a mis reading Contrary to Strauss s interpretation this book holds that Hegel was no relativist and in fact sought to show the compatibility of objective eternal truth with modern human subjectivity At the same time it illustrates the way in which Hegel s thought prepared the ground for enlightened modern liberal democracies and also remains relevant to current social and political conversations Hegel's Interpretation of the Religions of the World Jon Stewart,2018-09-12 In his Lectures on the Philosophy of Religion Hegel treats the religions of the world under the rubric the determinate religion This is a part of his corpus that has traditionally been neglected since scholars have struggled to understand what philosophical work it is supposed to do In Hegel s Interpretation of the Religions of the World Jon Stewart argues that Hegel s rich analyses of Buddhism Hinduism Zoroastrianism Judaism Egyptian and Greek polytheism and the Roman religion are not simply irrelevant historical material as is often thought Instead they play a central role in Hegel s argument for what he regards as the truth of Christianity Hegel believes that the different conceptions of the gods in the world religions are reflections of individual peoples at specific periods in history These conceptions might at first glance appear random and chaotic but there is Hegel claims a discernible logic in them Simultaneously a theory of mythology history and philosophical anthropology Hegel s account of the world religions goes far beyond the field of philosophy of religion The controversial issues surrounding his treatment of the non European religions are still very much with us today and make his account of religion an issue of continued topicality in the academic landscape of the twenty first century Hegel and Christian Theology : A Reading of the Lectures on the Philosophy of Religion Peter C. Hodgson,2005-03-03 Peter C Hodgson engages the speculative reconstruction of Christian theology that is accomplished by

Hegel's Lectures on the Philosophy of Religion and provides a close reading of the critical edition of the lectures. He analyses Hegel's concept of the object and purpose of the philosophy of religion, his critique of the theology of his time, his approach to Christianity within the framework of the concept of religion, his concept of God, his reconstruction of central Christian themes, and his placing of Christianity among the religions of the world. Hodgson makes a case for the contemporary theological significance of Hegel by identifying currently contested sites of interpretation and their Hegelian resolution. *The Hegel Dictionary* Glenn Alexander Magee, 2010-01-01. An accessible dictionary of the key terms, ideas, influence, and legacy of G. W. F. Hegel, one of the most important German philosophers of the 19th century. *The Oxford Handbook of Hegel* Dean Moya, 2017-05-15. The Oxford Handbook of Hegel is a comprehensive guide to Hegel's philosophy from his first published writings to his final lectures. There are six chapters each on the *Phenomenology of Spirit* and *The Science of Logic* in depth analyses of the *Encyclopedia* and essays on the major parts of the *Philosophy of Right*. Several chapters cover the many newly edited lecture series from the 1820s, bringing new clarity to Hegel's conception of aesthetics, the philosophy of religion, and the history of philosophy. The concluding part focuses on Hegel's legacy from his role in the formation of Marx's philosophy to his importance for contemporary liberal political philosophy. The Handbook includes many essays from younger scholars who have brought new perspectives and rigor to the study of Hegel's thought. The essays are marked by close engagement with Hegel's difficult texts and by a concern to highlight the ongoing systematic importance of Hegel's philosophy. *Fichte, German Idealism, and Early Romanticism* Daniel Breazeale, Tom Rockmore, 2010-01. This volume of 23 previously unpublished essays explores the relationship between the philosophy of J. G. Fichte and that of other leading thinkers associated with German Idealism and the early Romantic movement. Several papers explore the broader question of Fichte's relationship and contribution to German idealism and German romanticism in general, while others offer comparative studies of the relationship between Fichte's writings and those of Leibniz, Kant, Schelling, Hegel, Friedrich Schlegel, Novalis, Schleiermacher, and Wilhelm von Humboldt. Taken collectively, this set of essays provides anglophone readers with a new and historically accurate understanding of the origin, development, and reception of Fichte's philosophy in the context of its own era and in relationship to the most important intellectual movements of the time. The authors include both well-established and internationally recognized experts in their fields, as well as younger scholars with fresh and challenging perspectives to offer. This volume proposes a new interpretation of the history of German idealism in general and of the place therein of Fichte's *Wissenschaftslehre*. It emphasizes the intimate connection between transcendental idealism and German romanticism and shows how developments within each of these intellectual movements reflected and in turn influenced developments within the other. Finally, it sheds new light on Fichte's own philosophical development and does so by relating the various stages of his writings to other contemporary movements and authors. Hegel, Logic and Speculation Paolo Diego Bubbio, Alessandro De Cesaris, Maurizio Pagano, Hager Weslati, 2019-08-22. This book offers new critical perspectives on the relationship between

the notions of speculation logic and reality in Hegel's thought as basis for his philosophical account of nature history spirit and human experience The systematic functions of logic and pure thought are explored in their concrete forms and processual progression from subjective spirit to philosophy of right society the notion of habit the idea of work art religion and science Engaging the relation between the Logic and its realisations this book shows the internal tension that inhabits Hegel's philosophy at the intersection of logical conceptual speculation and concrete interpretative analysis The investigation of this tension allows for a hermeneutical approach that demystifies the common view of Hegel's idealism as a form of abstract thought while allowing for a new assessment of the importance of speculation for a concrete understanding of the world

Recognition Robert R. Williams, 1992-03-04 *Art, Myth and Society in Hegel's Aesthetics* David James, 2011-11-03 *Art Myth and Society in Hegel's Aesthetics* returns to the student transcripts of Hegel's lectures on aesthetics which have yet to be translated into English and in some cases remain unpublished David James develops the idea that these transcripts show that Hegel was primarily interested in understanding art as an historical phenomenon and more specifically in terms of its role in the ethical life of various peoples This involves relating Hegel's aesthetics to his philosophies of right and history rather than to his logic or metaphysics The book thus offers a thorough re evaluation of Hegel's aesthetics and its relation to his theory of objective spirit exposing the ways in which Hegel's views on this subject are anchored in his reflections on history and on different forms of ethical life

**Friedrich Schleiermacher: Between Enlightenment and Romanticism** Richard Crouter, 2005-12-22 Friedrich Schleiermacher's groundbreaking work in theology and philosophy was forged in the cultural ferment of Berlin at the convergence of the Enlightenment and Romanticism The three sections of this book include illuminating sketches of Schleiermacher's relationship to contemporaries Mendelssohn Hegel and Kierkegaard his work as public theologian dialogue on Jewish emancipation founding the University of Berlin as well as the formation and impact of his two most famous books *On Religion* *Speeches to its Cultured Despisers* and *The Christian Faith* Richard Crouter examines Schleiermacher's stance regarding the status of doctrine Church and political authority and the place of theology among the academic disciplines Dedicated to the Protestant Church in the line of Calvin Schleiermacher was equally a man of the university who brought the highest standards of rationality linguistic sensitivity and a sense of history to bear upon religion

**Hegel: A Guide for the Perplexed** David James, 2007-05-08 An invaluable student's guide to one of the most influential widely studied and notoriously difficult to understand of major Western philosophers The Cambridge Companion to German Idealism Karl Ameriks, 2000-10-30 The Cambridge Companion to German Idealism first published in 2000 offers a comprehensive penetrating and informative guide to what is regarded as the classical period of German philosophy Kant Fichte Hegel and Schelling are all discussed in detail together with a number of their contemporaries such as Hölderlin and Schleiermacher whose influence was considerable but whose work is less well known in the English speaking world The essays in the volume trace and explore the unifying themes

of German Idealism and discuss their relationship to Romanticism the Enlightenment and the culture of seventeenth and eighteenth century Europe The result is an illuminating overview of a rich and complex philosophical movement and will appeal to a wide range of readers in philosophy German studies theology literature and the history of ideas     Hegel's Metaphysics of God Patricia Marie Calton,2025-01-31 Originally published in 2001 Hegel s Metaphysics of God presents Hegel s response to Kant s claim that metaphysics in general and in particular knowledge of God is beyond the grasp of human knowledge Calton argues that Hegel uses his version of the ontological proof not only to establish the existence of God but also to develop a Trinitarian divine ontology The book opens with a discussion of the traditional version of the ontological proof as it is set out by Anselm in his Proslogium and an analysis of the critiques of this traditional formulation of the proof offered by both Kant and Hegel However the main focus of the book concerns Hegel s reformulation of the ontological proof as a description of God s self expression in the world and of God s attaining complete self knowledge through human consciousness Exploring Hegel s proof as his description of God s activity of self expression and self knowledge Calton demonstrates that Hegel uses the ontological proof not only to establish that God exists but also to articulate the Trinitarian structure of God pointing to conclusions drawn by Hegel that human knowledge of God participates in the life of God by completing the Trinity The book concludes by explaining the role played by human consciousness in completing the Trinity through the reasoning that takes place in the ontological proof This book details the development of Hegel s argument for a Trinitarian metaphysics of God and establishes that the structure of Hegel s ontological proof encompasses Hegel s entire philosophical system from the concept of God to God s self expression in finitude and finally to the recognition on the part of human consciousness that humans are an integral part of God s being     **God and the Self in Hegel** Paolo Diego Bubbio,2017-06-29 God and the Self in Hegel proposes a reconstruction of Hegel s conception of God and analyzes the significance of this reading for Hegel s idealistic metaphysics Paolo Diego Bubbio argues that in Hegel s view subjectivism the tenet that there is no underlying true reality that exists independently of the activity of the cognitive agent can be avoided and content can be restored to religion only to the extent that God is understood in God s relation to human beings and human beings are understood in their relation to God Focusing on traditional problems in theology and the philosophy of religion such as the ontological argument for the existence of God the Trinity and the death of God Bubbio shows the relevance of Hegel s view of religion and God for his broader philosophical strategy In this account as a response to the fundamental Kantian challenge of how to conceive the mind world relation without setting mind over and against the world Hegel has found a way of overcoming subjectivism in both philosophy and religion     **Genealogy of Nihilism** Conor Cunningham,2005-06-29 This text re reads Western history in the light of nihilistic logic which pervades two millennia of Western thought From Parmenides to Alain Badiou via Plotinus Avicenna Duns Scotus Ockham Descartes Spinoza Kant Hegel Heidegger Sartre Lacan Deleuze and Derrida a genealogy of nothingness can be witnessed in development with devastating

consequences for the way we live      **The Imagination in German Idealism and Romanticism** Gerard Gentry, Konstantin Pollok, 2019-06-13 Explores imagination and human rationality in a crucial period of philosophy from hermeneutics and transcendental logic to ethics and aesthetics      **German Idealism Today** Markus Gabriel, Anders Moe Rasmussen, 2017-09-25 This collection of essays provides an exemplary overview of the diversity and relevance of current scholarship on German Idealism The importance of German Idealism for contemporary philosophy has received growing attention and acknowledgment throughout competing fields of contemporary philosophy Part of the growing interest rests on the claim that the works of Kant Fichte Schelling Hegel remain of considerable interest for cultural studies sociology theology aesthetics and other areas of interest In the domain of philosophy the renaissance of innovative readings of German Idealism has taken scholarly debates beyond merely antiquarian perspectives This renaissance has been a major factor of current efforts to bridge the gap between so called analytic and so called continental philosophy The volume provides a selection of well chosen examples of readings that contribute to systematic treatments of philosophical problems It contains among others contributions by Markus Gabriel Robert Pippin Anders Moe Rasmussen Sebastian R dl      **Mikhail Bakunin** Paul McLaughlin, 2002 McLaughlin is concerned not so much with an explication of Bakunin s anarchist position as such as with the basic philosophy which underpins it He focuses on two central components a negative dialectic or revolutionary logic and a naturalist ontology a naturalistic account of the structure of being or reality Bakunin scholarship he notes falls into two camps Marxist and liberal Both he says tend to be hostile McLaughlin discredits one by one the analyses published usually as part of a work on Marx et al by Francis Wheen schoolboy wit idiocy of tone poverty of content George Lichtheim completely misreads Bakunin and Oxbridge scholar Aileen Kelly personality assassination perverse slanderous while upholding Eric Voegelin Perhaps this book will spark a small revolution of its own Scholars interested in Bakunin have had few resources available in English and none of them until now presented a credible study of the man s philosophy

The Enigmatic Realm of **Reason In Religion The Foundations Of Hegels Philosophy Of Religion**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Reason In Religion The Foundations Of Hegels Philosophy Of Religion** a literary masterpiece penned with a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of those who partake in its reading experience.

### **Reason In Religion The Foundations Of Hegels Philosophy Of Religion Introduction**

In today's digital age, the availability of Reason In Religion The Foundations Of Hegels Philosophy Of Religion books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Reason In Religion The Foundations Of Hegels Philosophy Of Religion books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Reason In Religion The Foundations Of Hegels Philosophy Of Religion books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Reason In Religion The Foundations Of Hegels Philosophy Of Religion versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Reason In Religion The Foundations Of Hegels Philosophy Of Religion books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Reason In Religion The Foundations Of Hegels Philosophy Of Religion books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another

popular platform for Reason In Religion The Foundations Of Hegels Philosophy Of Religion books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Reason In Religion The Foundations Of Hegels Philosophy Of Religion books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Reason In Religion The Foundations Of Hegels Philosophy Of Religion books and manuals for download and embark on your journey of knowledge?

### **FAQs About Reason In Religion The Foundations Of Hegels Philosophy Of Religion Books**

1. Where can I buy Reason In Religion The Foundations Of Hegels Philosophy Of Religion books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Reason In Religion The Foundations Of Hegels Philosophy Of Religion book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.

4. How do I take care of Reason In Religion The Foundations Of Hegels Philosophy Of Religion books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Reason In Religion The Foundations Of Hegels Philosophy Of Religion audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Reason In Religion The Foundations Of Hegels Philosophy Of Religion books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
