# Reason Revisited The Philosophy Of Karl Jaspers

**Justin Wintle**

## **Reason Revisited The Philosophy Of Karl Jaspers:**

**Reason Revisited** Sebastian Samay,1971      **Karl Jaspers** Ronny Miron,2012-01-01 This book traces the work of German philosopher Karl Jaspers 1883 1969 from his origins as a young psychiatrist up to his maturity as an existentialist philosopher The critique of Jaspers s thought follows his attempts to grant meaning to the human search for self understanding It reveals the difficulties and frustrations entailed in this search The book reveals to the reader Jaspers s handling of these difficulties through constituting a philosophical relation toward the Being existing beyond the individual other people the world and transcendence In this book the author conducts an ongoing dialog with existing research into Jaspers s work and proposes her own new reading As well as critiquing the existing interpretations the author uncovers the challenges Jaspers s character has presented the readers Unlike most scholars who generally ignored Jaspers s early writings dealing with psychiatry and psychology this book suggests a philosophical reading of these writings This exposes the unity of the world from which Jaspers created first as a psychiatrist and later as a philosopher This reading shows Jaspers s work as an ambitious attempt to formulate an original perception of the two basic themes that have interested philosophy and human thought throughout the ages Selfhood and Being      **Karl Jaspers** Dr Chris Thornhill,Chris Thornhill,2013-10-31 This book sets out a new reading of the much neglected philosophy of Karl Jaspers By questioning the common perception of Jaspers either as a proponent of irrationalist cultural philosophy or as an early peripheral disciple of Martin Heidegger it re establishes him as a central figure in modern European philosophy Giving particular consideration to his position in epistemological metaphysical and political debate the author argues that Jaspers s work deserves renewed consideration in a number of important discussions particularly in hermeneutics anthropological reflections on religion the critique of idealism and debates on the end of metaphysics      Karl Jaspers. Richard Wisser,1993      *Way to Wisdom* Karl Jaspers,2003-05-11 An eloquent expression of a great hope that philosophy may again become an activity really relevant not only to the perennial problems of life and death but to the unusual configurations of such problems in our time Julian N Hartt Yale Review Original sincere cultivated and stimulating Philosophy One of the founders of existentialism the eminent philosopher Karl Jaspers here presents for the general reader an introduction to philosophy In doing so he also offers a lucid summary of his own philosophical thought In Jaspers view the source of philosophy is to be found in wonder in doubt in a sense of forsakenness and the philosophical quest is a process of continual change and self discovery In a new foreword to this edition Richard M Owsley provides a brief overview of Jaspers life and achievement      **Ethics, Value, and Reality** Aurel Kolnai,2017-09-29 *Ethics Value and Reality* is a collection of essays written after Kolnai settled in England in 1955 These essays from Kolnai s mature years sit atop a remarkable gestation of moral and political thinking At the heart of his thought is the special role of privilege in a good social order Kolnai relies heavily on the work of late nineteenth and early twentieth century value theorists such as Alexius Meinong Nicolai Hartmann and Max Scheler He blends this continental tradition of ethics with

British intuitionism and Scottish Enlightenment articulations For Kolnai ethical life cannot be adequately understood except by reference to moral emphasis and thus Kolnai can be thought of as a liberal conservative He acknowledges myriad values moral and non moral and accepts that all can have some claim upon us Low values as much as high values have a legitimate claim His is a tolerant conservatism though not for a moment does he forgo the necessity of judgment a readily graspable hierarchy keeps the respective demands of values in proportion Kolnai welcomes the call to seriousness which is the hallmark of existentialism The ground of Kolnai's thought is the idea of emotion as cognitive He saw the typical analytical philosopher's fascination with simplicity of explanation not only thoroughly refuted by the gains in understanding wrought by phenomenological method with its deference to the richness of phenomena but sensed in the monistic inclination he dreaded a harbinger of totalitarianism Never denying his emotionalism he nonetheless made his points well enough by adopting an analytical approach to philosophy and ethics This is a major work crossing moral and political philosophy Dictionary of Existentialism Haim Gordon, 2013-10-31 Existentialism as a philosophy gained prominence after World War II Instead of focusing upon a particular aspect of human existence existentialists argued that our focus must be upon the whole being as he/she exists in the world Rebelling against the rationalism of such philosophers as Descartes and Hegel existentialists reject the emphasis placed on man as primarily a thinking being Freedom is central to human existence and human relations and encounters cannot be reduced simply to thinking This Dictionary provides through alphabetically arranged entries overviews of the various tenets philosophers and writers of existentialism and of those writers philosophers who in retrospect seem to existentialists to espouse their philosophy Nietzsche Kierkegaard Dostoyevski et al **Reconsidering Evil** Petruschka Schaafsma, 2006 The notion of evil is not undisputed in contemporary philosophy and theology The reasons for this vary from aversion to the use of a vague comprehensive term like evil to hesitation at the suggestion of an uncontrollable non human power of force that seems to cling to the idea of evil On the other hand in popular discourse speaking of evil prevails one almost keeps stumbling over allusions to it However such language often seems to be incidental and not a natural part of a whole way of thinking Thus the present situation demands a regauging of the notion of evil Reconsidering Evil attempts this regauging by comparing the nature and status of the theme of evil in four different approaches Paul Ricoeur's approach via symbols and myths of evil provides a focus that enables an analysis and comparison of the highly reflective views of Immanuel Kant Karl Jaspers and Karl Barth who represent an ethical tragic and a non theodician theological view respectively This book sets out to determine whether one can claim that speaking of evil is most at home in a specific way of thinking In the final chapter the notion of the end of evil turns out to be very important for understanding the specific character of a religious view of evil In comparison with Kant's ethical view and Jaspers' tragic one the broadest or richest understanding of evil is to be found in a religious context However the comparison of the different approaches also shows the possible dangers of this religious view Thus by means of an in depth analysis and comparison of these thinkers the relevance

of the theme of evil for present day philosophy of religion is critically examined      **Schools for the Lord's Service** Jerome Oetgen,2025-02-15 An inspiring narrative history of the oldest congregation of Benedictine monasteries in the United States Commissioned by the American Cassinese Benedictine Congregation Schools for the Lord s Service is a comprehensive narrative history of the oldest congregation of Benedictine monasteries in the United States In vivid detail it describes how monasteries of the American Cassinese Congregation initiated monastic life in North America according to the Rule of St Benedict and how in doing so they have engaged for nearly 170 years with the American Catholic Church the global Benedictine Order the Holy See and American society Following a Benedictine tradition that stretches back to the early Middle Ages American Cassinese monks spread out from Pennsylvania to establish monasteries throughout the United States Led by Boniface Wimmer a visionary monk from the Bavarian abbey of Metten the Benedictines introduced monastic observance according to the Rule of St Benedict in these monasteries and from them they founded missions parishes and schools where they continue to carry on pastoral educational and missionary apostolates in the service of the people of God Comprised of twenty five monasteries located in the United States Puerto Rico Canada Brazil Colombia Mexico and Taiwan the legacy and spirit of the American Cassinese Benedictines continues to reinforce and complement the words of Abbot Boniface Wimmer who constantly exhorted his Benedictine brothers and sisters Forward always forward      **Nonduality** David Loy,2019-06-04 Previously published Atlantic Highlands N J Humanities Press 1997      Makers of Modern Culture Justin Wintle,2002 This volume provides lively and clearly written expositions of those figures who have done most to shape our views in the period since 1914 Music cinema drama art fiction poetry and philosophy are just some of the fields covered

**Karl Jaspers and the Role of "conversion" in the Nuclear Age** Gregory J. Walters,1988 Analyzes and critiques Karl Jaspers philosophy on the atom bomb and its relation to the future of humanity This work studies the human transformations called for by Jaspers in science politics and religion and develops the limits and possibilities of Jaspers ideas from the perspective of present nuclear capabilities contemporary moral discourse and Christian faith      **The New Yearbook for Phenomenology and Phenomenological Philosophy** Burt C. Hopkins,Daniele De Santis,2024-10-11 Volume XXII Special Issue 1 Celebrating Wilhelm Schapp In Geschichten verstrickt Special Issue 2 Theodor Conrad and the early phenomenological tradition Aim and Scope The New Yearbook for Phenomenology and Phenomenological Philosophy provides an annual international forum for phenomenological research in the spirit of Husserl s groundbreaking work and the extension of this work by such figures as Reinach Scheler Stein Hering Heidegger Sartre Levinas Merleau Ponty Gadamer and others Contributors Theodor Conrad Francesca D Alessandris Johannes Daubert Alexis Delamare Neal DeRoo Daniele De Santis Karen Joisten Emanuele Mariani Ronny Miron Daniele Nuccilli Gianfranco Pecchinenda Margaret Stark Hamit Taieb and Andrij Wachtel Submissions Manuscripts prepared for blind review should be submitted to the Editors danielle desantis ff cuni cz electronically via e mail attachments      The 20th Century Go-N Frank N. Magill,2014-03-05 Each volume of the

Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography

**One Hundred Twentieth-Century Philosophers** Stuart Brown,Diane Collinson,Dr Robert Wilkinson,Robert Wilkinson,2008-02-20 One Hundred Twentieth Century Philosophers offers biographical information and critical analysis of the life work and impact of some of the most significant figures in philosophy this century Taken from the acclaimed Biographical Dictionary of Twentieth Century Philosophers the 100 entries are alphabetically organised from Adorno to Zhang Binglin and cover individuals from both continental and analytic philosophy The entries have an identical four part structure making it easy to compare and contrast information comprising biographical details a bibliography of major works a listing of relevant secondary and critical literature an appraisal of the philosopher s thoughts and achievements A separate glossary provides an introduction to the origins development and main features of major philosophical schools and movements and offers select bibliographies to guide the reader to further research

A *Companion to Continental Philosophy* Simon Critchley,William R. Schroeder,1998-06-08 Covering the complete development of post Kantian Continental philosophy this volume serves as an essential reference work for philosophers and those engaged in the many disciplines that are integrally related to Continental and European Philosophy

**The Existentialist Reader** Paul S. MacDonald,2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company

**Routledge Encyclopedia of Philosophy** Edward Craig,1998 Volume five of a ten volume set which provides full and detailed coverage of all aspects of philosophy including information on how philosophy is practiced in different countries who the most influential philosophers were and what the basic concepts are

**Evangelical Dictionary of Theology (Baker Reference Library)** Walter A. Elwell,2001-05-01 Fifteen years after its original publication comes a thoroughly revised edition of the Evangelical Dictionary of Theology Every article from the original edition has been revisited With some articles being removed others revised and many new articles added the result is a completely new dictionary covering systematic historical and philosophical theology as well as theological ethics

**The Collected Works of Samuel Taylor Coleridge, Volume 15** Samuel Taylor Coleridge,2020-07-14 The Opus Maximum gathers the last major body of unpublished prose writings by Samuel Taylor Coleridge Consisting primarily of fragments dictated to Joseph Henry Green probably between 1819 and 1823 these writings represent all that exists of what Coleridge considered to be the principal Labour and the great Object of his life which he called variously the Logosophia and Magnum Opus Dedicated to the reconciliation of the moral faith with the Reason Coleridge s envisioned Magnum Opus was supposed to reduce all knowledges into harmony While such

a synthesis finally eluded him and the Magnum Opus remained unfinished the surviving fragments nonetheless bear powerful witness to Coleridge's engagement with theology moral philosophy natural philosophy and logic among other disciplines Among the subjects that will particularly interest readers are Coleridge's criticisms of Epicureanism pantheism and German Naturphilosophie his attempt to ground reason in faith and his reflections on personhood especially in the relationship between mother and child on will on language and on the Logos Previously unknown to all but a handful of scholars the manuscripts presented here provide valuable insight into a crucial period of Coleridge's intellectual development as he became increasingly dissatisfied with Naturphilosophie and struggled to affirm Trinitarian Christianity on a rational basis With this volume The Collected Works of Samuel Taylor Coleridge begun forty years ago under the sponsorship of the Bollingen Foundation and the editorship of the late Kathleen Coburn is now complete

As recognized, adventure as skillfully as experience very nearly lesson, amusement, as without difficulty as contract can be gotten by just checking out a books **Reason Revisited The Philosophy Of Karl Jaspers** with it is not directly done, you could take even more something like this life, with reference to the world.

We allow you this proper as skillfully as simple way to get those all. We have enough money Reason Revisited The Philosophy Of Karl Jaspers and numerous ebook collections from fictions to scientific research in any way. among them is this Reason Revisited The Philosophy Of Karl Jaspers that can be your partner.
