

# The patient–doctor relationship: a synthesis of the qualitative literature on patients' perspectives

Matthew Ridd, Alison Shaw, Glyn Lewis and Chris Salisbury

## ABSTRACT

### Background

The patient–doctor relationship is an important but poorly defined topic. In order to comprehensively assess its significance for patient care, a clearer understanding of the concept is required.

### Aim

To derive a conceptual framework of the factors that define patient–doctor relationships from the perspective of patients.

### Design of study

Systematic review and thematic synthesis of qualitative studies.

### Method

Medline, EMBASE, PsycINFO and Web of Science databases were searched. Studies were screened for relevance and appraised for quality. The findings were synthesised using a thematic approach.

### Results

From 1985 abstracts, 11 studies from four countries were included in the final synthesis. They examined the patient–doctor relationship generally ( $n = 3$ ), or in terms of loyalty ( $n = 3$ ), personal care ( $n = 2$ ), trust ( $n = 2$ ), and continuity ( $n = 1$ ). Longitudinal care (seeing the same doctor) and consultation experiences (patients' encounters with the doctor) were found to be the main processes by which patient–doctor relationships are promoted. The resulting depth of patient–doctor relationship comprises four main elements: knowledge, trust, loyalty, and regard. These elements have doctor and patient aspects to them, which may be reciprocally related.

### Conclusion

A framework is proposed that distinguishes between dynamic factors that develop or maintain the relationship, and characteristics that constitute an ongoing depth of relationship. Having identified the different elements involved, future research should examine for associations between longitudinal care, consultation experiences, and depth of patient–doctor relationship, and, in turn, their significance for patient care.

### Keywords

communication; continuity of patient care; physician–patient relations; qualitative research.

## INTRODUCTION

The patient–doctor relationship is an important concept in health care, especially primary care. However, it is also a complex topic that means different things to different people. As a consequence of this, research in the area has been somewhat fragmented.

Many studies have investigated it in terms of the communication and interpersonal skills of the doctor.<sup>1–4</sup> Another major facet is continuity of patient care, where the relational aspect is referred to as interpersonal continuity.<sup>5–7</sup> More recently there has been interest in examining the characteristics of the ongoing relationship itself, such as trust.<sup>8</sup> The patient–doctor relationship can be seen as a specialised form of human relationship, and work in other disciplines has distinguished between the dynamic interactive aspects of relationships and the mental associations made by people 'in' relationships, which are 'historically derived representations of experience'.<sup>9</sup> All of these elements are thought to be important, but in the absence of a conceptual framework that can be applied to patient–doctor relationships, we are unlikely to establish the significance of the different parts and how they affect patient care.

*M Ridd, MRCPGP, MRC clinical research fellow; A Shaw, PhD, senior lecturer in primary health care research; C Salisbury, FRCPGP, professor of primary health care, Academic Unit of Primary Health Care; G Lewis, FRPsych, professor of psychiatric epidemiology, Academic Unit of Psychiatry, Department of Community Based Medicine, University of Bristol, Bristol.*

# Reasonable Care Legal Perspectives On The Doctor Patient Relationship

**Michael Lobban, Julia Moses**

## **Reasonable Care Legal Perspectives On The Doctor Patient Relationship:**

**Autonomy, Consent and the Law** Sheila A.M. McLean, 2009-09-10 The notion that consent based on the concept of autonomy underpins a good or beneficent medical intervention is deeply rooted in the jurisprudence of most countries throughout the world Autonomy Consent and the Law examines these notions in the UK Australia and the US and critiques the way in which autonomy and consent are treated in bioethics and law *Handling Clinical Negligence Claims in England* Great Britain. National Audit Office, 2001 There is concern about the lack of publicly available information on clinical negligence claims and whether the system is cost effective quick efficient and humane This report looks at the number of claims the cost of settling them and the time taken patients access to remedies and who patients claims are managed It found that claims in England rose 72% between 1990 and 1998 and the net present value of outstanding claims was 2.6 billion Claims still take a long time to settle and those that were closed in 1999 2000 took average five and a half years to settle excluding cerebral palsy and brain damage *Reasonable Care* Harvey Teff, 1994 Though more and more medical disputes are reaching the courts English law still reflects the fundamental belief that doctors should be allowed to set their own standards Criticism of this situation as of medical paternalism itself centres on the denial of patients rights The interest that patients have in their well being should not however be expressed exclusively through the assertion of rights Though patients increasingly wish to be involved in decisions about their treatment unqualified self determination and moves toward contractualism in the restructured NHS may prove detrimental to patient welfare A collaborative approach to medical care can offer distinctive therapeutic advantages as well as due respect for patient autonomy In the key legal area of liability for negligence it would be consistent with legal principle and with developments in other jurisdictions to accord less weight to customary practice and more to patients reasonable expectations This book offers a sustained treatment of these issues primarily as they arise in the hospital setting but also within the context of a wide range of diverse therapies As such it provides a unique analysis of the central areas of medical law written in a fashion which will appeal to anyone with an interest in medicine health care and the law Clinical Manual of Psychiatry and Law Robert I. Simon, Daniel W. Shuman, 2007-04-02 In their latest collaboration Clinical Manual of Psychiatry and Law noted forensic psychiatrist Dr Robert Simon and legal scholar Daniel Shuman both recipients of the Guttmacher Award have created a unique practical reference to enable psychiatrists to transform the impact of the law on their clinical practices from an adversary to a working partner In lieu of scare tactics or horror stories Dr Simon and Professor Shuman clearly explain not only what the law requires and why but how best to integrate its requirements to enhance clinical practice and reduce the risk of successful tort claims They have written a clear comprehensible and accessible volume that will guide practitioners through the thickets of the law and benefit their clinical practices This volume covers a wide range of topics from confidentiality privilege informed consent and the right to refuse treatment to treatment boundaries involuntary hospitalization seclusion and restraint management of

violent as well as suicidal patients and the additional requirements which apply to the treatment and evaluation of minors or persons with mental disabilities It also includes the tort i e negligence intentional harm claims that arise from a breach of the law s expectations The content reflects the latest legal precedents concerning such topics as Establishment of the doctor patient relationship and liability for damages caused by its breach including new rulings governing confidentiality and testimonial privileges Case law regarding informed consent especially the issue of competency when dealing with minors or persons with mental disabilities New rules and regulations restricting the use of seclusion and restraint Guides to the most recent laws regarding involuntary hospitalization and emergency commitment Insights into recent state court decisions concerning disclosures by therapists of threats of harm by patients against others including such issues as conflicts between the duty to maintain confidentiality and the duty to protect Reviews of recent legislation proscribing sexual misconduct or prosecuting sexual exploitation of patients under existing rape or sexual assault laws Clinicians will find this wealth of knowledge immediately practical and lawyers will appreciate its in depth treatment of complex psychiatric issues With extensive references and a glossary of legal terms Clinical Manual of Psychiatry and Law deserves a place among the top legal references for mental health professionals

Disputing Doctors Mulcahy,2003-08-01 What are patient experiences of making complaints against doctors and what do they seek to achieve How do doctors and managers respond to complaints and what do their responses reveal about the implicit tensions in the doctor patient relationship What is the significance of the increasing incidence of disputes for approaches to the delivery of medical care This book looks at the dynamics of doctor patient disputes Reflecting on fifteen years of empirical research in the NHS it considers the contexts in which these disputes arise the different ways in which the parties construct disputing narratives and moral identities in the course of making and defending their claims and the extent to which existing systems for resolving disputes are sensitive to their needs This publication is timely Since the 1970s there has been an increasing amount of concern about the rise in complaints and medical negligence claims made by patients and their relatives Based on research with patients relatives doctors and NHS managers the book analyses how they perceive these disputes and what they seek to achieve by holding each other to account Disputing Doctors is valuable reading for all students researchers and academics working in the fields of the sociology of health and illness socio legal studies law and medicine medical sociology nursing and health policy

Revisiting Landmark Cases in Medical Law Shaun D. Pattinson,2018-09-27 Is it lawful for a doctor to give a patient life shortening pain relief Can treatment be lawfully provided to a child under 16 on the basis of her consent alone Is it lawful to remove food and water provided by tube to a patient in a vegetative state Is a woman s refusal of a caesarean section recommended for the benefit of the fetus legally decisive These questions were central to the four focal cases revisited in this book This book revisits nine landmark cases For each a new leading judgment is attributed to an imagined judge Athena who operates within the constraints of the legal system of England and Wales Her judgments accord with an innovative legal theory referred to as

modified law as integrity and are linked as a line of precedent The result is a re spinning of extant judicial threads into a web of legal principles with a greater claim to coherence and defensibility than those in the original cases The book will be of great interest to scholars and students of medical law criminal law bioethics legal theory and moral philosophy

**Medicine, patients and the law** Emma Cave, Margaret Brazier, Rob Heywood, 2023-06-06 Embryo research cloning assisted conception neonatal care pandemic vaccine development saviour siblings organ transplants drug trials modern developments have transformed the field of medicine almost beyond recognition in recent decades and the law struggles to keep up In this highly acclaimed and very accessible book Margaret Brazier Emma Cave and Rob Heywood provide an incisive survey of the legal situation in areas as diverse as fertility treatment patient consent assisted dying malpractice and medical privacy The seventh edition of this book has been fully revised and updated to cover the latest cases Brexit related regulatory reform and COVID 19 pandemic measures Essential reading for healthcare professionals lecturers medical and law students this book is of relevance to all whose perusal of the daily news causes wonder hope and consternation at the advances and limitations of medicine patients and the law The Impact of Ideas on Legal Development Michael

Lobban, Julia Moses, 2014-07-31 How have social and philosophical ideas influenced the development of tort law in Europe

**Health Law** Anne-Maree Farrell, John Devereux, Isabel Karpin, Penelope Weller, 2017-05-25 Drawing upon a range of disciplinary perspectives Health Law Frameworks and Context adopts a theoretically informed and principles based approach to examining health law Appealing to students and academic scholars alike the text moves beyond traditional medical law frameworks to provide a broader contextual understanding of the way in which law intersects with health A clear and accessible style of writing combined with a sophisticated and nuanced approach takes this rich and challenging field to a new level of analysis Written by respected academics within the field Health Law Frameworks and Context is an essential text for scholars and students looking to grasp the fundamental concepts of this rapidly expanding area of law as well as those who wish to deepen their knowledge and understanding of health law in Australia and internationally *Inspiring a*

*Medico-Legal Revolution* Pamela R. Ferguson, Graeme T. Laurie, 2016-03-09 This book marks the retirement of Professor Sheila McLean whose contribution to the discipline of medical law has been truly ground breaking As one of the pioneers of the discipline Sheila McLean inspired a revolution in the ways in which lawyers doctors courts and patients perceive the relationship between medicine and the law The first International Bar Association Professor of Law and Ethics in Medicine she has worked tirelessly to champion the importance of law's role in regulating medicine and protecting patients rights The span in content of this book reflects the range of contributions that Professor McLean has herself made Her work gave direction and shape to a new field of study at a time when few questioned the authority of medicine or thought much about the plight of the patient This collection brings together 21 leading scholars in healthcare law and ethics to honour the depth and significance of her contribution Including authors from the US Australia Canada and New Zealand the contributions

cover areas as diverse as start and end of life reproductive rights and termination of pregnancy autonomy of patients the protection of vulnerable patient groups and the challenges posed by new technologies      **Medical Law: Text, Cases, and Materials** Emily Jackson, 2013-08-15 Providing a clear and accessible guide to medical law this work contains extracts from a wide variety of academic materials so that students can acquire a good understanding of a range of different perspectives

**Law and Ethics in Nursing and Health Care** Judith Hendrick, 2000 Provides an overview of the British legal and ethical issues that nurses and other health professionals come across Hendrick Oxford Brookes U discusses the relationship between law and ethics and how at times they overlap or diverge Chapters include case studies theoretical discussion possible outcomes and a summary of how the legal and ethical approaches compare They also examine the patient client relationship confidentiality consent responsibility and accountability as well as the relationship between the law codes of practice and health care circulars The book includes guidelines from professional bodies Distributed in the US by ISBS c Book News Inc      **The Impact of European Rights on National Legal Cultures** Miriam Aziz, 2004-07 This book contributes to the debate about the impact of European Community Law on the national constitutional orders and cultures of the respective Member States The author examines the doctrine of sovereignty as a mechanism within which this impact may be best assessed and in particular how it underwrites the tension between European Union rights and the rights provided by the respective legal orders of the Member States In particular the book focuses on political social and civil rights drawing from T H Marshall s typology In endorsing an appropriate analytical framework the book challenges both existing law and secondary literature in order to argue that the terminology the concepts and the tools which are used to assess the impact of the EC law on the national constitutional orders are to be selected with great care This is particularly apposite given the complexity of constitutional diversity in terms of national constitutions and their reception of EC law It is also important because of the variety of approaches involved in the constitutional adjustment of the *acquis* of the Union within the context of the increasing drive to constitutionalisation of the Union on the one hand and enlargement on the other      **Law and healing** Margaret Brazier, 2023-03-14 This book delves into medico legal history travelling back in time to explore English law s fascinating and often acrimonious relationship with healing and healers Challenging assumptions that medical law is a recent development Law and healing traces the regulation of healers from the Church s dominance to legal battles fought among medical practitioners As well as considering the history of the regulation of healers this book addresses moral issues such as abortion bodily sovereignty and the use of cadavers in research It highlights how fundamental legal and ethical questions continue to resurface for example from controversy in the Renaissance over human dissection to modern day debates about organ donation Law and healing provides a colourful but critical account of the longstanding and often fraught relationship between two fundamental pillars of human society      **Delict** Francis McManus, 2012-01-06 e Recognising the multi faceted nature of this Scots law Francis McManus and Eleanor Russell have produced this all encompassing guide to

delict With numerous case studies and questions for discussion after each chapter this is essential reading for all students encountering delict for the first time as well as practitioners who require a ready reference for their practice The Scots law of delict encompasses a vast array of legal sources and contradictions Many elements are modern and highly developed while others remain ancient and obscure The majority of delictual principles are case law driven yet increasingly legislation plays a part Further although the concept of delict is limited to the Scottish jurisdiction private international law cannot be ignored e

*Great Debates in Family Law* Jonathan Herring, Rebecca Probert, Stephen Gilmore, 2015-04-17 This textbook is an ambitious and engaging introduction to the more advanced writings on family law primarily designed to allow students to get under the skin of the topic and begin to build their critical thinking and analysis skills Each chapter is structured around key questions and debates that provoke deeper thought and ultimately a clearer understanding The aim of the book is therefore not to present a complete overview of theoretical issues in family law but rather to illustrate the current debates which are currently going on among those working in shaping the area The text features summaries of the views of notable experts on key topics and each chapter ends with a list of guided further reading

*The Mother of All Crimes* Emma Cave, 2018-01-18 This book considers the appropriate response of the criminal law with regard to women whose acts or omissions in pregnancy cause the death or injury of the child born alive It compares recent developments in English law in the light of the Human Rights Act 1998 with those in America which has seen an enormous growth in litigation over the last two decades In England and Wales the born alive rule is currently applied only to third parties who injure the fetus which is later born alive and dies as a result of these injuries In some American states a rule of similar origins has been extended so as to criminalize recent mothers whose acts or omissions in pregnancy caused injury or death to the resulting child The author examines the implications of the laws in both systems and also looks at the rights of the mother and child in relation to the obligations of the state to protect both of them

Handbook on Legal Contemporary Issues in India Ashish Kumar Rai, 2022-11-15 Since the professed idea of this book is to provide an opportunity for the Law Students Academicians and Advocates to publish their handpieces in a book of compiled chapters The chapters are collected under the event Call for Chapters which was organized by The Advocates League The Handbook on Legal Contemporary Issues in India will guide students throughout their educational endeavors and support the development of the educational system It will include the pertinent topics in the contemporary legal and social issues that will be helpful for law students as well as those who are beginning their careers in the legal field to have a clear and fundamental understanding of the issues happening in the country This book is also beneficial for researchers academicians and reviewers and supportive for legal institutions as well as organizations This book expresses the diversified views of the various Authors and Co Authors gives it a special touch and provides the opportunity for the reader to explore different opinions and ideas This framework of the book makes it unique and distinguishes it from other books This book is an outcome of the diligent editing work of Ms Tripti Bhushan Ma am This book contains a lucid

exposition of essays articles studies research and analysis that discuss a variety of themes such as Indian judiciary Constitutional Laws Civil and Criminal Laws Intellectual Property Laws Cyber Laws International Laws Data Privacy and Security Consumer Laws Women and Child Laws Money Laundering Media Laws and so on     **Hayes and Williams'**  
**Family Law** Stephen Gilmore, Lisa Glennon, 2016 Provides a comprehensive critical and case focused introduction to family law Hayes Williams Family Law helps students to gain a firm understanding of family law principles the developing law and key reform debates     *Higher Education Law* Klinton W. Alexander, Kern Alexander, 2010-12-14 Higher Education Law is a comprehensive and accessible guide to the law of higher education Drawing from real life cases on United States campuses the authors equip readers with the tools and knowledge to effectively respond in an environment of increasing litigation This textbook clearly explains the higher education law emanating from federal and state constitutions as well as the common law flowing from appellate courts throughout the US Addressing a clear gap in the literature currently available this text provides an explanation of the point of law case examples rules of law case notes context setting This innovative approach weaves law into its historical political and sociological context and is designed to help students and professors better understand the law as it applies to colleges and universities It also provides higher education administrators in student affairs development philanthropy and financial affairs with clear guidance on the legal responsibilities of their respective offices

## Adopting the Beat of Term: An Emotional Symphony within **Reasonable Care Legal Perspectives On The Doctor Patient Relationship**

In some sort of taken by screens and the ceaseless chatter of instantaneous interaction, the melodic elegance and mental symphony created by the written word often fade in to the backdrop, eclipsed by the relentless sound and disturbances that permeate our lives. However, located within the pages of **Reasonable Care Legal Perspectives On The Doctor Patient Relationship** a marvelous fictional prize full of raw emotions, lies an immersive symphony waiting to be embraced. Constructed by a wonderful musician of language, this charming masterpiece conducts readers on a mental trip, skillfully unraveling the concealed melodies and profound affect resonating within each carefully constructed phrase. Within the depths of this moving examination, we shall investigate the book is key harmonies, analyze their enthralling writing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

### **Reasonable Care Legal Perspectives On The Doctor Patient Relationship Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Reasonable Care Legal Perspectives On The Doctor Patient Relationship has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reasonable Care Legal Perspectives On The Doctor Patient Relationship has opened up a world of possibilities. Downloading Reasonable Care Legal Perspectives On The Doctor Patient Relationship provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reasonable Care Legal Perspectives On The Doctor Patient Relationship has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reasonable Care Legal Perspectives On The Doctor Patient Relationship. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reasonable Care Legal Perspectives On The Doctor Patient Relationship. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure

ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reasonable Care Legal Perspectives On The Doctor Patient Relationship, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reasonable Care Legal Perspectives On The Doctor Patient Relationship has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Reasonable Care Legal Perspectives On The Doctor Patient Relationship Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Reasonable Care Legal Perspectives On The Doctor Patient Relationship is one of the best book in our library for free trial. We provide copy of Reasonable Care Legal Perspectives On The Doctor Patient Relationship in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Reasonable Care Legal Perspectives On The Doctor Patient Relationship. Where to download Reasonable Care Legal Perspectives On The Doctor Patient Relationship online for free? Are you looking for Reasonable Care Legal Perspectives On The Doctor Patient Relationship PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Reasonable Care Legal Perspectives On The Doctor Patient

Relationship. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Reasonable Care Legal Perspectives On The Doctor Patient Relationship are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Reasonable Care Legal Perspectives On The Doctor Patient Relationship. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Reasonable Care Legal Perspectives On The Doctor Patient Relationship To get started finding Reasonable Care Legal Perspectives On The Doctor Patient Relationship, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Reasonable Care Legal Perspectives On The Doctor Patient Relationship So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Reasonable Care Legal Perspectives On The Doctor Patient Relationship. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Reasonable Care Legal Perspectives On The Doctor Patient Relationship, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Reasonable Care Legal Perspectives On The Doctor Patient Relationship is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Reasonable Care Legal Perspectives On The Doctor Patient Relationship is universally compatible with any devices to read.
